**The Radical Right and the Murder of John F. Kennedy** Harrison E. Livingstone, 2004 The Radical Right and the Murder of John F Kennedy Stunning Evidence in the Assassination of the President Harrison E Livingstone s major new book the fifth of his works on the death of JFK brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas which assassinated the President on November 22 1963 The book represents forty years of work The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X rays which Mr Livingstone first exposed the alteration of the autopsy report the framing of the designated patsy Lee Harvey Oswald and the substitution and fabrication of every single piece of evidence It discusses the role played in the murder by some of the most powerful men in the country Lyndon Johnson J Edgar Hoover and Richard Nixon as well as the rich oil men and companies who backed them It then describes the cover ups by the media the major investigations over the years the FBI and the mind control cooperation at work in the case to misdirect researchers and the public The book describes in great detail the people and companies in Texas who planned and carried out the assassination It names names One recent investigation in the 90s followed Mr Livingstone s preceeding work and reinvestigated with the witnesses both he and the official investigations had talked to but this time took into consideration their documentation and what they had actually said and in a chapter this is his stunning new evidence from the U S government under President Clinton that is blowing the lid off the case Mr Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference As a result Mr Livingstone was on all major TV networks and on the Today show NBC with Katie Couric the next morning The book also contains the story of Dallas doctor Charles Crenshaw s law suit and the depositions of the editor and writer of the Journal of American Medical Association who libeled him in articles in 1992 Dr Crenshaw s book about trying to save Kennedy at Parkland Hospital shortly after the shooting came out on the same day as Mr Livingstone s major work on the medical evidence High Treason 2 were JAMA s targets and the depositions contain much discussion of Mr Livingstone s major impact on the JFK case This new book is to be followed closely by a sixth book entirely about the Zapruder film called *The Hoax of the Century Decoding the Forgery of the Zapruder Film Honest Answers about the Murder of President John F. Kennedy* Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a

perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject Reclaiming History Vincent Bugliosi,2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense

Four Days in November: The Assassination of President John F. Kennedy Vincent Bugliosi,2008-05-17 A book for the ages Los Angeles Times Book Review Four Days in November is an extraordinarily exciting precise and definitive narrative of the assassination of President John F Kennedy on November 22 1963 by Lee Harvey Oswald It is drawn from Reclaiming History The Assassination of President John F Kennedy a monumental and historic account of the event and all the conspiracy theories it spawned by Vincent Bugliosi legendary prosecutor of Charles Manson and author of Helter Skelter For general readers the carefully documented account presented in Four Days is utterly persuasive Oswald did it and he acted alone

**General Walker and the Murder of President Kennedy** Jeffrey H. Caufield, M.D. ,2015 In General Walker and the Murder of President Kennedy The Extensive New Evidence of a Radical Right Conspiracy author Jeffrey H Caufield explores the forces which led Oswald to be in Dallas that day Dr Caufield applies acquired academic methodology in rigorously researching the story through public records private correspondence and a number of sources not available to the general

public until the Freedom of Information Act released them      **Shadow Pasts** William D. Rubinstein,2014-09-11 For many intelligent people the stuff of history does not consist of the kind of dry as dust investigations of diplomatic economic or political history that most university historians research and write about but the famous topics of history's mysteries who was Jack the Ripper Was there a conspiracy to kill President Kennedy Did Richard III murder the Princes in the Tower What are the mysteries of the ancient Pyramids Not only have a great many books and articles been written on these and similar topics by so called amateur historians but they have generated societies conferences newsletters and television programmes Many people who are not academic historians take a keen interest in these topics and have in some cases made themselves real experts on them with interesting theories of their own Despite all of this however these topics are virtually ignored by academic historians and can be treated with contempt In *Shadow Pasts* William D Rubinstein a well known and widely published history professor examines seven of the most famous and interesting topics which have been discussed debated examined and written about by amateur historians Each of these mysteries and the theories surrounding them are examined in detail with Professor Rubinstein presenting his own original and sometimes surprising conclusions about what really happened      *The Skorzeny Papers* Ralph P. Ganis,2018-06-26 In *The Skorzeny Papers* the author reveals the details of the post World War II activities of former SS Commando Otto Skorzeny Considered by British and American Allied forces as the most dangerous man in Europe Skorzeny planned and led numerous daring missions throughout the war The story in this book was extracted by Major Ganis from Skorzeny's personal papers The evidence reveals that Skorzeny gradually and methodically became involved in US intelligence and covert operations during the Cold War But Skorzeny's network had a greater point of destiny in November 1963 when it was utilized to carry out the most tragic mission in history This story would have been lost had Skorzeny not kept meticulous records of his businesses and contacts which were fronts for US covert activity In the end *The Skorzeny Papers* reveal the intriguing web of secret organizations and people linked to the events culminating in the assassination of President John F Kennedy      **Highway 101** Harrison Livingstone,2006-05 Highway 101 is a taunt story of a man on the run afraid at times seemingly hunted and his own worst enemy His own demons planted there by the trauma of having his career destroyed sees him starting the long climb from living in dirt cellars and abandoned houses homeless and alone to great achievement and eventually writing best selling books Highway 101 is a segment of that long journey to major historical achievement What they say about Best Selling Author Harrison Edward Livingstone's novels and nonfiction A triumph The New York Times about David Johnson Passed Through Here under the pen name of John Fairfield About *The Wild Rose* A foursquare sea novel in the tradition of Herman Melville Prof William Alfred Harvard University Very good writing the Publisher's Weekly Monumental Investigation The Guardian Case Reopened Killing The Truth contains plenty of new evidence Even more readable and exciting than his last best seller Kirkus Reviews Gusty no one should miss his summary of the hard evidence for a conspiracy Times London      [The JFK Conspiracy](#) David

Miller,2002-09 David Miller in this his most recent book *The JFK Conspiracy* has not only amassed a wealth of facts in connection with the greatest conspiracy of our age but he has also succeeded in connecting the dots adding new ones in turn unearthing fact upon fact heretofore conveniently ignored or what is more likely intentionally buried and not only by all the usual suspects

**The Jfk Assassination** Don Becker,2010-12-31 Revised February 2011 I called the book a researchers guide for a reason This book is a compilation of the material I read about the assassination but in a totally different format Easy to read direct and to the point I tried to give as much information as possible Obviously I could not possibly put all the information in one book so I was a bit selective in the data I recorded It contains numerous aspects of the case and nearly every line will lead the researcher to the source of the information so they can continue to look into that particular topic When I started my research my goal was to prove Lee Harvey Oswald did not murder John Kennedy By the time I proved Oswald did not shoot Kennedy I noticed Oswald did not shoot Tippett either Noting where he was seen before the shooting and where he was after the shooting will prove he was not at the window at 12 30pm I will prove my point I determined Oswald did not have time to get into position to do the shooting The motorcade was scheduled to pass the Book Depository at 12 25 pm Oswald was in the lunch room at 12 15 and Bonnie Ray Williams was on the 6th floor alone until 12 20 A good sniper would have been in position well in advance of his preys expected arrival which Oswald was not But wait theres more Looking at some of the evidence from a totally different perspective I was able to prove a conspiracy I compared the wounds with the Bullet count and the time statistics of the rifle I assure you no one has looked at it from this viewpoint The closest any author came to mentioning this concept was Harrison Livingstones book *High Treason Exodus From Empire*

Terrence E. Paupp,2006-11-20 This book lays out a comprehensive vision for a new world order based on cooperation between the developing world and leading Left countries in Latin America Arguing that the ravages of corporate capitalism are unsustainable Terrence E Paupp presents an energetic critique of the problems of empire and looks ahead to a global counter movement against the IMF and US hegemony

**JFK, Oswald and Ruby** Burt W. Griffin, Warren Commission Assistant Counsel,2023-06-09 In this book former Warren Commission lawyer Burt Griffin examines anew the Kennedy assassination its various investigations its effects on the Cold War and the civil rights movement and the motives of Lee Harvey Oswald and Jack Ruby Griffin begins with his own skeptical reaction to the assassination proceeds to the Dallas police investigation and continues with the efforts of himself and his colleagues to sift truth from those who concealed withheld or exaggerated evidence After nearly six decades of study Judge Griffin is satisfied that Oswald acted alone He concludes that violence in the Cold War and civil rights movement caused Oswald to believe that blame for Kennedy s death might be placed on followers of rightwing activist and former U S Army general Edwin Walker Walker was an outspoken enemy of Oswald s idol Cuban president Fidel Castro and a firm opponent of racial integration and Oswald had already attempted to murder Walker in April 1963 The author gives the Walker movement a more prominent place in the assassination story and traces

the conflicting ambitions of Walker Oswald Kennedy and Ruby as they collided in October and November 1963 This book will help serious readers separate truth from fiction and to become examiners of how insignificant unsuspected powerless people driven by very personal needs and fears can with the help of a firearm alter the course of history *The Big Rich* Bryan Burrough,2009-01-27 Full of schadenfreude and speculation and solid timely history too Kirkus Reviews This is a portrait of capitalism as white knuckle risk taking yielding fruitful discoveries for the fathers but only sterile speculation for the sons a story that resonates with today s economic upheaval Publishers Weekly What s not to enjoy about a book full of monstrous egos unimaginable sums of money and the punishment of greed and shortsightedness The Economist Phenomenal reviews and sales greeted the hardcover publication of The Big Rich New York Times bestselling author Bryan Burrough s spellbinding chronicle of Texas oil Weaving together the multigenerational sagas of the industry s four wealthiest families Burrough brings to life the men known in their day as the Big Four Roy Cullen H L Hunt Clint Murchison and Sid Richardson all swaggering Texas oil tycoons who owned sprawling ranches and mingled with presidents and Hollywood stars Seamlessly charting their collective rise and fall The Big Rich is a hugely entertaining account that only a writer with Burrough s abilities and Texas upbringing could have written **Thinking Critically About the Kennedy Assassination** Michel Jacques Gagné,2022-03-27 Thinking Critically About the Kennedy Assassination uses the tools of critical thinking historical research and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK s shocking and untimely death As we approach the 60th anniversary of the violent public assassination of President John F Kennedy over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking The book s opening chapters lay out the official academic consensus concerning the Kennedy assassination better known as the Lone Gunman Theory and discuss the origins of popular interpretations of Kennedy s life and death such as the nostalgic myth of Camelot the unsympathetic Irish Mafia narrative and the many conspiracy theories critical of both Subsequent sections scrutinize the alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK s murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking *Last Resort Beyond Last Resort* Walter Herbst,2025-04-29 John F Kennedy was an embattled president He was consistently at odds with the Joint Chiefs the CIA the radical right and Fascist groups in America and Western Europe who considered him too weak to contain the spread of communism After the Cuban Missile Crisis the animosity for the young President grew as JFK cracked down on right wing Cuban exile groups in

America by preventing them from running sabotage raids against the Cuban mainland. Confusion reigned for at the same time Robert Kennedy was putting together a coalition of left wing Cuban exiles to launch a second invasion of Cuba at the end of 1963. Meanwhile a right wing Cuban exile group operating independently of the Kennedys was looking to assassinate JFK which they believed would be a catalyst to compel the United States to invade Cuba with its military in retaliation. The plan could have worked because of Lee Harvey Oswald. He was a Marxist and Castro supporter who had defected to the Soviet Union in 1959, had renounced his citizenship and had revealed military secrets to the Russians. He allegedly tried to shoot right wing General Edwin Walker, was a member of the pro Castro Fair Play for Cuba Committee and in the summer of 1963 he was arrested in New Orleans for handing out pro Castro literature in public. He traveled to Mexico City and tried to reach Havana two months before the JFK assassination. He wrote a letter to the Russian Embassy in Washington D C upon his return saying he used an alias while he was in Mexico. He was measured as 5'9" tall during his autopsy which was two inches shorter than when he left the Marines four years before. All this made him the perfect patsy to be used to justify a second invasion of Cuba. So why didn't the United States invade Cuba after the JFK assassination when they had the opportunity to do so once and for all? The answer to that question is West Berlin, the gateway to Western Europe and a city President Kennedy was determined to protect at all costs even if it meant sacrificing Cuba to the Communists. And a second invasion of Cuba placed Berlin in jeopardy so it could not be allowed to happen. Another group came together in the spring of 1963 made up of CIA right wing Cold War veterans like Allen Dulles, James Angleton, Henry Hecksher, William Harvey and Tracy Barnes. These men had fought the Nazis during World War but came to consider them the lesser of two evils compared to the Soviet Union when the war was over. And they were hell bent on keeping communism out of Europe by any means possible. For over a decade leading up to JFK's Presidency they had collaborated with ex Nazis, European Monarchists and French military Fascists in the war against communism to keep Europe safe. So it was not surprising that they all came together once again to assassinate President Kennedy not to justify an invasion of Cuba but to prevent that from occurring. They knew that if a second invasion of Cuba were to happen the Soviets would take West Berlin which would almost certainly have led to World War III. So as a last resort, beyond last resort, this group inevitably concluded that the only choice they had was to remove JFK from power before it was too late. And mixed up in the middle of it all was Lee Harvey Oswald.
