BOOK JACKET **Three Modes of Perception in Mozart** Edmund J. Goehring, 2004-11-11 This 2004 book is a full length scholarly study of what is widely regarded as Mozart's most enigmatic opera and Lorenzo Da Ponte's most erudite text Against the long standing judgement that the opera uses a misguided confidence in reason to traduce feeling Goehring's study shows how *Così* affirms comedy's regenerative powers and its capacity to grant access to modes of sympathy and understanding that are otherwise inaccessible In making this argument the book surveys a rich literary operatic and intellectual territory It offers fresh perspective on the relationships between text and tone in the opera on the tension between comedy and philosophy and its representation in stage works and on the pastoral mode which the opera uses in subtle ways Throughout Goehring's argument is sustained by close readings of primary sources many of them little known and is richly illustrated with musical examples
