success *The Underground Girls of Kabul* Jenny Nordberg, 2014 An award winning foreign correspondent who contributed to a Pulitzer Prize winning New York Times series reveals the secret Afghan custom of disguising girls as boys to improve their prospects discussing its political and social significance as well as the experiences of its practitioners Quick & Easy Baby Afghans Leisure Arts, 2000 The soft feel and pretty colors of these five afghans are worth cooing over No matter which pattern you choose the double strand method of crochet will help you finish quickly Clear instructions make creating these adorable blankets child's play **The Real World, and the Other Real World** Marcia Lewton, 2004 The feature these fifteen diverse stories have in common is the humor that comes of pushing the reality of ordinary life just a few inches over the edge In the first story Duke Drunk in the Driveway a family funeral turns into a double funeral seen through the eyes of a little girl Gwennie who also tells the story in Webs Family shames and secrets are observed by a sharp eyed child whose parents each try to win her allegiance against the other The Knitting Nancy and Pastures White with Clover are both told by women at the other end of life one celebrating her 80th birthday by imagining inviting people from all her old address books to a party the other wheeling out of the nursing home to go searching for her Own True Love The real world looks familiar enough in Ephesus New Jersey Here a young wife cowed by the moral correctness of her husband gets help from the ancient Greek philosopher Heraclitus as she takes her own stand In Gorgonzola Suns a painter is encouraged by her husband through a bad day at an art fair A letter carrier visits Alaska in The Frontier where his dream of eagles helps him break his attachment to a fickle woman A grieving father in Concordia awaits the arrival of his paranoid son trying desperately to stay in the present moment and not be overcome by memories of the past and worries of the future Reality begins to escape the envelope in When the Gift Fits when a young man finds himself the recipient of a mysterious gift that will teach him something he needs to know as he discovers its meaning The mother of an endless brood of children escapes her family in Amelioration to live in a mini warehouse The next two stories in this collection are written as though the world were perfectly ordinary but is it A young man in The Almost Perfect Flaw discovers that his attraction to the perfect woman who is frail and light enough to carry in his arms with her long dark hair swinging down over his elbow stricken down in youth by a death that did not leave marks Longing to be respectable he has to settle for a woman who is only almost perfect The heroine of Change at the Fortune Cookie Factory inherits the family business and enhances both divisions dough and fortunes far beyond what her parents had accomplished In the last two stories we move into a more altered realm The Other Real World begins when a woman gives birth to twins one of which is a bear cub Raising the twins carries her into a realm of possibility other than city government and shopping malls And the narrator of Melanchthon and the Process Server tries to save her numerous babies from disappearing from a house with sixty five people living in it I can believe that there are already sixty five only by counting them as they leave each morning to forage for their contributions to the daily soup It is not possible I compared the area of the house with the area of a person lying down multiplied by sixty five it is not possible But there they

go out the door with their foraging implements knives hooks nets ropes a Bible a can of Dog Away by which we snatch choice bones and a ragged five dollar bill Sixty three sixty four sixty five These stories deal with life's tough issues but always the humor rescues them from heavy solemnity

Imtiaz Hussain, 2010-01-11 Much has been written about democratizing Afghanistan and Iraq yet a clear cut theoretically enriching and empirically thick comparative analysis remains overdue for societies as divided as these two To partly fill in the vacuum this book utilizes various theories and stages of international negotiations which catalyzed democratization in both cases in interpreting both cases while also distinguishing between endogenous and exogenous democratization forces How electoral democracy came about in both cases is traced from the negotiating table through at least 4 stages and 6 chapters The study finds democratization being more stable when left on its own momentum as in Afghanistan than when conflict driven as in Iraq Though full fledged democracy does not appear inevitable in either case the study's insightful exploration of its interface in Islamic communities and as a Bush Doctrine component alerts us to fasten our seat belts before elections beckon again
