Redefining the Discipline of Adult Education Robert Dean Boyd, Jerold W. Apps, 1980 Issued by the Adult Education Association of the USA Redefining the Discipline of Adult Education presents a model that unites curriculum and instruction while forcing adult educators to examine the social and cultural systems in which they operate Editors Apps and Boyd state that they have two objectives in redefining the field of adult education 1 to construct a conceptual framework to demarcate the practice and study of adult education and 2 to structure the content to present an integrated inquiry that focuses on foundational issues The field of adult education is experiencing high growth and neophytes seeking an understanding of its parameters may find the discussion of the conceptual model presented a bit confusing The book will be most useful as a text for graduate study and as a forum for further exploration of a conceptual basis for defining the field of adult education from within
