Spurgeon in Black Deborah E. Willis, 2010-10 Very few would dare to compare any person past or present to the great 19th century preacher C H Spurgeon However this author defies the masses and presents to the world Rev Walter Bowie Jr one of the few African American reformed preachers in America and perhaps the world Rev Bowie s letters articles and sermons have stirred the souls of many individuals taking them from disgrace to grace that is only found at the foot of the Cross of our Lord and Savior Jesus Christ As with many reformed thinkers Rev Bowie s theological and philosophical position on many subjects presented in this collection are controversial They have been particularly challenging to the traditional African American religious beliefs and world view As witnessed by the falling away of many from the church and its fundamental beliefs very few would dare to walk in the theological shoes of C H Spurgeon however this one man stands tall in those shoes and has found God s grace to be sufficient in these dark days The author Deborah E Willis a close personal friend of Rev Walter Bowie Jr realized the value of his writings when she was just a child She began collecting his letters articles studies in theology and sermons when she was 15 years old and now as an adult is providing the collection to the world Ms Willis works as a Marriage and The Cross Bearing of a Pastor s Wife

The Landscape in Black and White Oliver Schuchard, 2005 In this magnificent book Oliver Schuchard provides more than sixty five exquisite black and white photographs spanning his thirty eight years of photography In addition he explains the aesthetic rationale and techniques he used in order to produce these photographs emphasizing the profound differences between yet necessary interdependence of craft and content Although Schuchard believes that craft is important he maintains that the idea behind the photograph and the emotional content of the image are equally vital and are in fact functions of one another The author also shares components of his life experience that he believes helped shape his development as an artist and a teacher He chose the splendid photographs included in this book from among nearly 5 000

negatives that had been exposed all over the world from Missouri to Maine California Alaska Colorado France Newfoundland and Hawaii among many other locations Approximately 250 negatives survived the initial review and each of those was printed before a final decision was made on which photographs were to be featured in the book The final choices are representative of Schuchard's work and serve to substantiate his belief that craft concept and self must be fully understood and carefully melded for a good photograph to occur This amazing work by award winning photographer Oliver Schuchard will be treasured by professional and amateur photographers alike as well as by anyone who simply enjoys superb photography
