Referendums Around the World David Butler,Austin Ranney,1994 Updated edition of Referendums c1978

Referendums Around the World David Butler,Austin Ranney,1996 Referendums Around the World David Butler,Austin Ranney,1994 Updated edition of Referendums c1978 *Referendums Around the World* Matt

Qvortrup,2017-08-16 This book provides a comprehensive summary and analysis of all the nationwide referendums since 1793 Referendums are ubiquitous and they are increasingly becoming vehicles for political change or sometimes vehicles of conservatism In 2016 for example the voters in the United Kingdom caused a major upheaval when they voted for leaving the European Union Later in the same year a majority of the voters in Colombia rejected a peace plan carefully negotiated by the political elites to end decades of civil war Were these decisions prudent Why were these issues submitted to referendums Why did the majority of voters vote against the governments recommendations Have the people had grown tired of the old political class Was this a new tendency These are some of the questions addressed in this new edition which will be compulsory reading for anyone interested in or concerned about populism and democracy *The Politics of Referendum Use in European Democracies* Saskia Hollander,2019-04-02 This book demonstrates that the generally assumed dichotomy between referendums and representative democracy does not do justice to the great diversity of referendum types and of how referendums are used in European democracies Although in all referendums citizens vote directly on issues rather than letting their political representatives do this for them some referendums are more direct than others Rather than reflecting the direct power of the People most referendums in EU countries are held by and serve the interests of the political elites most notably the executive The book shows that these interests rarely match the justifications given in the public debate Instead of being driven by the need to compensate for the deficiency of political parties decision makers use referendums primarily to protect the position of their party In unravelling the strategic role played by national referendums in decision making this book makes an unconventional contribution to the debate on the impact of referendums on democracy

Sovereignty Referendums in International and Constitutional Law İlker Gökhan Şen,2015-01-28 This book focuses on sovereignty referendums which have been used throughout different historical periods of democratization decolonization devolution secession and state creation Referendums on questions of sovereignty and self determination have been a significant element of the international political and legal landscape since the French Revolution and have been a central element in the resolution of territorial issues from the referendum in Avignon in 1791 until today More recent examples include Quebec East Timor New Caledonia Puerto Rico and South Sudan The global aim of this book is to achieve a better empirical and legal understanding of sovereignty referendums and related problems in international and national law and politics Accordingly it presents readers a comprehensive study of sovereignty referendums from the perspectives of both international and constitutional law The Routledge Handbook to Referendums and Direct Democracy Laurence

Morel, Matt Qvortrup, 2017-12-12 Over the last 30 years referendums have played an increasingly important role in determining government policy Recent high profile referendums in Scotland Catalonia and Ukraine have continued the movement towards independence referendums following decolonization and the end of the Cold War The Greek bailout referendum and Britain's vote on membership of the EU reflect a tradition of European states giving their people a direct say in the transfer of sovereign powers to the European Union seen through the ratification of key treaties such as Maastricht Amsterdam Nice and Lisbon This Routledge Handbook covers key aspects and issues of direct democracy and referendums throughout the world including their history when why where how and on which issues referendums are held why some referendums are more democratic than others how referendums are won whether they produce good policies if referendums increase participation and improve the quality of representative democracies do referendums increase trust in democracy and the political actors the impact of new technology on the possibilities methods and frequency of direct public political participation how they should be regulated Covering other related areas such as recall citizen juries and random selection this compendium is an indispensable guide to referendums and the workings of modern democracy *The Dynamics of Referendum Campaigns* Claes H. de Vreese, 2007-10-24 This book focuses on the key actors in a referendum the political elites parties the media and citizens and is centred around themes such as campaign style campaign effects electoral mobilization and turnout as well as vote choice The contributors consider the impact and importance of referendum campaigns **Constitutional Referendums** Stephen Tierney, 2012-04-05 The constitutional referendum has become a vital feature of modern constitution making and reform This book provides the first full length analysis of the theoretical foundations of constitutional referendums assessing their democratic credentials and the design decisions that affect the value and legitimacy of the referendum process **The Palgrave Handbook of European Referendums** Julie Smith, 2021-03-02 This handbook provides an empirically rich analysis of referendums in Europe from the end of the Second World War to the present It addresses a range of perennial theoretical and legal questions that face policy makers when they offer citizens the chance to take or influence decisions by referendum not least whether to accept the will of the people Taking a multi disciplinary approach drawing on historical philosophical and political science perspectives the book includes a contextual section on the history of referendums the theoretical questions underpinning their use and on constitutional and legal questions about the use of referendums The empirical sections are divided into those referendums that focus on domestic issues such as constitutional matters or questions of social policy and those related to the European Union including membership referendums and treaty ratification **Comparative Constitution Making** David Landau, Hanna Lerner, 2019 Recent years have witnessed an explosion of new research on constitution making Comparative Constitution Making provides an up to date overview of this rapidly expanding field p p1 margin 0 0px 0 0px 0 0px font 10 0px Arial **Politics In The American States: A Comparative Analysis** Virginia Gray, Russell L. Hanson, Thad Kousser, 2013 Fully

updated and with new coeditor Thad Kousser the tenth edition brings together the high caliber research you expect from this trusted text with comprehensive and comparative analysis of the fifty states Students will appreciate the book's glossary the fully up to date tables and figures and the maps showcasing comparative data A companion website includes downloadable graphics and data The Oxford Handbook of Comparative Constitutional Law Michel Rosenfeld, András Sajó, 2012-05-17

The field of comparative constitutional law has grown immensely over the past couple of decades Once a minor and obscure adjunct to the field of domestic constitutional law comparative constitutional law has now moved front and centre Driven by the global spread of democratic government and the expansion of international human rights law the prominence and visibility of the field among judges politicians and scholars has grown exponentially Even in the United States where domestic constitutional exclusivism has traditionally held a firm grip use of comparative constitutional materials has become the subject of a lively and much publicized controversy among various justices of the U S Supreme Court The trend towards harmonization and international borrowing has been controversial Whereas it seems fair to assume that there ought to be great convergence among industrialized democracies over the uses and functions of commercial contracts that seems far from the case in constitutional law Can a parliamentary democracy be compared to a presidential one A federal republic to a unitary one Moreover what about differences in ideology or national identity Can constitutional rights deployed in a libertarian context be profitably compared to those at work in a social welfare context Is it perilous to compare minority rights in a multi ethnic state to those in its ethnically homogeneous counterparts These controversies form the background to the field of comparative constitutional law challenging not only legal scholars but also those in other fields such as philosophy and political theory Providing the first single volume comprehensive reference resource the Oxford Handbook of Comparative Constitutional Law will be an essential road map to the field for all those working within it or encountering it for the first time Leading experts in the field examine the history and methodology of the discipline the central concepts of constitutional law constitutional processes and institutions from legislative reform to judicial interpretation rights and emerging trends Elections Today, 1996-01 News from the world of elections **The Scottish Independence Referendum** Aileen McHarg, Tom Mullen, Alan Page, Neil Walker, 2016-06-30 The September 2014 Scottish independence referendum was an event of profound constitutional and political significance not only for Scotland but for the UK as a whole Although Scottish voters chose to remain in the UK the experience of the referendum and the subsequent political reaction to the No vote that triggered significant reforms to the devolution settlement have fundamentally altered Scotland's position within the Union The extraordinary success of the Scottish National Party at the 2015 General Election also indicates that the territorial dimension to UK constitutional politics is more prominent than ever destabilising key assumptions about the location and exercise of constitutional authority within the UK The political and constitutional implications of the referendum are still unfolding and it is by no means certain that the Union will survive Providing a systematic and academic analysis of

the referendum and its aftermath this interdisciplinary edited collection brings together public lawyers political scientists economists and historians in an effort to look both backwards to and forwards from the referendum The chapters evaluate the historical events leading up to the referendum the referendum process and the key issues arising from the referendum debate They also explore the implications of the referendum both for the future governance of Scotland and for the UK s territorial constitution drawing on comparative experience in order to understand how the constitution may evolve and how the independence debate may play out in future

Political Campaigning in Referendums Holli A. Semetko, Claes H. de Vreese, 2004-08-02 This book reviews the research on campaigns and elections and investigates the effects of campaigning in referendums drawing on panel survey data media content data focus groups and interviews with journalists and campaign managers The authors argue that the media coverage not only influences public perceptions of the campaign the referendum issue and the party leaders but that in a close race it also shapes the voting and the political future of the incumbent party The first study to investigate the dynamics and effects of a referendum campaign on politicians media and citizens this innovative volume will be of interest to students and researchers of political communication

A New Constitution for Australia Bede Harris, 2013-03-04 First published in 2002 Routledge is an imprint of Taylor Francis an informa company

Populist Challenges to Constitutional Interpretation in Europe and Beyond Fruzsina Gárdos-Orosz, Zoltán Szente, 2021-05-03 This book explores the relationship between populism or populist regimes and constitutional interpretation used in those regimes The volume discusses the question of whether contemporary populist governments and movements have developed or encouraged new and specific constitutional theories doctrines and methods of interpretation or whether their constitutional and other high courts continue to use the old traditional interpretative tools in constitutional adjudication The book is divided into four parts Part I contains three chapters elaborating the theoretical basis for the discussion Part II examines the topic from a comparative perspective representing those European countries where populism is most prevalent including Austria Croatia the Czech Republic Greece Hungary Italy Poland Romania Spain and the United Kingdom Part III extends the focus to the United States reflecting how American jurisprudence and academia have produced the most important contributions to the theory of constitutional interpretation and how recent political developments in that country might challenge the traditional understanding of judicial review This section also includes a general overview on Latin America where there are also some populist governments and strong populist movements Finally the editors closing study analyses the outcomes of the comparative research summarizing the conclusions of the book Written by renowned national constitutional scholars the book will be essential reading for students academics and researchers working in Constitutional Law and Politics Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Handbook on the European Union and Brexit John E. Fossum, Christopher Lord, 2023-01-17 Brexit has irrevocably

transformed British politics yet its effects are not confined to relations between the UK and the EU Venturing beyond the already vast literature on Brexit this dynamic Handbook explores the implications of the UK s withdrawal from the EU for the EU itself single countries within and beyond Europe and the international system as well as different social groups generations and territories within the UK **Filtering Populist Claims to Fight Populism** Giuseppe Martinico,2021-11-25 Exploring Italy as a case study this book investigates how populists in power manipulate categories and instruments of constitutional law

Right here, we have countless books **Referendums Around The World The Growing Use Of Direct Democracy** and collections to check out. We additionally have enough money variant types and after that type of the books to browse. The pleasing book, fiction, history, novel, scientific research, as competently as various further sorts of books are readily welcoming here.

As this Referendums Around The World The Growing Use Of Direct Democracy, it ends in the works brute one of the favored books Referendums Around The World The Growing Use Of Direct Democracy collections that we have. This is why you remain in the best website to look the incredible ebook to have.

Referendums Around The World The Growing Use Of Direct Democracy Introduction

Referendums Around The World The Growing Use Of Direct Democracy Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Referendums Around The World The Growing Use Of Direct Democracy Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Referendums Around The World The Growing Use Of Direct Democracy : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Referendums Around The World The Growing Use Of Direct Democracy : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Referendums Around The World The Growing Use Of Direct Democracy Offers a diverse range of free eBooks across various genres. Referendums Around The World The Growing Use Of Direct Democracy Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Referendums Around The World The Growing Use Of Direct Democracy Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Referendums Around The World The Growing Use Of Direct Democracy, especially related to Referendums Around The World The Growing Use Of Direct Democracy, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Referendums Around The World The Growing Use Of Direct Democracy, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Referendums Around The World The Growing Use Of Direct Democracy books or magazines might include. Look for these in online stores or libraries. Remember that while Referendums Around The World The Growing Use Of Direct Democracy, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Referendums Around The World The Growing Use Of Direct Democracy eBooks for free, including popular titles. Online

Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Referendums Around The World The Growing Use Of Direct Democracy full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Referendums Around The World The Growing Use Of Direct Democracy eBooks, including some popular titles.

FAQs About Referendums Around The World The Growing Use Of Direct Democracy Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Referendums Around The World The Growing Use Of Direct Democracy is one of the best book in our library for free trial. We provide copy of Referendums Around The World The Growing Use Of Direct Democracy in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Referendums Around The World The Growing Use Of Direct Democracy. Where to download Referendums Around The World The Growing Use Of Direct Democracy online for free? Are you looking for Referendums Around The World The Growing Use Of Direct Democracy PDF? This is definitely going to save you time and cash in something you should think about.
