Nurses Taking The Lead Personal Qualities Of Effective Leadership:

Nurses Taking the Lead Fay Louise Bower, 2000 This book focuses on the personal qualities that go into being an effective leader Rather than offering a lengthy review of the theoretical leadership literature it provides personal accounts in which actual nursing leaders describe how a particular quality helped them toward their outstanding achievements

Nursing Leadership John Daly, Sandra Speedy, Debra Jackson, 2003 Nursing Leadership covers contemporary concepts in leadership and management and their application to nursing practice In addition to covering the fundamentals a wide range of current topics are addressed including change management contemporary approaches to nursing care delivery developing research based practice cultural change processes shared governance development quality of work life issues quality work environments and industrial relations Nursing Leadership provides a fresh innovative approach to the topic and is designed to stimulate interest in theory and concepts as well as providing the reader with strategies that can be readily tested and applied in practice The Essentials of Nursing Leadership Ruth Taylor, Brian Webster-Henderson, 2016-12-05

This new approach to leadership focuses on how students can develop leadership skills right from the start of their nursing programme through to transitioning to their first role The book first takes students through the underpinning knowledge and theory and then through practical skills to help them understand all aspects of leadership and how it is a key component of providing quality care to patients in a range of environments and settings Real stories from nursing leaders practitioners and students are included to inspire students and show them how they can impact positively on practice whatever level they are working at Key features include Real life focus grounded in everyday practice with lots of case studies and examples to help students see how theory relates to practice Activities to help students reflect about their own practice and about themselves as leaders Video interviews with nurse leaders and students on the companion website Further reading and links to journal articles in both the book and the companion website help students delve deeper and prepare for assessments *Educating Nurses for Leadership* Harriet R. Feldman, PhD, RN, FAAN, 2005-04-18 Winner of an AJN Book of the Year Award Nurses are presented with the challenge of leading a variety of groups in our healthcare environment ranging from patients and families to communities and organizations While there appears to be little time for leadership development leadership skills are in great demand This first book of its kind fills the leadership development void not perviously addressed in nursing education
