Airline Business in the 21st Century Rigas Doganis, 2005-06-28 This book focuses on the major issues that will affect the airline industry in this new millennium It tells of an industry working on low margins and of cut throat competition resulting from open skies Among the issues discussed are the low cost airline the impact of electronic commerce the debate on global airline alliances privatizing state owned airlines the creation of a Trans Atlantic Common Aviation area Most importantly the book carefully analyzes the strategies that are needed for airlines to succeed in the twenty first century This is essential reading for anyone interested in aviation

The Next Crash Amy L. Fraher, 2014-05-09 Amy L Fraher offers a shocking perspective on the aviation industry by a former United Airlines pilot Amy L Fraher uncovers the story airline executives and government regulators would rather not tell

Principles of Management for Leadership Communication Hasanraza Ansari, Principles of Management teaches management principles to tomorrow s business leaders by weaving three threads through every chapter strategy entrepreneurship and active leadership Strategic All business school teachings have some orientation toward performance and strategy and are concerned with making choices that lead to high performance Principles of Management will frame performance using the notion of the triple bottom line the idea that economic performance allows individuals and organizations to perform positively in social and environmental ways as well The triple bottom line is financial social and

environmental performance It is important for all students to understand the interdependence of these three facets of organizational performance The Entrepreneurial Manager While the General Management course at Harvard Business School was historically one of its most popular and impactful courses pioneered in the 1960s by Joe Bower recent Harvard MBAs did not see themselves as general managers This course was relabeled The Entrepreneurial Manager in 2006 and has regained its title as one of the most popular courses This reflects and underlying and growing trend that students including the undergraduates this book targets can see themselves as entrepreneurs and active change agents but not just as managers By starting fresh with an entrepreneurial change management orientation this text provides an exciting perspective on the art of management that students can relate to At the same time this perspective is as relevant to existing for profit organizations in the form intrapreneurship as it is to not for profits and new entrepreneurial ventures Active Leadership Starting with the opening chapter Principles of Management show students how leaders and leadership are essential to personal and organizational effectiveness and effective organizational change Students are increasingly active as leaders at an early age and are sometimes painfully aware of the leadership failings they see in public and private organizations It is the leader and leadership that combine the principles of management the artist s palette tools and techniques to create the art of management This book s modular format easily maps to a POLC Planning Organizing Leading and Controlling course organization which was created by Henri Fayol General and industrial management 1949 London Pitman Publishing company and suits the needs of both undergraduate and graduate course in Principles of Management

The Rebellious CEO Ralph Nader,2023-11-14 This is just the book for anyone who enjoys the podcast How I Built This Michael Dirda The Washington Post Nader is one of America s most effective social critics Forbes One of corporate America s greatest foes shows how 12 CEOs he has known uniquely rejected narrow yardsticks of shareholder value by leading companies to larger models of prosperity and justice Over the course of 7 decades Ralph Nader has been Corporate America s fiercest critic Supreme Court Justice William Powell singled out Nader in his infamous memo as the single most effective antagonist of American business the target of his hatred is corporate power But now in a book that will surprise both his fans and critics Nader profiles a small group of CEOs who he believes performed extraordinarily well as business leaders and civic reformers some well known some not who should be celebrated as exceptions whose life and career should be a course of emulation and inspiration for students of business executives and the wider citizenry This select group of mavericks and iconoclasts which includes The Body Shop s Anita Roddick Patagonia s Yvon Chouinard Vanguard s John Bogle and Busboys and Poets Andy Shallal give us Nader writes a sense of what might have been and what still could be if business were rigorously framed as a process that was not only about making money and selling things but improving our social and natural world

Competition versus Predation in Aviation Markets Peter Forsyth, David W. Gillen, Otto G. Mayer, Hans-Martin Niemeier, 2018-01-18 Prior to liberalization there was little scope for predatory behaviour in the aviation market However following deregulation new entrants sought to compete with entrenched incumbents Low cost carriers LCCs gained significant market share which in turn provoked many different kinds of defensive response Having put pressure on established carriers low cost airlines are themselves feeling the pressure of competition from new operators While it is normal and natural for airlines to react to competition modifying their services the ways in which they offer them and their prices when does aggressive commercial behaviour go too far and become predation This book considers what exactly is meant by predation in the aviation environment and explores the strategies LCCs adopt in order to gain market share as well as the strategies of the established airlines in response to competition from new entrants to the market It also addresses the key question of what competition

policy should do to ensure intensive competition Competition versus Predation in Aviation Markets brings together contributions from around the world from airlines government agencies leading academics and consultants providing a wealth of perspectives on a business practice crucial to airline survival *Managing Hospitality Organizations* Robert C.
