Griselda Pollock on Gauguin (Pocket Perspectives) Griselda Pollock, 2024-05-28

Griselda Pollock feminist art historian and longstanding advocate of gender and racial inclusivity unpacks the racist sexist and imperialist underpinnings of works created by Gauguin and others as they competed for preeminence in the European artistic avant garde of the 1880s and 90s Acclaimed feminist art historian Griselda Pollock dismantles the racist sexist and imperialist underpinnings of works by Paul Gauguin and others as they competed for pre eminence in the European avant garde of the 1880s and 1890s First delivered as a lecture in 1993 long before decolonizing and decentering the field of art

history became an urgent clamor in art historical readership this essay remains a powerful and ever relevant riposte to mainstream art historical narratives Through a thorough textual and social reading of Gauguin s 1892 painting of his Tahitian wife Manao Tapapau Pollock proposes a new theory about the avant garde as a series of gambits a game of reference deference and difference Pollock s intersectional reading of these avant garde works reveals how race and gender colored the colonial imaginary and exposes the way in which racist discourse structures art and art history By posing questions of cultural sexual and ethnic difference Pollock endeavors to make us all self critical not only in regard to the gender but also the color of art history
