Jacques, Zachary A. Smith, 2003-04-15 A sweeping overview of the problems politics and policies of international and domestic management of the world s oceans The world ocean is one of the most important global resources Without it most life on earth would not survive because the ocean provides temperature regulation and produces

oxygen among other vital functions However this life sustaining resource faces dangerous threats from over fishing industrial wastes oil pollution and loss of biodiversity Ocean Politics and Policy covers the major types of pollution deep sea bed mining international jurisdictional disputes and piracy examining the underlying reasons for these problems and providing practical policy suggestions for reducing their impact Special focus is placed on historical and contemporary ocean laws from the concept of freedom of the seas to the 2001 Fishery Stock Agreement Solving the problems facing the world ocean should be a high priority for the international community and this book provides a starting place for this process **Media and Politics**

in America Guido H. Stempel III, 2003-04-04 A fascinating survey that shows how America's media and politics have influenced each other over the last 200 years Where mass media and politics intersect is a distinctly American brand of political communication Media and Politics in America A Reference Handbook examines the major events people controversies and resources of political communication from the Revolutionary War to the election of 2000 It follows the adoption of the First Amendment the emergence of the penny press women's suffrage the selection of presidential candidates the advent of radio and television and the influence of the Internet Readers will find government documents Supreme Court cases campaign statistics media trends and public opinion polls The chapter on resources and the directory of organizations are extensive *Freshwater Issues* Zachary A. Smith, Grenetta Thomassey Ph.D., 2003-04-23 A compelling look at the

challenges of freshwater conservation and management issues facing the United States at the start of the new millennium Battles have been fought lives have been lost countries divided and all for one reason water Freshwater Issues provides a quick education in the basics and essential issues of freshwater management From water supply and resource information to the role of water in ecosystems the coverage also provides global water data examines uncertainties about future water supplies and addresses technological advances in the development of water resources and environmental safeguards Thorough treatment is given to water rights allocation issues and U S water laws and their many regional variations This is followed by an explanation of the economics of water from ownership and pricing to social impact and discussions of often conflicting public environmental and private interests The war over water has just begun **Forest Conservation Policy** V.

Alaric Sample, Antony S. Cheng, 2003-12-08 A one of a kind introduction to the major issues and controversies dominating the heated debate over U S forest policy today Forest Conservation Policy A Reference Handbook chronicles the dramatic history current status and global influence of U S forest policy Beginning with the foundations of early forest law during the colonial period through the rise of the Conservation Movement in the wake of 19th century massive forest exploitation this reference also discusses the environmental challenges that have rewritten recent U S forest policy and explores future policy directions What are the effects of forest destruction on biological diversity Has the sustainable forest management movement been effective Given the fact that individual landowners control the greatest share of U S forestland how are forests on private lands regulated Students and concerned citizens alike will discover answers to these and other critical questions regarding

what is left of the nation's dwindling forests **21st Century Geography: A Reference Handbook** Joseph P. Stoltman, 2011-10-20 Via approximately 80 entries or mini chapters the SAGE 21st Century Reference Series volumes on geography will highlight the most important topics, issues, questions, and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century. The purpose is to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon, detail, or density as a journal article or a research handbook chapter. Features: Benefits: Curricular driven to provide students with initial footholds on topics of interest in writing research term papers in preparing for GREs in consulting to determine directions to take in pursuing a senior thesis, graduate degree, etc. Comprehensive to offer full coverage of major subthemes and subfields within the discipline of geography including regional geography, physical geography, global change, human and cultural geography, economic geography, and locational analysis, political geography, geospatial technology, cartography, spatial thinking, research methodology, geographical education, and more. Uniform in chapter structure to make it easy for students to locate key information with a more or less common chapter format of Introduction, Theory, Methods, Applications, Comparison, Future Directions, Summary, Bibliography, Suggestions for Further Reading, and Cross References. Available in print and electronic formats to provide students with convenient, easy access.

Reference & User Services Quarterly, 2001 *Courts and Trials* Christopher Smith, 2003-02-25 A collective overview of contemporary developments affecting court organization and judicial procedures. America has a long history of sensationalized trials and infamous lawyers and judges, but what is the truth about how our system of jurisprudence really works? *Courts and Trials: A Reference Handbook* makes the subject accessible by presenting an overview of the organization of courts and procedures used in criminal and civil cases, with special emphasis on contemporary developments. The book analyzes specific issues: methods of selecting judges, the capacity of citizen jurors to make appropriate decisions, cameras in the courtroom, three strikes laws, and the prosecution of juveniles as adults. The discussions illuminate competing perspectives on controversies that influence new initiatives and reforms affecting courts and their operations. Women in Prison Cyndi Banks, 2003-03-24 A concise survey of the treatment of jailed women in America since the early 1800s: their unique problems, the effect on their families, and the state of prisons today. Focusing on an often overlooked subject, this volume explores women's incarceration from the first women-only prison to modern state-of-the-art facilities. It explores controversies, problems, and solutions such as excessive discipline, the lack of training programs, sexual abuse, medical services, and visitation policies. The book also investigates key issues such as the background of inmates, the disproportionate number of African American and Hispanic prisoners because of the war on drugs, and how women cope with the separation from their children and families. A full chapter is devoted to important people and events from the first female jail keeper in 1822 to changing prison goals and the impact of feminism. **Tobacco** Harold V. Cordry, 2001-11-20 Tobacco addresses the

many interrelated controversies surrounding the historical and current use of tobacco and presents a clear objective and thorough treatment of this contentious public health and legal issue The American Indians valued tobacco as a wonder drug When Rodrigo de Jerez who accompanied Christopher Columbus on his maiden voyage of 1492 returned to Spain with tobacco he was accused of associating with Satan and imprisoned when his compatriots saw smoke coming out of his nose This book covers everything from the history of tobacco to health and social issues such as targeting children Biographical sketches of key personalities associated with tobacco range from Thomas Edison who refused to hire anybody who smoked cigarettes to Jean Nicot the French Ambassador to Portugal in the mid 1500s from whose name the word nicotine is derived This title takes the reader through the myriad of issues that make up the tobacco debate in a clear and unbiased way RQ ,1992 American Book Publishing Record ,2004 *Global Development* William Savitt,Paula Bottorf,1995 Helps the reader understand the many issues that determine the success or failure of global development from the status of women to the role of foreign aid *Handbook on Teaching Social Issues* Ronald W. Evans,David W. Saxe,2007-10-01 There s no book like this one for educators interested in issues centered teaching More than 40 experts have contributed articles offering comprehensive coverageof the field of social issues education In addition to a full examination of objectives and methods contributors show how social issues can be taught as part of history geography the social sciences and global and environmental studies The challenges of assessment curriculum and effective teacher education are fully explored With its teaching ideas and useful resource section this book is an indispensable addition to your library Contributors include Shirley Engle Anna Ochoa Becker Jack Nelson Carole Hahn Byron Massialas Jeff Passe Jesus Garcia Gloria Ladson Billings Merry Merryfield Patricia Avery Sam Totten Bill Wraga Walter Parker and James Shaver **The American Biology Teacher** ,1999 **Global Warming** David E.
