and Africa This experience has identified in Canada some serious problems with the political structure of this 150 year old nation and has generated ideas that would improve Canada as it moves into its next 50 years The major problem seems to be a Fiefdom Mentality hangover from North America s Colonial past The authors have concentrated on currently available facts and realize that some of their ideas may be controversial in many parts of the country This document follows the typical format of many engineering reports as outlined below Introduction Definition of the Problem Historical Background Review of Similar Situations in Other Countries Existing Relevant Data The Role of the Civil Engineer in Development Extensive Natural Resources Possible Solutions to Problems Six Regions plus Canadian Capital Territory CCT Canadian Utility Corridor CUC Much Work Big Future Summary Re engineering Canada is not a project for older Professionals sitting philosophically in comfortable think tank offices It must be developed adopted and driven by a younger generation that wants to see the benefits available for their children in the future when Canada in 2067 will be celebrating its 200th birthday There are some signs that this change has already started with recent proposals to reduce inter Provincial trade and professional barriers However there is much more that needs to be done to change Canada into a dynamic united country with an expanding and vibrant economy However the May 2017 Provincial Election in British Columbia raises alarm bells where a possible coalition Government wants to stop the construction of an oil pipeline plus the development of a hydroelectric project that will produce thousands of megawatts of green electric power This type of politics demonstrates a lack of clear thinking and little regard for the Canadian environment or economy This document proposes radical changes that could significantly improve the lives of Canada s citizens It would be the authors objectives that as the country celebrates its 200th anniversary that the Colonial Fiefdom mentality would have been totally eliminated A Canadian citizen s first loyalty is to the Country and only then to the Province
