Frolics in the Face of Europe Iain Gordon Brown, 2021-01-29 The first evaluation for many years of Scott as a traveller and the first ever single treatment of all his Continental travels Detailed discussion of his late in life venture to the Mediterranean in 1831 1832 drawing on fresh source material and re-evaluating evidence for his time in Naples and Rome in a new light Deals as much with those trips dreamed of and planned but not accomplished as with those actually achieved projected journeys to Spain and Portugal Germany and Switzerland Profusely illustrated with some unpublished colour and mono photographs from the author's and other private collections Sir Walter Scott 1771 1832 wrote frequently of his desire to travel widely in Europe He made however only three Continental ventures Two were to Belgium and Paris Shortly before his death he at last journeyed to the Mediterranean His time in Naples and Rome provoked both interest and sadness most of all it caused him to reflect on the Scotland of his mind and heart These trips are full of interest but so are the many other schemes Scott entertained for wider travelling notably to Spain and Portugal Switzerland and Germany In *Frolics in the Face of Europe* Sir Walter Scott Continental Travel and the Tradition of the Grand Tour all are examined in the context of the Grand Tour tradition and in the new kind of romantic travel that after 1815 came to replace it By drawing on Scott's letters and journal

on his verse prose fiction and the literature of travel which gave him such a wide knowledge of the world without even leaving his library at Abbotsford many social literary and artistic connections are made Events places and personalities are linked often in surprising ways This book offers a fresh view of Scott as the 250th anniversary of his birth approaches
