Mystical And Ethical Experience:

Mystical and Ethical Experience Gerry C. Heard, 1985-06 *Mysticism and Morality* Richard H. Jones, 2004-01-01 In *Mysticism and Morality* author Richard Jones explores an often neglected question of religious ethics Is mysticism moral Through a discussion of several religious traditions including Hinduism Jainism Buddhism Tantrism Daoism and Christianity Jones fills a major void in the scholarly literature by considering all relevant points pertaining to mysticism Rather than looking at mysticism abstractly the book focuses on such topics as ritual practice and the processes of mystical becoming This work provides new perspectives for those interested in ethics and will prove essential to anyone interested in comparative philosophy and cross cultural studies of religion *Venturing Beyond - Law and Morality in Kabbalistic Mysticism* Elliot R. Wolfson, 2006-05-25 Are mysticism and morality compatible or at odds with one another If mystical experience embraces a form of non dual consciousness then in such a state of mind the regulative dichotomy so basic to ethical discretion would seemingly be transcended and the very foundation for ethical decisions undermined *Venturing Beyond Law and Morality in Kabbalistic Mysticism* is an investigation of the relationship of the mystical and moral as it is expressed in the particular tradition of Jewish mysticism known as the Kabbalah The particular themes discussed include the denigration of the non Jew as the ontic other in kabbalistic anthropology and the eschatological crossing of that boundary anticipated in the institution of religious conversion the overcoming of the distinction between good and evil in the mystical experience of the underlying unity of all things divine suffering and the ideal of spiritual poverty as the foundation for transmoral ethics and hypernomian lawfulness **Encyclopedia of Ethics** Lawrence C. Becker, Charlotte B. Becker, 2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more **Walt Whitman's Mystical Ethics of Comradeship** Juan A. Hererro Brasas, 2010-03-24 A giant of American letters Walt Whitman is known both as a poet and to a lesser extent as a prophet of gay liberation This revealing book recovers for today s reader a lost Whitman delving into the original context and intentions of his poetry and prose As Juan A Herrero Brasas shows Whitman saw himself as a founder of a new religion Indeed disciples gathered around him the hot little prophets as they came to be called by early biographers Whitman s religion revolved around his concept of comradeship an original alternative to the type of competitive masculinity emerging in the wake of industrialization and nineteenth century capitalism Shedding new light on the life and original message of a poet who warned future generation of treating him as a literary figure Herrero Brasas concludes that Whitman was a moral reformer and grand theorist akin to other grand theorists of his day **The Moral Mystic** James R. Horne, 2006-01-01

Mysticism is condemned as often as it is praised Much of the condemnation comes from mysticism s apparent disregard of morality and ethics For mystics the experience of union transcends all moral concern In this careful examination of the works of such practitioners or examiners of mysticism as Paul Tillich Thomas Merton Evelyn Underhill and Martin Buber the author posits a spectrum of uneasy relationships between mysticism and morality Horne explores the polarities of apophatic imageless and imaginative mysticism the contemplative and the active life and morality and amorality He stresses the importance of the distinction between proper name entirely personal morality and social morality for the history of Christian mysticism is a mix of minimal moral concern proper name morality and social morality The volume will be of interest to students of religious experience ethics and the recent history of mysticism Carefully reasoned and documented the argument is couched in clear prose easily accessible to lay readers as well as to scholars

Philosophy of Mysticism Richard H. Jones,2016-03-23 A comprehensive exploration of the philosophical issues raised by mysticism This work is a comprehensive study of the philosophical issues raised by mysticism Mystics claim to experience reality in a way not available in normal life a claim which makes this phenomenon interesting from a philosophical perspective Richard H Jones s inquiry focuses on the skeleton of beliefs and values of mysticism knowledge claims made about the nature of reality and of human beings value claims about what is significant and what is ethical and mystical goals and ways of life Jones engages language epistemology metaphysics science and the philosophy of mind Methodological issues in the study of mysticism are also addressed Examples of mystical experience are drawn chiefly from Buddhism and Advaita Vedanta but also from Christianity Judaism Islam and Daoism This is a significant extension of the seminal work by Walter Stace **Mysticism and Philosophy** That work has stimulated much literature all of which Jones manages to review here He critically extends Stace s universal core and embeds it in a sophisticated discussion of the extent range and metaphysical implications of mysticism Ralph W Hood Jr coauthor of **The Psychology of Religion An Empirical Approach**

Essays on Wittgenstein and Weininger Allan Janik,2021-11-01

Plato and Plotinus on Mysticism, Epistemology, and Ethics David J. Yount,2017-02-23 This book argues against the

common view that there are no essential differences between Plato and the Neoplatonist philosopher Plotinus on the issues of mysticism epistemology and ethics Beginning by examining the ways in which Plato and Plotinus claim that it is possible to have an ultimate experience that answers the most significant philosophical questions David J Yount provides an extended analysis of why we should interpret both philosophers as mystics The book then moves on to demonstrate that both philosophers share a belief in non discursive knowledge and the methods to attain it including dialectic and recollection and shows that they do not essentially differ on any significant views on ethics Making extensive use of primary and secondary sources Plato and Plotinus on Mysticism Epistemology and Ethics shows the similarities between the thought of these two philosophers on a variety of philosophical questions such as meditation divination wisdom knowledge truth happiness and love

CREATION Seeking THE CREATOR Elizabeth Abraham,2014-08-15 What is mysticism Is there anything similar in the spiritual lives of people despite the distinct differences and variety of organised religious traditions Are the mystics useless to humanity on the grounds that they live secluded lives This book unfolds certain hidden truths regarding mysticism and mystics and their contribution to humanity

The Young Bultmann William D. Dennison,2008 During his early life 1884 1925 Rudolf Bultmann passionately attempted to unite scholar and laity through his understanding of God which developed in the context of his home and its love for the common people of the church the legacy of Schleiermacher Marburg Lutheran neo Kantianism the eschatological perspective of the History of Religion School dialectical theology and Heidegger s philosophy of existence Bultmann always insisted that God reflected the inner forces of life within each human being Over the years however Bultmann came to hold that Lutheran neo Kantianism provided the basic structure by which to analyze critique and strengthen his understanding of God In light of this neo Kantian structure Bultmann insisted that God could not be the formulation of any scientific ethical or artistic construction In other words God could not be the object or manifestation of human reason in any form since God transcended human reason Hence in 1925 through the assistance of the dialectical theologians and Heidegger Bultmann presented his purest formulation of a neo Kantian understanding of God God as the spontaneous moment of encountering the dialectical forces within our existential being

The Spinozistic Ethics of Bertrand Russell Kenneth Blackwell,2012-11-20 Bertrand Russell s professional philosophical reputation rests mainly on his mathematical logic and theory of knowledge This study first published in 1985 however considers Russell s writings on ethics and metaethics and uncovers the conceptual unity in Russell s normative ethic It traces that unity to the influence of Spinoza s central ethical concept the intellectual love of God and then evaluates the ethic which is termed impersonal self enlargement This book provides a positive re evaluation of Russell s status in the major philosophical field of ethics and is welcomed by students of moral philosophy as well as those interested in Bertrand Russell s works

Education, Religion, and Ethics - A Scholarly Collection Dianne Rayson,2023-04-18 This collection draws on research in educational areas displaying best practice pedagogy theoretical and practical underpinned by philosophy

empirical science and neuroscience among other disciplines It focusses especially on implications for higher education school education professional ethics and religion Higher education exploration is on the diminution of the humanities and implications for the range of knowledge needed for future citizenship The work includes a revisioning of higher education s purpose especially the changing role of the doctorate and its examination The focus on school education takes the same pedagogical lens to humanities and social sciences examining values education and religious studies Ethical issues include colonisation and decolonisation especially around the concept of land and ramifications for intercultural studies The ethics and practice of teaching about life and death issues in medical education are explored in light of research in dialogic consensus The religion section includes research on interfaith education especially concerning Islam and eco theological education especially focussed on climate change Contributors are academic colleagues or former doctoral students of Terence J Lovat University Professor Australia UK and Canada whose internationally acclaimed research straddles these areas Many of the contributors hold positions of influence in the academic or professional world while others bring their newly minted doctoral research to the content The intended readership includes academics and doctoral students across education ethics religion social studies ecology health and medicine indigenous studies and international affairs This collection published in honour of Emeritus Professor Terence Lovat provides rich insights into the scope and multidisciplinary depth of his scholarship A philosopher of education whose main work has centred on curriculum theory and values education and ethics in education Lovat s scholarship reminds us that the education of children and young people must be concerned with more than academic attainment In emphasising education as a holistic and moral endeavour one involving hearts and minds Lovat has consistently advocated for the provision of opportunities for young people to extend their horizons beyond the school environment to engage with issues in society that go beyond academic learning Professor Lovat has also made a major and longstanding contribution to the development of Studies of Religion in schools and to the theology and history of Islam and Islamic Education In traversing Lovat s significant and remarkable contributions to education religion and ethics and the links between them this book serves as a testament to a highly esteemed scholar Associate Professor Deborah Henderson Queensland University of Technology Australia

Purpose in the Universe Tim Mulgan, 2015-10-22 Two familiar worldviews dominate Western philosophy materialist atheism and the benevolent God of the Abrahamic faiths Tim Mulgan explores a third way Ananthropocentric Purposivism claims that there is a cosmic purpose but human beings are irrelevant to it Purpose in the Universe develops a philosophical case for Ananthropocentric Purposivism that it is at least as strong as the case for either theism or atheism The book borrows traditional theist arguments to defend a cosmic purpose These include cosmological teleological ontological meta ethical and mystical arguments It then borrows traditional atheist arguments to reject a human centred purpose These include arguments based on evil diversity and the scale of the universe Mulgan also highlights connections between morality and metaphysics arguing that evaluative premises

play a crucial and underappreciated role in metaphysical debates about the existence of God and Ananthropocentric Purposivism mutually supports an austere consequentialist morality based on objective values He concludes that by drawing on a range of secular and religious ethical traditions a non human centred cosmic purpose can ground a distinctive human morality Our moral practices our view of the moral universe and our moral theory are all transformed if we shift from the familiar choice between a universe without meaning and a universe where humans matter to the less self aggrandising thought that while it is about something the universe is not about us

Catholic Moral Tradition, Revised David Bohr,2006-02-22 Too many Catholics tend to believe that morality is primarily about keeping laws and avoiding sin Catholic Moral Tradition Revised shows how from the beginning the Christian moral life is first and foremost about living our lives according to the new law of grace The gift of the Holy Spirit given us at baptism is a dynamic inner principle that transforms us into a new creation in Christ This book presents an introductory summary of contemporary Catholic moral teaching based upon the renewal mandated by the Second Vatican Council It also incorporates subsequent Church documents especially the moral encyclicals of John Paul II Veritatis Splendor and Evangelium Vitae along with his three encyclicals on Catholic social doctrine and the Catechism of the Catholic Church

Beyond Virtue Ethics Stephen M. Meawad,2023-05-01 A contemporary model of spiritual struggle shifts the emphasis from virtue s acquisition to its pursuit Beyond Virtue Ethics offers a distinctive approach to virtue ethics arguing not simply for the importance of struggle to virtue ethics but that struggle itself is a manifestation of virtue In doing this Stephen M Meawad offers a way of thinking about virtue not simply as a perfected state but as a state that is to a greater or lesser degree a manifestation of the ideal itself which is not attainable Meawad affirms the concept of the unity of virtues that is the idea that a virtue is not a virtue unless united with other perfected virtues which is found in God Insofar as humans grow in unity with God they too participate in the unity of virtues although always to an imperfect extent Meawad rejects a division between ethics and spirituality and provides two concrete examples of this suggested model The first is the application of this model to the body and its implications for contemporary sexual ethics The second is a reintegration of ethics and Scripture through the contemporary application of an ancient Patristic divine reading This book establishes for readers a contemporary model of spiritual struggle defining it as the exertion of effort in all conceivable dimensions physical emotional psychological and intellectual with the intent to attain a semblance of knowledge of and intimacy with Jesus Christ

Mysticism and Ethics in Friedrich Von Hügel David L. Johns,2004 Chapter One Giving Mysticism A Body What s the Problem Is Mysticism Even a Theological Subject Defining Mysticism What HÜgel Contributes to Embodiment and Obligation Chapter Two Mysticism and Mystical Experience Introduction Only One Element What is Mysticism and Mystical Experience A Critique of Mysticism Mysticism Embodied Htlgel s Critique of the Quakers Chapter Three Morality and Obligation Introduction Hiigel s Moral Context What is Moral Obligation Others as Well as the Other The Moral Life and Joy Conclusion Chapter Four Embodied Mysticism and

Biographical Theology Introduction The Message and Mystery of the Saints James McClendon and Biographical Theology Edith Wyschogrod The Saints and Postmodernism Friedrich von HOGel and Lived Mysticism Conclusion Chapter Five Ethics and Incamational Mysticism Introduction An Ethically Attuned Mysticism A Spiritually Sensitive Ethics The Difference It All Makes *My Revision Notes: AQA AS Religious Studies: Religion and Ethics and Philosophy of Religion* Richard Gray, Peter Cole, 2013-02-08 Unlock your full potential with this revision guide which provides both the key content you need to know and guidance on how to apply it for better grades My Revision Notes AQA AS Religious Studies Religion and Ethics and Philosophy of Religion helps you to stay motivated and focused during your revision and gives you the opportunity to practise and refine your skills to achieve the best grade in your exam Breaks down all topics into short sections easy to read and revise from Exam style practice questions help confidence with the exam Issues arising section specifically helps prepare for AQA AS RS AO2 questions Concise notes clear layout and colourful features keep you engaged You can check your learning with the test yourself questions and tick box design *The Unity of Mystical Traditions* Randall Studstill, 2018-08-14 This book argues that mystical doctrines and practices initiate parallel transformative processes in the consciousness of mystics This thesis is supported through a comparative analysis of Tibetan Buddhist Dzogchen rdzogs chen and the medieval German mysticism of Eckhart Suso and Tauler These traditions are interpreted using a system cybernetic model of consciousness This model provides a theoretical framework for assessing the cognitive effects of mystical doctrines and practices and showing how different doctrines and practices may nevertheless initiate common transformative processes This systems approach contributes to current philosophical discourse on mysticism by 1 making possible a precise analysis of the cognitive effects of mystical doctrines and practices and 2 reconciling mystical heterogeneity with the essential unity of mystical traditions
