the strengths weaknesses and challenges of these documents By providing the complete text of both documents and the fruits of the international discussion they spark Redemption and Dialogue provides a fascinating treatment of both documents their meanings for the church and their significance for all concerned with issues in mission theology and Christ, Creation and the Cosmic Goal of Redemption J.J. Johnson Leese, 2018-05-17 J J Johnson interfaith dialogue Leese discusses how the apostle Paul's writing on Christ's relationship to creation read alongside the interpretations of Irenaeus of Lyon provide a meaningful contribution to contemporary debates on the interrelationship between religion and nature Leese draws upon the integration of three related scholarly trends the increased importance placed on biblical creation themes the emergence of ecotheology and the history of reception while focusing on the Pauline corpus and readings of Paul by Irenaeus thus uncovering a robust creation and ecotheological theology Irenaeus approach provides the possibility for Paul to contribute to ecotheology by way of a theological vision where the whole of reality in relationship to Christ and creation and by extension to soteriology and ecclesiology are central components of Paul s theology Identity of Israel's God in Christian Scripture Don Collett, Mark Elliott, Mark Gignilliat, Ephraim Radner, 2021-01-29 A broad sweeping volume that breaches the walls separating biblical and theological disciplines Biblical scholars and theologians engage an important question Who is Israel s God for Christian readers of the Old Testament For Christians Scripture is the Old and New Testament bound together in a single legacy Contributors approach the question from multiple disciplinary vantage points Essays on both Testaments focus on figural exegesis critical exegesis and the value of diachronic understandings of the Old Testament's compositional history for the sake of a richer synchronic reading This collection is offered in celebration of the life and work of Christopher R Seitz His rich and wide ranging scholarly efforts have provided scholars and students alike a treasure trove of resources related to this critical question Redemption and Resistance Markus Bockmuehl, James Carleton Paget, 2009-09-01 Redemption and Resistance brings together an eminent cast of contributors to provide a state of the art discussion of Messianism as a topic of political and religious commitment and controversy By surveying this motif over nearly a thousand years with the help of a focused historical and political searchlight this volume is sure to break fresh ground It will serve as an attractive contribution to the history of ancient Judaism and Christianity of the complex and often problematic relationship between them and of the conflicting loyalties their hopes for redemption created vis vis a public order that was at first pagan and later Christian Although each chapter is designed to stand on its own as an introduction to the topic at hand the overall argument unfolds a coherent history The first two parts on pre Christian Jewish and primitive Christian Messianism set the stage by identifying two entities that in Part III are then addressed in the development of their explicit relationship in a Graeco Roman world marked by violent persecution of Jewish and Christian hopes and loyalties The story is then explored beyond the Constantinian turn and its abortive reversal under Julian to the Christian Empire up to the rise of Islam
