**The Opening of the Third Eye** Dr. Douglas M. Baker, 2014-03-02 The Opening of the Third Eye The human brain is a priceless computer lying perfectly maintained but almost silent None of us uses the full potential of this amazing instrument yet we all possess a secret trigger for activating its mechanism Called the Third Eye in occult language this trigger can release a vortex of psychic energy for the extension of awareness in new dimensions for speeding up or slowing down time as experienced on our planet and achieving one hundred per cent personality integration Dr Baker reveals that the Third Eye derives its power from the pineal pituitary and carotid glands allied to whirlwinds of energy known as chakras or force centres There are seven of these centres in the human body their physical location being the base of the spine the solar plexus the spleen the heart the throat the brow and the top of the head Five safe techniques for arousing the Third Eye are provided They have been practised by the author without hazard and with many rewards for over forty years In our present condition we can only observe the outer surface of the planet manifesting in gaseous liquid and solid form We are completely unaware of the subtler states of matter beneath these outward appearances But the Third Eye reveals all underlying structures This means that one could observe the termites in apparently solid wooden paneling or more constructively man's inner organs could be observed and all traces of disease in them immediately recognised with consequent enormous benefits to medical progress

Dimitroff PhD, 2012-03-13 Venus has always been associated with the feminine in astrology and in culture yet little emphasis is placed

upon the wisdom aspect of the planet With the cycles of Venus we are given insight into the unfolding of wisdom within ourselves and society especially with the cycle of Venus inferior conjunctions the so called 2nd order cycle of the planet In her timely and much needed work Firegazing Gail has brilliantly outlined the meaning and import of these cycles and the deeper meaning of a planet that often only receives a passing notice in astrology yet is so intimately connected with our own lives and what it is to be human When Venus passes across the face of the solar orb we are given opportunity to gaze into the very fire of the soul itself Well done Gail Malvin Artley

It has been ten years since Kumeka Master of the Eighth Ray introduced himself to Diana Cooper and began to meld his consciousness with hers. *A Little Light on Ascension* presented the information he impressed on Diana at the time, but since then much has changed on our planet, and Kumeka has recently imparted further information. This knowledge previously offered to just a few is now available to millions of lightworkers eager to assist in the task of moving this planet into the light. Yes, ascending into the higher realms can be achieved in this lifetime. We may have to work at it, but all the tools and information we need are now available to us thanks to *A New Light on Ascension*. However, be prepared: this journey is not for the fainthearted. Kumeka does not offer a quick fix; he invites and encourages each one of us to join the millions on the planet now actively working towards a joyful life of spirit.

Diana Cooper's *A Little Light on Ascension* is the book that reminds me why I am here and what it is all about. To say I find it an inspiration is an understatement to describe it as my bible would not be an exaggeration.
