Coins and Economy in Magdala/Taricheae Bruno Callegher,2023-08-14 On a monetary basis Magdala must be considered as one of the most important and active settlements between the 1st century BC and most of the 3rd century AD on Lake Kinneret a place of production and trade of supply for military forces certainly in contact with other trading centres probably located on the Mediterranean coast however in a market perspective quite different from our current experience and even from the semantic content of this word often abused with a semantic extension that does not correspond to the experience of the ancients Its monetary decline started on the early 4th century when the economic and monetary strategies of the Constantinian era shifted the flow of money to other routes especially between the great port cities of the Mediterranean The

welcome contribution of Callegher s study derives from the new data published which allows us to overcome clichés and a stereotypical view of both the archaeological site and the economy of the Upper Galilee

The Radical Jesus, the Bible, and the Great Transformation Douglas E. Oakman,2021-01-25 The Radical Jesus offers a companion to the author s previous article collection Jesus and the Peasants Even more than in Jesus and the Peasants these eleven chapters sharpen the focus on the political economic meaning of Jesus then and the deeper values embodied in him that perhaps are still pertinent for now Part One considers his activities and aims within the political economy of first century Galilee Part Two offers perspectives on the critical hermeneutical task of linking the values of Jesus and the Bible to a world that has undergone what Karl Polanyi called the Great Transformation Polanyi argued suavisly in his 1944 book that economy in the pre industrial age was embedded in social relations and served necessary social purposes while society after the Great Transformation became embedded within market capitalist economy to the detriment of social relations This book finds in sustained critical dialog with the Radical Jesus another transforming force and a guiding light toward a more humane economy and society that will serve human need rather than selfish greed
