The Public Insult Playbook Ruth Colker, 2021-10-26 The rules of the public discourse game have changed and this book argues that the political left needs to account for the power of vitriol in crafting their theories for social and political change Ruth Colker offers insights into how public insults have come to infect contemporary public discourse a technique not invented by but certainly refined by Donald Trump and importantly highlights lessons learned and tools for fighting back Public insults act as a headwind and dead weight to structural reform By showcasing the power of insults across a number of civil rights battlegrounds Colker uncovers the structural nature of personal attacks and offers a blueprint for a legal and political strategy that anticipates the profound but poorly understood damage they can inflict to whole movements The book catalogues how public insults have been used against people with disabilities immigrants pregnant women women seeking abortions women who are sexually harassed members of the LGBTQ community and of course Black Americans These examples demonstrate both the pervasiveness of the deployment of insults by the political right and the ways in which the left has been caught flat footed by this tactic She then uses the Black Lives Matter movement as a case study to consider how to effectively counter these insults and maintain an emphasis on structural reform Sports Ethics for Sports Management Professionals Walter T. ANCHOR OK Now despite being just a short distance away from mainland China Taiwan has appeared is now appearing that they have a handle on the coronavirus outbreak It is still too early to tell but out of a population of nearly 24 million people the World Health Organization is reporting that the island has about 77 infections at this hour and this is good news as well only one death so what is it doing right For more a Taiwan based journalist Hilton Yip joins me now via Skype Taiwan you're talking about a place that is a very tightly packed urban environment It is a marvel that Taiwan managed to really have a successful containment and if we look at a map right now you know you can see those 77 cases in context to the countries around it I mean even if you look at a country like Singapore maybe 5 or 6 million people there they still have 313 cases and then you look to South Korea and Japan you know many many more cases Yes higher populations but still even if you do the averages still Taiwan did incredibly well PAULA NEWTON CNN ANCHOR What did it do right HILTON YIP FREELANCE JOURNALIST OK Hello Paula Thank you for having me here Taiwan has done a lot of things right It started it was vigilant early on It also implemented a lot of proactive measures even up to now but it started doing this from December 31 And then the third thing is that it did all this with a lot of transparency and so the point is that it's an all-around strategy It's a very broad strategy So I think they did a lot of things right It wasn't just like one or two things PAULA NEWTON CNN ANCHOR And when we say it wasn't just one or two things you know we just reported that California shut down So we're looking at that happening at this point in the pandemic What can be modeled I mean when you say they did a lot of things right what can be modeled in other areas right now HILTON YIP FREELANCE JOURNALIST OK You know this is kinda tough because one thing that Taiwan did is that it's from for instance from December 31 they actually started inspecting passengers from Wuhan and then in January on the 23rd or so they started banning flights from Wuhan And then early February they started banning passengers visitors from China So the point the issue is that they took a lot of measures to prevent the cases from coming to Taiwan and many cases from being piling up So so far Taiwan is not under lockdown So it's you know it's kinda difficult to compare it to a place like California PAULA NEWTON CNN ANCHOR Yeah HILTON YIP FREELANCE JOURNALIST As you say which is PAULA NEWTON CNN ANCHOR And that is a point right That's what's so extraordinary Taiwan was not under any draconian lockdown It was more HILTON YIP FREELANCE JOURNALIST That's right PAULA NEWTON CNN ANCHOR it was what we would call containment measures How important was testing in Taiwan and are those cases an accurate reflection of the disease in and if it is present in Taiwan HILTON YIP FREELANCE JOURNALIST Testing is key you know and but also containment as well as isolation and quarantine so all these measures are important PAULA NEWTON CNN ANCHOR But the testing was aggressive They had the test kits and they were able to test aggressively HILTON YIP FREELANCE JOURNALIST Yeah Yes That's right They did PAULA NEWTON CNN ANCHOR How worried is Taiwan now that after all of those hard fought measures and doing all that work that they're gonna have this boomerang effect where travelers coming in from Europe and North America will perhaps again make put them in the middle

of this infectious of this infection HILTON YIP FREELANCE JOURNALIST And as a result Taiwan has stepped up its travel restrictions So I think I believe yesterday or sorry from today they ve stopped letting visi tors any overseas visitors enter Taiwan except for Taiwanese citizens So yeah they re ramping up their restrictions CNN Skype CNN CNN CNN CNN CNN CNN CNN The Virus Mystery What Science Says about the Theories of the Coronavirus Origins Germ Warfare The Measures Taiwan Has Taken to Control the Coronavirus Grounded The Far Reaching Impact of the Coronavirus on the Travel Industry 2008 The Infodemic Combating the Coronavirus Misinformation Online United and Resolute Queen Elizabeth II Addresses the World about the Coronavirus The New Workplace The Dos and Don ts of Making a Video Call CNN The Air Necessities Carbon Emissions Drop Because of the Lockdown amid Coronavirus Livin on a Share Jon Bon Jovi Aims to Bring People Together through Music Ramen Awakening Giving the Japanese Traditional Dish a Modern Twist The Jewel of the Nile Exploring Cairo through the Lens of a Camera CNN Boris Johnson Recovers from the Coronavirus New Ocean Life Form Discovered Global Landmarks Fall Silent CNN CNN A Car for Mars NASA
