Redeeming The Republic

David Kirk

Redeeming The Republic:

Redeeming the Republic Roger H. Brown, 1993 Why were Federalists at the 1787 Philadelphia convention ostensibly called to revise the Articles of Confederation so intent on scrapping the old system and drawing up a completely new frame of government Historians traditionally have pointed to national and international failures of the Articles including American diplomatic impotence disrupted foreign and interstate trade varied currency and an inveterate provincialism that most readily appeared in the refusal of state governments to finance Congress In *Redeeming the Republic* Roger Brown focuses instead on state public policy issues to show how recurrent outbreaks of popular resistance to tax crackdowns forced state governments to retreat from taxation propelling elites into support for the constitutional revolution of 1787 The Constitution Brown contends resulted from upper class dismay over the state governments inability to tax effectively for state and federal purposes The Framers concluded that without a rebuilt energized central government the confederation would experience continued monetary and fiscal turmoil until republicanism itself became endangered A fresh and searching study of the hard questions that divided Americans in these critical years and still do today *Redeeming the Republic* shows how local failures led to federalist resolve and ultimately to a totally new scheme of federal government Brown s study also provides a sympathetic view of the Antifederalists who emerge not as agrarian localists but as champions of tax relief and opponents of a Constitution they expected would make government less responsive to popular distress BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Redeeming the Republic Charles Carleton Coffin, 1890
Redeeming the Republic Ramchandra Guha, 2013-09-15 The issues of today are the issues of yesterday There have been many factors playing out for the longest time in India that caused a discriminatory attitude amongst many Indians issues that continue to be biased towards Hindus and prejudiced against Muslims Moreover the staunch idea of Hindutva fuelled this issue further with its supporters in many political leagues In a nation as diverse as India can political prejudice towards one demographic be good for the nation In *Redeeming the Republic* Ramachandra Guha discusses various factors that have been responsible for the continued disparity of the state of things Delving deep into the ideology of Hindutva bigotry he gives frank opinions on whether this would be beneficial for a country like India to still hold on to such regressive notions This modern day read highlights how the country is still under the influence of bygone ideologies and where this is likely to take the country

Redeeming the Republic Charles Carleton Coffin, 1889 **Redeeming the Republic** Charles Carleton Coffin, 2025-05-22 *Redeeming the Republic* The Third Period of the War of the Rebellion in the Year 1864 Volume 6 chronicles a pivotal year in the American Civil War Charles Carleton Coffin meticulously details the military campaigns political maneuvers and social upheavals that defined 1864 From the battlefields to the home front Coffin captures the intensity and complexity of a nation divided This volume offers readers a comprehensive understanding of the strategies sacrifices and struggles that shaped the course of the war Coffin TM s narrative brings to life the key figures and events that

ultimately led to the Union's path toward victory. This book remains a valuable resource for historians, scholars, and anyone interested in a deeper understanding of the American Civil War and its lasting impact on the nation. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps, as most of these works have been housed in our most important libraries around the world, and other notations in the work. This work is in the public domain in the United States of America and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity, individual, or corporate has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant.

Redeeming the Republic, 1917 **The World of the Revolutionary American Republic** Andrew Shankman, 2014-04-16. In its early years, the American Republic was far from stable. Conflict and violence, including major land wars, were defining features of the period from the Revolution to the outbreak of the Civil War, as struggles over who would control land and labor were waged across the North American continent. *The World of the Revolutionary American Republic* brings together original essays from an array of scholars to illuminate the issues that made this era so contested. Drawing on the latest research, the essays examine the conflicts that occurred both within the Republic and between the different peoples inhabiting the continent. Covering issues including slavery, westward expansion, the impact of Revolutionary ideals, and the economy, this collection provides a diverse range of insights into the turbulent era in which the United States emerged as a nation. With contributions from leading scholars in the field, both American and international, *The World of the Revolutionary American Republic* is an important resource for any scholar of early America.

Redeeming the Republic Charles Carleton Coffin, 1890 **Redeeming the Republic** Charles Carleton Coffin, 2022-10-27. *The Shelf2Life American Civil War Collection* is a unique and exciting collection of pre-1923 titles focusing on the American Civil War and the people and events surrounding it. From memoirs and biographies of notable military figures to firsthand accounts of famous battles and in-depth discussions of slavery, this collection is a remarkable opportunity for scholars and historians to rediscover the experience and impact of the Civil War. The volumes contained in the collection were all written within 60 years of the end of the war, which means that most authors had living memory of it and were facing the effects of the war while writing. These firsthand accounts allow the modern reader to more fully understand the culture of both the Union and Confederacy, the politics that governed the escalation and end of the war, the personal experience of life during the Civil War, and the most difficult and polarizing question in the history of the United States: slavery. *The American Civil War Collection* allows new readers access to the contemporary arguments and accounts.

surrounding the war and is a vital new tool in understanding this important and pivotal chapter in American history

Pennsylvania's Revolution William Pencak, 2010-01-01 A collection of essays on the American Revolution in Pennsylvania Topics include the politicization of the English and German language press and the population they served the Revolution in remote areas of the state and new historical perspectives on the American and British armies during the Valley Forge winter Provided by publisher

Klarman, 2016 Flaws in the Articles of Confederation Economic turmoil in the states and the road to Philadelphia The Constitutional Convention Slavery and the Constitution Critics of the Constitution the Antifederalists The ratifying contest The Bill of Rights Conclusion

Redeeming the Republic, the Third Period of the War of the Rebellion in the Year 1864, by Charles Carleton Coffin,... Charles Carleton Coffin, 1890

William Livingston's American Revolution James J. Gigantino II, 2018-09-11 William Livingston's American Revolution explores how New Jersey's first governor experienced the American Revolution and managed a state government on the war's front lines A wartime bureaucrat Livingston played a pivotal role in a pivotal place prosecuting the war on a daily basis for eight years Such second tier founding fathers as Livingston were the ones who actually administered the war and guided the day to day operations of revolutionary era governments serving as the principal conduits between the local wartime situation and the national demands placed on the states In the first biography of Livingston published since the 1830s James J Gigantino's examination is as much about the position he filled as about the man himself The reluctant patriot and his roles as governor member of the Continental Congress and delegate to the Constitutional Convention quickly became one as Livingston's distinctive personality molded his office's status and reach A tactful politician successful lawyer writer satirist political operative gardener soldier and statesman Livingston became the longest serving patriot governor during a brutal war that he had not originally wanted to fight or believed could be won Through Livingston's life Gigantino examines the complex nature of the conflict and the choice to wage it the wartime bureaucrats charged with administering it the constant battle over loyalty on the home front the limits of patriot governance under fire and the ways in which wartime experiences affected the creation of the Constitution

War and Taxes Stephen A. Bank, Kirk J. Stark, Joseph J. Thorndike, 2008-06-06 Introduction This book explores the long history of American taxation during times of war As political scientist David Mayhew recently observed since its founding in 1789 the United States has conducted hot wars for some 38 years occupied the South militarily for a decade waged the Cold War for several decades and staged countless smaller actions against Indian tribes or foreign powers The cost of these activities has been immense with important and lasting consequences for the tax system the economy and the nation's political structure By focusing on tax legislation we hope to identify some of these consequences But we are not

interested in simply recounting statutory details Rather we hope to illuminate the politics of war taxation with a special focus on the influence of arguments concerning shaped sacrifice in shaping wartime tax policy Moreover we aim to shed light on a less examined aspect of this history by offering a detailed account of wartime opposition to increased taxes Gentlemen Revolutionaries Tom Cutterham,2017-06-27 In the years between the Revolutionary War and the drafting of the Constitution American gentlemen the merchants lawyers planters and landowners who comprised the independent republic s elite worked hard to maintain their positions of power Gentlemen Revolutionaries shows how their struggles over status hierarchy property and control shaped the ideologies and institutions of the fledgling nation Tom Cutterham examines how facing pressure from populist movements as well as the threat of foreign empires these gentlemen argued among themselves to find new ways of justifying economic and political inequality in a republican society At the heart of their ideology was a regime of property and contract rights derived from the norms of international commerce and eighteenth century jurisprudence But these gentlemen were not concerned with property alone They also sought personal prestige and cultural preeminence Cutterham describes how painting the egalitarian freedom of the republic s lower sort as dangerous licentiousness they constructed a vision of proper social order around their own fantasies of power and justice In pamphlets speeches letters and poetry they argued that the survival of the republican experiment in the United States depended on the leadership of worthy gentlemen and the obedience of everyone else Lively and elegantly written Gentlemen Revolutionaries demonstrates how these elites far from giving up their attachment to gentility and privilege recast the new republic in their own image

Unruly Americans and the Origins of the Constitution Woody Holton,2007-10-02 Examines the original intent behind the writing of the Constitution and how it was shaped by the reactions occasionally violent ones of citizens to include a protection of civil liberties and the freedom of the people **The Pan-American Magazine** ,1928 **Pan-American Magazine** William W. Rasor,1929 **Tax Crusaders and the Politics of Direct Democracy** Daniel A. Smith,2013-11-15 Daniel A Smith exposes the truth about the American tax revolt Contrary to conventional wisdom recent ballot initiatives to limit state taxes have not been the result of a groundswell of public outrage rather they have been carefully orchestrated from the top down by professional tax crusaders political entrepreneurs with their own mission These faux populist initiatives in contrast to genuine grassroots movements involve minimal citizen participation Instead the tax crusaders hire public relations firms and use special interest groups to do the legwork and influence public opinion Although they successfully tap into the pervasive anti tax public mood by using populist rhetoric these organizations serve corporate interests rather than groups of concerned neighbors The author shows that direct democracy can ironically lead to diminished public involvement in government Smith looks at the key players following the trail of money and power in three important initiatives Proposition 13 in California 1978 Proposition 2 1 2 in Massachusetts 1980 and Amendment 1 in Colorado 1992 He provides a thorough history of tax limitation movements in America showing how direct democracy can be manipulated to subvert the democratic

process and frustrate the public good
