*Mystic Christianity* William Walker Atkinson, Yogi Ramacharaka, 2015-12-07 We have concluded our presentation of the mystic teachings underlying the Hindu Philosophies and shall now pass on to a consideration and presentation of the great Mystic Principles underlying that great and glorious creed of the Western world the religion teachings and philosophy of JESUS THE CHRIST These teachings too as we should remember are essentially Eastern in their origin and source although their effects are more pronounced in the Western world Underlying the teaching and philosophy of the Christ are to be found the same esoteric principles that underlie the other great systems of philosophies of the East Covered up though the Truth be by the additions of the Western churches and sects still it remains there burning brightly as ever and plainly visible to one who will brush aside the rubbish surrounding the Sacred Flame and who will seek beneath the forms and non essentials for the Mystic Truths underlying Christianity We realize the importance of the work before us but we shrink not from the task for we know that when the bright Light of the Spirit which is found as the centre of the Christian philosophy is uncovered there will be great rejoicing from the many who while believing in and realizing the value of the Eastern Teachings still rightly hold their love devotion and admiration for Him who was in very Truth the Son of God and whose mission was to raise the World spiritually from the material quagmire into which it was stumbling

Practical Mysticism in Islam and Christianity Saeed Zarrabi-Zadeh, 2016-01-29 Practical Mysticism in Islam and Christianity offers a comparative study of the works of the Sufi poet Jalal al Din Rumi 1207 1273 and the practical teachings of the German Dominican Meister Eckhart c1260 1327 8 Rumi has remained an influential figure in Islamic mystical discourse since the thirteenth century while also extending his impact to the Western spiritual arena However his ideas have frequently been interpreted within the framework of other mystical

philosophical or religious systems Through its novel approach this book aims to reformulate Rumi's practical mysticism by employing four methodological principles a mysticism is a coherent structure with mutual interconnection between its parts b the imposition of alien structures to interpret any particular mysticism damages its inward coherency c practical mysticism consists of two main parts namely practices and stages and d the proper use of comparative methodology enables a deeper understanding of each juxtaposed system Eckhart's speculative mysticism which differs from and enjoys similarities with the love based mysticism of Rumi provides a mirror that highlights the special features of Rumi's practical mysticism Such comparison also allows a deeper comprehension of Eckhart's practical thought Offering a critical examination of practical mysticism this book is a valuable resource for students and scholars of Islamic studies comparative mysticism and the intellectual history of Islam
