## **Myth Truer Than History:**

**Who Is This King of Glory?** Alvin Boyd Kuhn, 2007-09 This book reveals that much of Christianity and its beliefs had originated in ancient Egypt rather than the Middle East The author presents us with how where and why many spiritual Egyptian beliefs were adopted into Christian form and accepted as history as opposed to being carried over in their original mythological form Kuhn states The gospels are not and never were histories They are now proven to have been cryptic dramas of the spiritual evolution of humanity and of the history of the human soul in its earthly tabernacle of flesh For Christianity to be expressed in the way it was first intended as experienced during the first two centuries of its existence one must first acknowledge its pagan roots This is too much of a leap for most people but they have not read this book The author reveals how things were altered in the third century by the existing priesthood and why [The Historical Value of Myths](#)

John Karabelas, 2022-12-14 This book explores the connection between history and mythology by engaging with myths not as allegories or falsehoods but as representations of historical experience Historical approaches to myth are often absent from discussions of mythology which favour symbolic and psychological interpretations This analysis traces certain episodes of myths complex ancestries from when their relationship with history could not so easily be severed to subsequent attempts which misunderstood myths as confused undeveloped lenses for humanity to view the world Drawing on the works of English philosopher R G Collingwood and the Romanticism movement the book argues for the expansion of methodological approaches to myths It explores the ways in which myths have served as clues for the history of civilization and humanity s ever changing complexities The Historical Value of Myths is an illuminating read for advanced undergraduates postgraduates and researchers in the fields of mythology the philosophy of history and anthropology [The Lost Light: An Interpretation of Ancient Scriptures](#)

Alvin Boyd Kuhn, 2021-11-09T22:55:00Z Kuhn contended that the Bible derived its origins from other Pagan religions and that much of Christian history was pre extant as Egyptian mythology He also proposed that the Bible was symbolic and did not depict real events and argued that the leaders of the church started to misinterpret the bible at the end of the third century These controversial ideas outside of mainstream history and theology are rejected by most pre eminent scholars but many including Tom Harpur and John G Jackson were influenced by the works of Kuhn Harpur even dedicated his best selling 2004 book The Pagan Christ to Kuhn calling him a man of immense learning and even greater courage and one of the single greatest geniuses of the twentieth century who towers above all others of recent memory in intellect and his understanding of the world s religions [The Story of Hawaii: History, Customs, Mythology, Geography & Archaeology](#)
