Kappeler,Gary W. Potter,2017-07-18 The social construction of crime is often out of proportion to the threat posed The media and advocacy groups shine a spotlight on some crimes and ignore others Street crime is highlighted as putting everyone at risk of victimization while the greater social harms from corporate malfeasance receive far less attention Social arrangements dictate what is defined as crime and the punishments for those who engage in the proscribed behavior Interest groups promote their agendas by appealing to public fears Justifications often have no basis in fact but the public accepts the exaggerations and blames the targeted offenders The net widening effect of more laws and more punishment catches those least able to defend themselves This innovative alternative to traditional textbooks provides insightful observations of myths and trends in criminal justice Fourteen chapters challenge misconceptions about specific crimes or aspects of the criminal justice system Kappeler and Potter dissect popular images of crimes and criminals in a cogent compelling and engaging manner They trace the social construction of each issue and identify the misleading statistics and fears that form the basis of myths and the collateral damage of basing policies on mythical beliefs The authors encourage skepticism about commonly accepted beliefs offer readers a fresh perspective and urge them to analyze important issues from novel vantage points **The Oxford Handbook of Children's Literature** Julia

*Dimensions of Yahwism in the Persian Period* Gard Granerød, 2016-07-25 What was Judaeon religion in the Persian period like Is it necessary to use the Bible to give an answer to the question Among other things the study argues that the religion practiced in the 5th c BCE Elephantine community and which is reflected in the so called Elephantine documents represent a well attested manifestation of lived Persian period Yahwism as religio historical sources the Elephantine documents reveal more about the actual religious practice of the Elephantine Judaeans than what the highly edited and canonised texts of the Bible reveal about the religious practice of the contemporary Yahwistic coreligionists in Judah and the image of the Elephantine Judaism emerging from the Elephantine documents can revise the canonised image of Judaeon religion in the Persian period cf A Assmann The Elephantine Yahwism should not be interpreted within a framework dependent upon theological conceptual and spatial concepts alien to it such as

biblical ones The study proposes an alternative framework by approaching the Elephantine documents on the basis of N Smart's multidimensional model of religion Elephantine should not be exoticized but brought to the very centre of any discussion of the history of Judaism Like a Child Rev.
