Reference Services in the Humanities Judy Reynolds,1994-11-11 This helpful book provides practical insight into the work and environment of reference services in the humanities Librarian s mental maps of humanities reference materials must include an awareness of the metaphoric not too precise nature of many patrons queries Reference Services in the Humanities discusses the structure of literature in the humanities and how it matches or challenges mental images of the field Chapters are infused with the issues of language names and meaning within a metaphoric genre The book serves as a guide to humanist s use of metaphoric language and also as a bibliography of sources Reference Services in the Humanities contains specific references for finding materials in areas that are not traditional mainstream arts This sample of disciplines provides case studies depicting each field s particular idiosyncrasies Chapters examine the challenge of referral reference and common problems encountered in searching for answers to patrons questions The book contains a theoretical framework for interacting with patrons and addresses options for humanities reference in an electronic age This book brings together librarians and researchers who provide and manage reference services to a wide array of disciplines within the humanities Authors come from all types of libraries and represent a broad spectrum of patrons from the young student curious about the

movies to practicing musicians and craftspersons This diversity provides an informative grounding for practitioners and library school students and faculty who wish to become effective reference librarians in the future Reference Services in the Humanities is divided into four sections which address research questions and challenges in selected disciplines descriptions from the field political issues in the humanities and theories and ideas for the future Specific topics explored include access to special collections censorship library resources for theater artists history research vocabulary control labeling of minorities craft information sources and much more School Library Reference Services in the 90s Carol Truett,1994 Here is a succinct update on school library reference services for the busy practitioner or student Exploring the state and state of the art of school library reference services in the 1990s this book provides an overview of current information skills teaching models the impact of new technologies on the teaching of reference and the student search process and assessment and evaluation models for gauging the success of school reference services School Library Reference Services in the 90s is an informative guide for school media coordinators and specialists library science graduate students and professors and researchers in the field to help them understand what students must learn and what teachers must teach to keep everyone up to date in the fast changing world of reference School Library Reference Services in the 90s is divided into three sections that cover reference research teaching models technology and evaluation Topics in the first section include an examination of the current state of affairs in reference teaching a look at various models for integrating library research and reference skills into the curricula and discussions of the effects of these new models on the school librarian s role Section two addresses the profound effect new technologies such as CD ROM multimedia CD I and CD TV are having on both the teaching of reference and information skills and on the entire research process from initiation to production of the final student report The last section presents three models for assessing the effectiveness of school reference services and skills instruction School library reference services and particularly library instruction are changing dramatically in the 1990s as a result of the information age School Library Reference Services in the 90s helps professionals in the field stay abreast of current developments and be more effective in their jobs **Serials and Reference Services** Robin Kinder,William A. Katz,1990 Here is one of the first books to address the problems of serials as they relate to the user the reference librarian and the library itself Opening a crucial dialogue serials librarians and reference librarians explore ways in which they can work together to make serials more accessible to the user With this vital new book public services librarians will gain a better understanding of the unique nature of serials especially concerning their acquisition and cataloguing and technical services librarians will gain a clearer view of the problems involved in interpreting the record for the user Serials and Reference Services provides a wealth of information that will help the cataloguer who must create a record out of a dizzying change of titles volumes and frequency the reference librarian who must interpret the record for the user the bibliographer who must select titles the manager who will be viewing the new formats for serials and the administrator who needs an overview in order to pull disparate services

together into a functioning whole Automation is also explored and finally a look at the core collection newspapers comic books and poetry magazines gives an eclectic ending to the volume Tillie Krieger Peter Hernon David C Heisser David C Taylor and Laura Peritore are among the well known contributors to the book Government Documents and Reference Services Robin Kinder, 1991 This helpful new book discusses access possibilities and policies with regard to government information New and impending legislation information on most frequently used and requested sources and grant writing are some of the topics covered in the comprehensive chapters Government Documents and Reference Services helps make sense of technical reports government regulations patents and other difficult areas the librarian has to deal with Reference and technical librarians will find this an indispensable tool to guide them through the intricacies of government document research *Opportunities for Reference Services* William A. Katz, 1991 Here is a refreshing new book that takes a unique look at the many aspects of reference librarianship Written by reference librarians for reference librarians this new volume explores the changing roles of reference services and offers advice and practical ideas to guide librarians through the increasingly tangled maze of duties being thrust upon the reference staff Although the everyday work of the reference librarian is often taken for granted these insightful chapters illuminate the essential service performed by the reference librarians as they facilitate access to information for a wide variety of users Furthermore this book helps reference librarians face the future by examining the technological and service developments that will challenge their profession Opportunities for Reference Librarians addresses unique reference problems such as making use of the telephone as an information gathering tool selecting reference material for the interdisciplinary field of Health Physical Education and Recreation HPER and helping non law students with legal research The fascinating anecdotes and encouraging discussions will be invaluable to reference library professionals for years to come This important book covers a wide variety of topics of interest to reference librarians Topics related to information systems are examined such as the limitations of end user online services and an evaluation of the Library of Congress Information system Authoritative contributors make recommendations on how to design services to coordinate with the new technology and how to change librarians roles so they can assist people in using these systems **The Reference Library User** William A. Katz, 1990 Provide the best possible service to your library patrons With a healthy respect for those who seek assistance at the reference desk a group of library and information service specialists examine the public whom they serve The Reference Library User focuses on the possible interactions between the reference librarian and the library user The authoritative contributors discuss many problems in the relationship between the public and the library and all offer suggestions that will at least help librarians to better serve the public on a daily basis A major emphasis of The Reference Library User is on the various populations using the library and their particular needs For example one chapter examines the information needs of deinstitutionalized patrons and presents methods of providing service and a rationale for community outreach The state program in Rhode Island is outlined describing efforts to reach

community residents through public libraries and the state operated Bookmobile Other chapters provide strategies for providing reference services to older adults the learning disabled the blind and the physically handicapped This informative new volume also deals with general concerns facing librarians today including determining the audience for both public and academic libraries educating the user encouraging nonusers to become library users and calming irate patrons Reference librarians will be particularly interested in the problems and solutions discussed in this new volume as will library managers and administrators who will always benefit from a fresh perspective on public service for the library user
