Intergalactic Tribunal Terry L. Brown,2010-05-28 Planet Ship Earth has had many mythical stories Intergalactic Tribunal is about the greatest one ever conceived developed and implemented This powerful story grabbed the inhabitants of earth and sky and convinced them that to believe is to know As a result they remain in perpetual ignorance never seeking to know The main character of this Intergalactic Gospel Fiction is the only son of a man made God who created the universe in which he resides He has no mate male or female Everyone who wishes to live forever in bliss must pledge their lives to this Man Made God via the worship of his only begotten son Those that are not afraid to think will find the content of this book intriguing and thought provoking Theyll realize that outrageous thoughts they have had are shared by others Theyll be relieved to know they are not alone in this confusion called human society Technological components are unprecedented trailblazing and surprising For example the technology that implanted hostile entities into the blood stream to be manifested by the pressing of certain fingers coughing and spitting War Theatres will add this to their think tank data banks globally Its scary to think of the effect this would have in the hands of so called terrorists This book can be viewed as a self help educational reference tool a thought provoker or just a fun book to read There are elements of interest for all matured minds beings that are searching for clarity and those exploring beyond the matrix of illusion The fact that man created God so God could make him is evident It is not hard to create a belief system complete with a god of your design and giving him or her all the powers you can imagine This and other thought provoking questions are asked and answered I am very much aware that this book will not change anyone My hope is that readers will be motivated enough to investigate its content to see if there be anything that might enhance their lives or that of someone they know and care about I hope Intergalactic Tribunal will provide food for thoughts to the degree that readers will discuss it among their families friends and associates I trust all will find something of value I invite you all to engage the process of thinking to arrive at decisions which impact your lives Refuse to be a slave to anyones belief Seek to Know Always **The Front Porch Revolution** Robert H. Lengel,2018-06-07 A piece of music is more than the sum and sequence of its notes The spaces between the notes the rests or silences are just as

essential Without those spaces the notes do not properly relate to each other and even the most profound composition degrades into mere noise Front porches metaphorically represent those rest spaces in our lives and they are vanishing Without them we are denying ourselves access to our music and possibility and the evidence is clear at all levels of interaction The social and political discourse in this country has of late eroded into noise and acrimony dialogue having been abandoned for weaponized partisan monologues Diatribes and rhetoric are gleefully accelerated like charged particles online and on competing TV news and talk radio shows In fact this dynamic is experienced in meetings of any scale where diverse perspectives clash around topics we care about But ask yourself what is being accomplished beyond gridlock frayed relationships and destructive polarization We need to meet in new ways The Front Porch Revolution is about the need to reassert true conversation and dialogue and reaffirm an earnest commitment to genuine communication If anything is to be accomplished and there is much that needs to be accomplished we must be able to hear ourselves think and be present with our personal stories that give context to that thinking This is more likely to happen on front porches than on the floor of Congress in board rooms in classrooms or on Facebook or Twitter Viewing the world from the front porch invites a new way of thinking about our communication challenges leadership and what we have become in the absence of front porches Based on decades of research and first hand experience at the Center for Professional Excellence at the University of Texas at San Antonio The Front Porch Revolution maps out a lucid thoughtful and hopeful path forward to possibility *Innards* Chris Marsh,2001-08 *Innards* drives full throttle through the dangerous curves of love loss life and death with courage and tension gas pedal deliberately mashed to the floor teetering ever so gracefully somewhere between pure bliss and intimate rupture
