*Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1977      *The Mystics of Islam* Manly P. Hall, 1987-06 An illustrated text discussing the original existence and present survival of an Adept Tradition in the Moslem world The principle arcana of secret schools set up by mystics for the purpose of perpetuating the inner meaning of the Moslem faith is presented and their systems of meditation concentration and Yogic practices similar to those of the Hindu mystics are explored The manner in which these practices led to the development of internal faculties and the ability to control natural phenomena is revealed How the secret Moslem sects derived important philosophical and theurgic elements from Gnosticism Judaism and Christianity is also discussed      *Mystics and Messiahs* Philip Jenkins, 2000-04-06 In *Mystics and Messiahs* the first full account of cults and anti cult scares in American history Philip Jenkins shows that contrary to popular belief cults were by no means an invention of the 1960s In fact most of the frightening images and stereotypes surrounding fringe religious movements are traceable to the mid nineteenth century when Mormons Freemasons and even Catholics were denounced for supposed ritualistic violence fraud and sexual depravity But America has also been the home of an often hysterical anti cult backlash Jenkins offers an insightful new analysis of why cults arouse such fear and hatred both in the secular world and in mainstream churches many of which were themselves originally regarded as cults He argues that an accurate historical perspective is urgently needed if we are to avoid the kind of catastrophic confrontation that occurred in Waco or the ruinous prosecution of imagined Satanic cults that swept the country in the 1980s Without ignoring genuine instances of aberrant behavior *Mystics and Messiahs* goes beyond the vast edifice of myth distortion and hype to reveal the true characteristics of religious fringe movements and why they inspire such fierce antagonism      **Entering the Chain of Union** Timothy Hogan, 2012-02-29 *Entering the Chain of Union* explores different esoteric spiritual and initiatic traditions from around the world and illustrates how they share similar doctrines and rituals This book is a first hand account by a western initiate as he examines traditions as diverse as Gnosticism Hermeticism Sufi Druze Taoist and Tibetan alchemical doctrines Egyptian mysteries Mayan traditions and an exploration of many sacred monuments from around the world It is also a first hand account of his meeting with spiritual leaders of different traditions including Harun Yahya This book will be particularly interesting to anyone with a background in Templarism Freemasonry Rosicrucianism or Martinism Timothy Hogan is the Grand Master of the Knights Templar Ordre Souverain du Temple Initiatique lineage and he currently runs CIRCES International He speaks regularly around the world on the western mystery tradition This book follows some of his travels as he attempts to do The Great Work      *The Secret Destiny of America* Manly P. Hall, 2008-09-18 From the author of the landmark *Secret Teachings of All Ages* comes two classic works on the mysterious origins and unique mission of America *The Secret Destiny of America* and *America's Assignment with Destiny* Focusing on often forgotten moments in history Manly P Hall proposes that there was a Great Plan put forth one thousand years before our nation's founding humanistic

and mystical organizations wished for the continent to be the location for an experiment in self government and religious freedom As one of the leading esoteric scholars of the twentieth century Hall offers an intriguing view of our past discussing everything from the symbolism of the Great Seal of the U S to the prophecy announced at George Washington s birth
