Indigenous Cities Laura M. Furlan, 2017-11 In Indigenous Cities Laura M Furlan demonstrates that stories of the urban experience are essential to an understanding of modern Indigeneity She situates Native identity among theories of diaspora cosmopolitanism and transnationalism by examining urban narratives such as those written by Sherman Alexie Janet Campbell Hale Louise Erdrich and Susan Power along with the work of filmmakers and artists In these stories Native peoples navigate new surroundings find and reformulate community and maintain and redefine Indian identity in the postrelocation era These narratives illuminate the changing relationship between urban Indigenous peoples and their tribal nations and territories and the ways in which new cosmopolitan bonds both reshape and are interpreted by tribal identities Though the majority of American Indigenous populations do not reside on reservations these spaces regularly define discussions and literature about Native citizenship and identity Meanwhile conversations about the shift to urban settings often focus on elements of dispossession subjectivity and assimilation Furlan takes a critical look at Indigenous fiction from the last three decades to present a new way of looking at urban experiences one that explains mobility and relocation as a form of resistance In these stories Indian bodies are not bound by state imposed borders or confined to Indian Country as it is traditionally conceived Furlan demonstrates that cities have always been Indian land and Indigenous peoples have always been cosmopolitan and urban

The Traces of Jacques Derrida's Cinema Timothy Holland, 2024

Situated at the intersection of film and media studies, literary theory, and continental philosophy, *The Traces of Jacques Derrida's Cinema* provides a trenchant account of the role of cinema in the oeuvre of one of the most influential philosophers of the twentieth century, Jacques Derrida (1930–2004). The book is animated by Derrida's self-confessed passion for the movies, his reluctance to write about film despite the range of his corpus, and the generative encounters arising between his legacy and the field of film and media studies as a result. Given the expanse of its references, interdisciplinarity, and consideration of Derrida's approach to the experience of both spectatorship and the act of being filmed, *The Traces of Jacques Derrida's Cinema* contributes to the ongoing close analyses of the philosopher's work while also providing a rigorous introduction to deconstruction. Author Timothy Holland interweaves historical and speculative modes of research and writing to articulate the peripheral yet surprisingly crucial place of the cinematic medium for Derrida and his philosophical enterprise. The outcome is a meticulously detailed survey of the centers and margins of Derrida's oeuvre that include forays into such terrain as his notable appearances in films, an unrealized project on cinema, and belief that Derrida proposed in a 2001 interview the correspondences between the strategies of deconstruction and the traditions of homecomings and wordplay of David Lynch's cinematic media and the questions wedded to the future of film studies amid the vicissitudes of the modern virtual university. Ultimately, Holland pursues the thinking activated by the flickering of Derrida's cinema: not only the absence and presence of film in Derrida's professional and personal life but also the rigor of academic discourse and the pleasures of the movies, ghosts, and technology, religious faith and scientific knowledge, and ruination and survival as a critical chance for reflection.

**Conscience of a Dead Killer** Gary Delfino, 2005-12-19

Is there life after death? According to religious beliefs, there is. Heaven waits for believers, and Hell waits for those who are evil. For the evil convicted killer BILLY BOYLE, there is a fate worse than Hell. After his execution, he meets his Spirit Guide. He discovers his divine punishment: He will be going back in time and going back in time to witness the life of his first victim, his late wife Susan. As an unseen ghost from the future, Billy is now forced to watch her grow into the beautiful woman who he will marry and ultimately murder on their honeymoon for money. Also, Billy's Ghost gets one little bonus: He now has a conscience. After witnessing his evil act, Billy's Spirit is once again hurled back in time in order to watch the life and death of yet another victim. This is where things change for Billy. Billy's Ghost discovers that for some strange reason, a famous retired FBI agent can see and hear him where no one else can. Together, they earnestly work to stop the living killer from murdering his four victims. Unfortunately, stopping the evil and ruthless Billy Boyle is no easy task.
