Introduction to the Medieval Mystics of Europe Paul E. Szarmach,1985-06-30 The European Middle Ages bequeathed to the world a legacy of spiritual and intellectual brilliance that has shaped many of the ideals preconceptions and institutions we now take for granted An Introduction to the Medieval Mystics of Europe examines this phenomenon in vivid and scholarly accounts of the lives and achievements of those men and women whose genius most inspired their own and subsequent ages

These great mystics explored and consciously realized the relationship between human life and unconditioned transcendence. Representing both the contemplative and scholastic traditions, the mystics in these studies often found their solutions to ultimate questions in radically different ways. Some of them such as Eckhart, Aquinas, and Cusa may already be familiar, and here the reader will benefit from a new approach and summary of extensive research. Others such as Smaragdus and several of the women mystics are little known even to specialists. Finally, and unusually for a study of European mysticism, the influence of Spanish Kabbalists is discussed in relation to the Zohar, and two figures from the mystical school of Safed, Cordovero and Luria. Though the essays focus on individuals, the cultural and social implications of their lives and work are never ignored, for the mystic way did not exist separately from the rest of medieval life; it functioned as an integral part of the whole, influencing the development of Christian and Jewish religions in both their internal and external forms. **The**

Mystics of the Church Evelyn Underhill, 1925 The Great Cistercian Mystics Bernard McGinn, 2018-12 The Great Cistercian Mystics is an in-depth analysis of the mystical theology of the major Cistercian mystics of the 12th century: Bernard of Clairvaux, William of Saint Thierry, Gueric of Igny, Isaac of Stella, and Aelred of Rievaulx, as well as the continuators of Bernard's sermons on the Song of Songs. It also contains a survey of the Cistercian women mystics of the 13th century. **Mysticism in India** Ramchandra Dattatraya Ranade, 1983-01-01

Mysticism in India is a complete and informative description of the teachings, works, and lives of the great poet-saints of Maharashtra, written by a scholar and professor who was also a mystic. Jnaneshwar, Namdev, Tukaram, Eknath, Ramdas, and the other saints discussed belonged to the great devotional religious movement that spread through medieval India. With the exception of Ramdas, they all belonged to the tradition of the Varkaris, the most popular sect in contemporary Maharashtra. Their compositions exemplify the universality of their faith and practice and are recognized as literary treasures. Ranade was primarily interested in the poet-saints as mystics, teachers of the perennial philosophy whose experiences have general metaphysical and religious implications. At the heart of his classic is a comprehensive, objective presentation of the thought of these saints, augmented by a deep appreciation of their value and relevance to present-day scholars and seekers. Mysticism in India is the only major study in English of medieval Indian religious literature. The book's enduring value has been enhanced by the addition of a foreword by a scholar currently working in Marathi literature and a preface by a present-day poet-saint of Maharashtra.

The Mysticism of the Cloud of Unknowing William Johnston, 2024-10-22 Available in a new digital edition with reflowable text suitable for e-readers. In this comparative work, Jesuit priest and Zen meditation advocate William Johnston offers a contemporary reading of the fourteenth-century Christian mystical work *The Cloud of Unknowing* and its powerful message of God's unconditional love in the face of despair. The Mysticism of Ordinary and Extraordinary Experience Harry L. Serio, 2021-04-12 We are so much more than we appear to be. The why of our existence is far more complex than the how of our being. Mysticism probes the hidden nature of who we are, why we are, and our relationship to our Creator. We catch

glimpses of this not only in the ordinary experiences of life but also through extraordinary and unusual encounters with mystery. Mysticism is the awareness of our reality. Ṣūfī Mystics of the Niger Desert H. T. Norris, 1990. This book examines existing evidence in the Niger Republic and adjacent areas of Saharan and non-Saharan Africa to study the life and teachings of the sixteenth-century Islamic saint and religious teacher Sidi Mahmud. The founder of the Sufi order, his teachings continue to be important to contemporary Islam and are of interest to students of comparative religions and Islamic studies.
