Foley,2008-11-03 A Companion to Ancient Epic presents for the first time a comprehensive up to date overview of ancient Near Eastern Greek and Roman epic It offers a multi disciplinary discussion of both longstanding ideas and newer perspectives A Companion to the Near Eastern Greek and Roman epic traditions Considers the interrelation between these different traditions Provides a balanced overview of longstanding ideas and newer perspectives in the study of epic Shows how scholarship over the last forty years has transformed the ways that we conceive of and understand the genre Covers recently introduced topics such as the role of women the history of reception and comparison with living analogues from oral tradition The editor and contributors are leading scholars in the field Includes a detailed index of poems poets technical terms and important figures and events Sundaland: Tracing The Cradle of Civilizations Dhani Irwanto,2019-02-22

Sundaland is a bio geographical region of Southeastern Asia which encompasses the Sunda Shelf the part of the Asian continental shelf that was exposed during the Last Ice Age It included the Malay Peninsula on the Asian mainland as well as the large islands of Kalimantan Java and Sumatera and their surrounding islands Sundaland is in the tropics surrounded by oceans and within the Ring of Fire Benefitting from the heavy precipitation volcanic deposits in Sundaland develop into some

of the richest forestry and agricultural lands and developed into some of the richest fauna on Earth. The vast majority of scholars accept that every living human being is descended from a small group in Africa who then dispersed into the wider world. Archaeological and fossil evidence support an early migration of modern humans left Africa and followed the coastlines of Africa, Arabia, India, and Sundaland. After migrating from the semi-deserted savannas of Africa, man first found a place in Sundaland where food was abundant and it was there that they left hunter-gatherer culture and invented farming, agriculture, trading, and civilization which made humanity first flourish. All this took place during the Last Glacial period. The sea levels continued to rise gradually to peak levels about 5,500 years ago, causing land loss on tropical coasts with flat continental shelves. Cracks in the earth's crust as the weight of the ice shifted to the seas set off catastrophic events compounded by earthquakes, volcano eruptions, super waves, and floods drowned the coastal cultures and all the flat continental shelves of Southeast Asia and wiped out many populations. As the sea rolled in, there was a mass migration from the sinking continent. Genetic studies show that there has been a sharp decline in the population of the world and population turnovers from Southeast Asia and South Asia to Europe, Near East, and the Caucasus beginning at the end of the Younger Dryas period. The Younger Dryas disasters are also documented as legends, myths, or tales in almost every region on Earth, observable with tremendous similarities. They are common across a wide range of cultures extending back into Bronze Age and Neolithic prehistory. The overwhelming consistency among legends and myths of flood and the repopulation of man from a flood hero similar to the Noah Flood are found in distant parts of the Earth. The myths similar to the Garden of Eden, Paradise, or Divine Land echo among the populations around the world. Memories of their origin are documented in their legends such as the stories of Atlantis, Neserser Land, Land of Punt, Land of Ophir, Kumari, Kandang, and Taprobana. Pyramids spread in many parts of the world and emerged separately from one another by oceans who supposedly never discovered each other's existence. Those indicate that they were derived from a common origin. Further scholastic belief by etymologists and linguists are positive that all world languages sprang from a common source.

Lilith's Cave Howard Schwartz, 1991-12-12. Tales of terror and the supernatural hold an honored position in the Jewish folkloric tradition. Howard Schwartz has superbly translated and retold fifty of the best of these folktales. Gathered from countless sources ranging from the ancient Middle East to twelfth century Germany and later Eastern European oral tradition, these captivating stories include Jewish variants of the Pandora and Persephone myths.

Beware the Evil Eye (volume 2) John H. Elliott, 2016-06-30. In Volume 2 of *Beware the Evil Eye*, John H. Elliott addresses the most extensive sources of Evil Eye belief in antiquity: the cultures of Greece and Rome. In this period, features of the belief found in Mesopotamian and Egyptian sources are expanded to the point where an Evil Eye belief complex becomes apparent. This complex of features associated with the Evil Eye: human eye as key organ of information, eye as active not passive, eye as channel of emotion and dispositions, especially envy arising in the heart, possessors, victims, defensive strategies, and amulets is essential to an understanding of the literary references to the Evil Eye.

Elliott here illuminates the context for examining Evil Eye belief and practice in the Bible and the biblical communities

The Crucifixion of the Warrior God Gregory A. Boyd, 2017-04-17 A dramatic tension confronts every Christian believer and interpreter of Scripture on the one hand we encounter images of God commanding and engaging in horrendous violence on the other hand we encounter the non violent teachings and example of Jesus whose loving self sacrificial death and resurrection is held up as the supreme revelation of God's character in the New Testament How do we reconcile the tension between these seemingly disparate depictions Are they even capable of reconciliation Throughout Christian history many different answers have been proposed ranging from the long rejected explanation that these contrasting depictions are of two entirely different gods to recent social and cultural theories of metaphor and narrative representation The Crucifixion of the Warrior God takes up this dramatic tension and the range of proposed answers in an epic constructive investigation Over two volumes renowned theologian and biblical scholar Gregory A Boyd argues that we must take seriously the full range of Scripture as inspired including its violent depictions of God At the same time we must take just as seriously the absolute centrality of the crucified and risen Christ as the supreme revelation of God Developing a theological interpretation of Scripture that he labels a cruciform hermeneutic Boyd demonstrates how Scripture's violent images of God are completely reframed and their violence subverted when they are interpreted through the lens of the cross and resurrection Indeed when read through this lens Boyd argues that these violent depictions can be shown to bear witness to the same self sacrificial character of God that was supremely revealed on the cross

Beware the Evil Eye, 4-Volume Set John H. Elliott, 2017-09-20 In the Sermon on the Mount Jesus of Nazareth makes reference to one of the oldest beliefs in the ancient world the malignity of an Evil Eye The Holy Scriptures in their original languages contain no less than twenty four references to the Evil Eye although this is obscured by most modern Bible translations John H Elliott's *Beware the Evil Eye* describes this belief and associated practices its history its voluminous appearances in ancient cultures and the extensive research devoted to it over the centuries in order to unravel this enigma for readers who have never heard of the Evil Eye and its presence in the Bible The four volumes cover the ancient world from Sumer to the Middle Ages

Gender and Dialogue in the Rabbinic Prism Adriel Kosman, 2012-10-30 The author applies the fields of gender studies psychoanalysis and literature to Talmudic texts In opposition to the perception of Judaism as a legal system he argues that the Talmud demands inner spiritual effort to which the trait of humility and the refinement of the ego are central This leads to the question of the attitude to the Other in general and especially to women The author shows that the Talmud places the woman who represents humility and good heartedness in the Talmudic narratives above the character of the male depicted in these narratives as a scholar with an inflated sense of self importance In the last chapter that in terms of its scope and content could be a freestanding monograph the author employs the insights that emerged from the preceding chapters to present a new reading of the Creation narrative in the Bible and the Rabbinic commentaries The divine act of creation is presented as a primal sexual act a sort of dialogic model of the consummate sanctity that takes its place in man's spiritual life when the option of opening one's heart to the other in a male female dialogue is realized

Fortress Commentary on the Bible set Gale A. Yee, Cynthia Briggs Kittredge, David A. Sanchez, Hugh R. Page Jr., Margaret Aymer, Matthew J. M. Coomber, 2015-06-02 The Fortress Commentary on the Bible The Old Testament and Apocrypha and Fortress Commentary on the Bible The New Testament present a balanced synthesis of current scholarship on the Bible enabling readers to interpret scripture for a complex and pluralistic world Introductory articles in each volume discuss the dramatic challenges that have shaped contemporary interpretation of the Bible Commentary articles set each book of the Old and New Testaments and the

Apocrypha in its historical and cultural context discuss the themes in each book that have proven most important for the Christian interpretive tradition and introduce the most pressing questions facing the responsible use of the Bible today. The writers are renowned authorities in the historical interpretation of the Old and New Testaments, sensitive to theological and cultural issues arising in our encounter with the text, richly diverse in social locations and vantage points, representing a broad array of theological commitment: Protestants, Catholics, Jews, and others, and alive to the ethical consequences of interpretation today. A team of six scholar editors and seventy contributors provides clear and concise commentary on key sense units in each book of the Old Testament Apocrypha and New Testament. Each unit is explored through the lenses of three levels of commentary based on these critical questions. The result is a commentary that is comprehensive and useful for gaining insights on the texts for preaching, teaching, and research. In addition to the commentary essays on each book, the volumes also contain major essays that introduce each section of Scripture and explore critical questions as well as up-to-date and comprehensive bibliographies for each book and essay.

Judaic Perspectives on Ancient Israel Jacob Neusner, Baruch A. Levine, Ernest S. Frerichs, 2004-07-09. This volume assembles for the first time a representative statement of Judaic learning on the Old Testament as it is studied today by many of the most important Jewish Bible scholars of the age. A host of internationally known scholars, American, European, and Israeli, here present a variety of rich perspectives on the study and interpretation of the Scriptures revered by both Judaism and Christianity. These studies make clear that no single Jewish school of biblical scholarship exists. Rather, there is a Jewish approach involving appreciation for Hebrew as a living language, the reality of Jewish settlement in the Land of Israel, the continuity of Scripture in the life of Israel, the Jewish people, and the state of Israel, and a complete and healthy adaptation of the critical perspectives of contemporary scholarship. This unique and stimulating volume vividly demonstrates the importance and value of critical scholarly discourse on the Hebrew Scripture Old Testament by Jewish scholars for both Christian and Jewish communities.
