Myth Of Japanese Uniqueness:

The Myth of Japanese Uniqueness Peter N. Dale, 1986-01-01

The Myth of Japanese Uniqueness Peter N. Dale, 1990

The nihonjinron is a body of writing and thought which constitutes a major and highly thought of academic industry in Japan. It analyses the Japanese identity and presupposes that the Japanese differ radically from other people in their make up. It believes that their uniqueness is due to linguistic, sociological and philosophical differences. First published in 1988, this book is a critical analysis of the thought on which the nihonjinron is based. Placing particular emphasis upon psychoanalysis which constitutes the centrepiece of the book, Peter Dale reasons that the nihonjinron should be treated as a mythological system.

Handbook of Japanese Mythology

Michael Ashkenazi, 2003-11-05 An introductory guide to the mythology of Japan, one of the most pervasive yet least

understood facets of Japanese culture. *Handbook of Japanese Mythology* makes it easy to travel this vast yet little known mythological landscape. The book reveals the origins of Japan's myths in the very different realms of Buddhism, Shinto and folklore, and explores related mythologies of the Ainu and Okinawan cultures and recent myths arising from Japan's encounters with modernization. It then offers vivid retellings of the central Shinto and Buddhist myths, plus descriptions of major historical figures, icons, rituals and events. For students or long-time enthusiasts, it is the ideal guide for investigating Japanese reverence for the sun, the imperial family and the virtues of purity and loyalty. Readers will also learn why sumo wrestlers stomp before each match, how a fussy baby creates thunder, why Japan has a god for soccer and much more.

Rethinking Japan's Identity and International Role Susanne Klien, 2002 First Published in 2002. Routledge is an

imprint of Taylor Francis, an informa company.

Curators of the Buddha Donald S. Lopez Jr., Donald S. Lopez, 1995-08-15

A critical history of the study of Buddhism in the West incorporating insights of colonial and post-colonial cultural studies.

Social, political and cultural conditions that have shaped the course of Buddhist studies are discussed.

Japanese Myths

Melanie Clegg, 2023-11-06 Illustrated with 150 photographs and artworks. *Japanese Myths* is an accessible, entertaining and highly informative exploration of everything from the kami, holy spirits venerated in Shinto religion, to the divine origins of the Japanese imperial family.

Japanese Philosophy

H. Gene Blocker, Christopher L. Starling, 2010-03-30 *Japanese Philosophy* is the first book to assert the existence of a Japanese philosophy prior to Nishida Kitaro in the early twentieth century. Because of Western military and economic dominance since the seventeenth century, the cross-cultural comparison of non-Western philosophy has generally gone in one direction: comparing Chinese, Indian and other thought systems with Western philosophy. For various reasons, Japanese scholars did not follow the Chinese lead after 1920 in acknowledging that some of their own literary tradition should be classified as philosophy. In spite of this, the authors argue that it is useful to compare cultures and that one way of comparing cultures is to compare their philosophies and therefore that it is worth treating

certain parts of Japanese literature as philosophy especially those parts that are similar to what has long been classified and treated as philosophy in India and China By doing so and by providing an overview of Japanese philosophy from the seventh century to the present the authors contribute to a greater cross cultural understanding between East and West Religion and Psychotherapy in Modern Japan Christopher Harding,Iwata Fumiaki,Yoshinaga Shin'ichi,2014-09-15 Since the late nineteenth century religious ideas and practices in Japan have become increasingly intertwined with those associated with mental health and healing This relationship developed against the backdrop of a far broader and deeply consequential meeting between Japan s long standing Chinese influenced intellectual and institutional forms and the politics science philosophy and religion of the post Enlightenment West In striving to craft a modern society and culture that could exist on terms with rather than be subsumed by western power and influence Japan became home to a religion psy dialogue informed by pressing political priorities and rapidly shifting cultural concerns This book provides a historically contextualized introduction to the dialogue between religion and psychotherapy in modern Japan In doing so it draws out connections between developments in medicine government policy Japanese religion and spirituality social and cultural criticism regional dynamics and gender relations The chapters all focus on the meeting and intermingling of religious with psychotherapeutic ideas and draw on a wide range of case studies including how temple and shrine cures of early modern Japan fared in the light of German neuropsychiatry how Japanese Buddhist theories of mind body and self cultivation negotiated with the findings of western medicine how Buddhists Christians and other organizations and groups drew and redrew the lines between religious praxis and psychological healing how major European therapies such as Freud s fed into self consciously Japanese analyses of and treatments for the ills of the age and how distress suffering and individuality came to be reinterpreted across the twentieth and early twenty first centuries from the southern islands of Okinawa to the devastated northern neighbourhoods of the Tohoku region after the earthquake tsunami and nuclear disasters of March 2011 Religion and Psychotherapy in Modern Japan will be welcomed by students and scholars working across a broad range of subjects including Japanese culture and society religious studies psychology and psychotherapy mental health and international history *Imagining Japan* Robert Neelly Bellah,2003 Bellah is a sociologist with a grand vision of history deeply concerned with the twists and turns of religious values weaving pre modern religious thinking into the debates of modernization and modernity He takes a reflective turn with *Imagining Japan* evidencing his profound concern with religious evolution Tetsuo Najita University of Chicago One of the most original attempts to understand some of the psychological and symbolic roots of the central problems in Japanese history Bellah masterfully brings together intellectual and institutional dimensions of Japan making a very important contribution to Japanese Studies S N Eisenstadt Professor Emeritus at Hebrew University and author of *Japanese Civilization A Comparative View* Ideology and Practice in Modern Japan Roger Goodman,Kirsten Refsing,2002-09-11 The issue of how Japanese society operates and in particular why it has succeeded has generated a wide

variety of explanatory models including the Confucian ethic classlessness group consciousness and uniqueness in areas as diverse as body images and language patterns In *Ideology and Practice in Modern Japan* the contributors examine these models and the ways in which they have sometimes been used to create a sense of Japaneseness that obscures the fact that Japan is actually an extremely complex and heterogenous society In particular practice at the micro level of society is explored to illuminate or express a broader ideology The contributors investigate a wide variety of subjects from attitudes to death to the role of education from film making to gender segregation to see what can be said about the phenomenon in particular what it tells us about Japan in general and what conclusions can be drawn for our understanding of society in the broadest sense

A Companion to the Anthropology of Japan Jennifer Robertson, 2008-03-10 This book is an unprecedented collection of 29 original essays by some of the world's most distinguished scholars of Japan Covers a broad range of issues including the colonial roots of anthropology in the Japanese academy eugenics and nation building majority and minority cultures genders and sexualities and fashion and food cultures Resists stale and misleading stereotypes by presenting new perspectives on Japanese culture and society Makes Japanese society accessible to readers unfamiliar with the country

Japan's Postwar Party Politics Masaru Kohno, 2020-11-10 In this sophisticated theoretical work Masaru Kohno presents a systematic reexamination of the evolution of party politics in Japan since the end of the second World War Because of the long one party dominance by the Liberal Democratic Party Japan's parliamentary democracy has often been viewed as unique in the developed world and most of the existing studies of Japanese party politics have addressed such determinants as its political culture historical background and socio ideological cleavages According to the author these explanations do not adequately account for some of the most important changes that took place in Japanese party politics during the postwar period This study advances an alternative set of interpretations based on a microanalytic approach that highlights the incentive and bargaining power of individual political actors and their competitive and strategic behavior under existing institutional constraints According to Kohno the evolution of political life in postwar Japan depends on the same factors that are acknowledged to be at work in other industrialized nations He reveals through detailed case studies of government formation processes and statistical examinations of candidate nomination patterns that the microanalytic approach can establish forward looking and internally consistent interpretations of the postwar development of Japanese party politics Because Japan has usually been treated as a country of unique cultural historical and societal characteristics the analyses of this study point to the broader applicability of the microanalytic approach in the field of comparative politics especially for the exploration of party competition in advanced industrial democracies

Japanese Civilization S. N. Eisenstadt, 1996 One of the world's leading social theorists provides a monumental synthesis of Japanese history religion culture and social organization Equipped with a thorough command of the subject S N Eisenstadt focuses on the non ideological character of Japanese civilization as well as its infinite capacity to recreate community through an ongoing past

Migrants and Identity in Japan and Brazil Daniela de Carvalho, 2003-08-27 Economic and social difficulties at the beginning of the 20th century caused many Japanese to emigrate to Brazil. The situation was reversed in the 1980s as a result of economic downturn in Brazil and labour shortages in Japan. This book examines the construction and reconstruction of the ethnic identities of people of Japanese descent firstly in the process of emigration to Brazil up to the 1980s and secondly in the process of return migration to Japan in the 1990s. The closed nature of Japan's social history means that the effect of return migration can clearly be seen. Japan is to some extent a unique sociological specimen owing to the absence of any tradition of receiving immigrants. This book is first of all about migration but also covers the important related issues of ethnic identity and the construction of ethnic communities. It addresses the issues from the dual perspective of Japan and Brazil. The findings suggest that mutual contact has led neither to a state of conflict nor to one of peaceful coexistence but rather to an assertion of difference. It is argued that the Nikkeijin consent strategically to the social definitions imposed upon their identities and that the issue of the Nikkeijin presence is closely related to the emerging diversity of Japanese society.

Japan and the Enemies of Open Political Science David Williams, 2002-11 The historical experience of Japan in the period since it embarked on modernization illuminates the limitations of Western social theory. *Japan's Open Future* John Haffner, Tomas Casas i Klett, Jean-Pierre Lehmann, 2009-03-01 In the fast changing modern world where does Japan fit in and how should it relate to the United States and China? Three foreign commentators make a provocative and persuasive argument that the time has come for Japan to help build a stronger Asian community and to become an engaged and conscientious global citizen. **Yamaji Aizan and His Time** Yushi Ito, 2007-11-08 This first in depth study in English of one of Japan's popular historians and a well known journalist of the Meiji and Taisho periods challenges the conventional view that Yamaji Aizan was essentially a nationalist at heart eager to see Japan expand into Asia and a supporter of the colonization of Korea.

Whispering the Techniques of Language: An Emotional Quest through **Myth Of Japanese Uniqueness**

In a digitally-driven world where displays reign great and instant transmission drowns out the subtleties of language, the profound strategies and psychological subtleties concealed within words usually move unheard. Yet, situated within the pages of **Myth Of Japanese Uniqueness** a fascinating fictional prize blinking with raw feelings, lies a fantastic journey waiting to be undertaken. Penned by a talented wordsmith, this wonderful opus attracts viewers on an introspective trip, softly unraveling the veiled truths and profound influence resonating within the very cloth of each and every word. Within the emotional depths with this poignant review, we will embark upon a genuine exploration of the book's key subjects, dissect its interesting writing model, and fail to the powerful resonance it evokes strong within the recesses of readers' hearts.

Myth Of Japanese Uniqueness Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Myth Of Japanese Uniqueness free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Myth Of Japanese Uniqueness free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that

offer free PDF downloads on a specific topic. While downloading Myth Of Japanese Uniqueness free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Myth Of Japanese Uniqueness. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Myth Of Japanese Uniqueness any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Myth Of Japanese Uniqueness Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Myth Of Japanese Uniqueness is one of the best book in our library for free trial. We provide copy of Myth Of Japanese Uniqueness in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Myth Of Japanese Uniqueness. Where to download Myth Of Japanese Uniqueness online for free? Are you looking for Myth Of Japanese Uniqueness PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Myth Of Japanese Uniqueness. This method for see exactly what may be included and adopt these ideas to your book.
