Reflections On Resemblance Ritual And Religion

Pankaj Jain, Jeffery D. Long

Reflections On Resemblance Ritual And Religion:

Reflections on Resemblance, Ritual, and Religion Brian K. Smith, 1998 The classical Vedic texts that deal with large scale sacrificial ritual and those writings that deal with domestic ritual have traditionally been treated as unrelated The former are devoted to the explication of rituals that are dominated by wealthy male elites the latter concern humble private ceremonies more open to female participation Reflections on Resemblance Ritual and Religion argues that there is in fact a fundamental connection between these two large and important bodies of Indic religious literature Ritual Theory, Ritual Practice Catherine Bell, 1992-01-30 Ritual studies today figures as a central element of religious discourse for many scholars around the world Ritual Theory Ritual Practice Catherine Bell's sweeping and seminal work on the subject helped legitimize the field In this volume Bell re-examines the issues methods and ramifications of our interest in ritual by concentrating on anthropology sociology and the history of religions Now with a new foreword by Diane Jonte Pace Bell's work is a must read for understanding the evolution of the field of ritual studies and its current state *Identity as Reasoned Choice* Jonardon Ganeri, 2012-01-12 Drawing on Indian discussions of public and practical reason the book argues that individual moral and political identity is a formation of reason **Religion, Narrative and Public Imagination in South Asia** James Hegarty, 2013-03 The Sanskrit Mahabharata is one of the greatest works of world literature and pivotal for the understanding of both Hindu traditions and wider society in ancient medieval and modern South Asia This book presents a new synthesis of philological anthropological and cognitive linguistic method and theory in relation to the study of narrative text by focusing on the form and function of the Mahabharata in the context of early South Asia Arguing that the combination of structural and thematic features that have helped to establish the enduring cultural centrality of religious narrative in South Asia was first outlined in the text the book highlights the Mahabharata's complex orientation to the cosmic social and textual past The book shows the extent to which narrative is integral to human social life and more generally the creation and maintenance of religious ideologies It highlights the contexts of origin and transmission and the cultural function of the Mahabharata in first millennium South Asia and by extension in medieval and modern South Asia by drawing on both textual and epigraphic sources The book draws attention to what is culturally specific about the origination and transmission of early South Asian narrative and what can be used to enrich our orientation to narrative in human social life more globally The Robert Bellah Reader Robert N. Bellah, 2006-10-09 A collection of twenty eight of the seminal essays of Robert N Bellah a visionary leader in the social study of religion and lead author of the bestselling Habits of the Heart **Indian and Western Philosophical Concepts in Religion** Pankaj Jain, Jeffery D. Long, 2022-12-19 Philosophical concepts are influential in the theories and methods to study the world religions Even though the disciplines of anthropology and religious studies now encompass communities and cultures across the world the theories and methods used to study world religions and cultures continue to be rooted in Western philosophies For instance one of the most widely used textbooks used in introductory

courses on religious studies introduces major theoreticians such as Edward Burnett Tylor James Frazer Sigmund Freud Emile Durkheim Karl Marx Max Weber Mircea Eliade William James E E Evans Pritchard and Clifford Geertz Their theories are based on Western philosophy In contrast in Indic philosophical systems such as Buddhism Hinduism and Jainism one of the common views on reality is that the world both within one self and outside is a flow with nothing permanent both the observer and the observed undergoing constant transformation This volume is based on such innovative ideas coming from different Indic philosophies and how they can enrich the theory and methods in religious studies *Holy Things* Nathan McGovern, 2024 A common religious practice in Buddhist Thailand is asking holy things for help in return for an offering These holy things include local spirits Hindu gods and famous Buddha images which Thai people worship all in the same way Some people and even Thai Buddhists themselves have argued that this is syncretism a mixture of religions *Holy Things* shows that what appears to be syncretism is actually an illusion The worship of holy things is not a mixture of different religions but the category of holy things is a mixture of different ways of talking about religion *Authority, Anxiety, and Canon* Laurie L. Patton, 1994-07-01 *Authority Anxiety and Canon* elucidates a principle fundamental to Hinduism's self understanding the Veda while at the same time examining the methodological issues of the role of canon in religious tradition Spanning the early periods of Indian religious history up to the twentieth century the book combines theoretical sophistication and detailed scholarship to produce one of the first comprehensive works on Vedic interpretation since Louis Renou's *Le Destin Du Veda* **Veda and Torah** Barbara A. Holdrege, 2012-02-01 Enlarges our understanding of the term scripture through a comparative study of Veda and Torah **Beyond Sacred Violence** Kathryn McClymond, 2008-07-02 Winner 2009 Georgia Author of the Year Award for Creative Nonfiction For many Westerners the term sacrifice is associated with ancient often primitive ritual practices It suggests the death frequently violent often bloody of an animal victim usually with the aim of atoning for human guilt Sacrifice is a serious ritual culminating in a dramatic event The reality of religious sacrificial acts across the globe and throughout history is however more expansive and inclusive In *Beyond Sacred Violence* Kathryn McClymond argues that the modern Western world's reductive understanding of sacrifice simplifies an enormously broad and dynamic cluster of religious activities Drawing on a comparative study of Vedic and Jewish sacrificial practices she demonstrates not only that sacrifice has no single essential identifying characteristic but also that the elements most frequently attributed to such acts death and violence are not universal McClymond reveals that the world of religious sacrifice varies greatly including grain based offerings precious liquids and complex interdependent activities Engagingly argued and written *Beyond Sacred Violence* significantly extends our understanding of religious sacrifice and serves as a timely reminder that the field of religious studies is largely framed by Christianity **Ritual** Catherine Bell, 2009-12-29 From handshakes and toasts to chant and genuflection ritual pervades our social interactions and religious practices Still few of us could identify all of our daily and festal ritual behaviors much less explain them to an outsider Similarly because of the

variety of activities that qualify as ritual and their many contradictory yet in many ways equally legitimate interpretations ritual seems to elude any systematic historical and comparative scrutiny In this book Catherine Bell offers a practical introduction to ritual practice and its study she surveys the most influential theories of religion and ritual the major categories of ritual activity and the key debates that have shaped our understanding of ritualism Bell refuses to nail down ritual with any one definition or understanding Instead her purpose is to reveal how definitions emerge and evolve and to help us become more familiar with the interplay of tradition exigency and self expression that goes into constructing this complex social medium

Textual Sources for the Study of Hinduism Wendy Doniger, 1988 Hayagrīva in South India Kamala Elizabeth Nayar, 2004-03-01 This book is about how mythology may be purposively adapted in the service of theology It does so at the hand of Hayagr va since the 14th century C E revered as a full form of the Supreme Lord Vi u in the local r vai ava tradition of South India but originally a relatively minor pan Indian deity Convincingly laying bare the complexity in respect of the pan Indian images of Hayagr va it makes clear that there is no single unilinear history of this deity It subsequently reconstructs the r nivai ava History of Hayagr va and brings out the selectivity involved in borrowing materials from the pan Indian and local levels Amidst the incredible complexity encountered here this study exposes however that the emblems and functions of different images show continuity although a god s status may change according to the sect

Gavesanam, Or, On the Track of the Cow ; And, In Search of the Mysterious Word ; And, In Search of the Hidden Light Sebastian J. Carri, 2000 Gavesanam deals with the Vedic discourse on many levels It is mostly with the Rgvedic and the Yajurvedic texts that it does so The work shows a search for an insight into the highly cultivated poetic mind of the Rsis which displays mystery and myth knowledge and secrecy in their creations The first two chapters illustrate with some clarity the method which is adopted in order to come to grips with a few of the symbolic and metaphorical mythic and ritualistic texts and lays the foundation for the rest of the essay The approach is interpretive and therefore necessarily speculative In the main the procedure is neither classificatory nor descriptive of the texts since many scholars have done excellent work in this manner The present exercise highlights the importance of the Vedic Ida the Vedic World the Vedic gods and goddesses like the Mitravaruna Agni Vak Visnu Sarasvat Soma and so on from an interpretive point of view A few figures make comprehension easier and more concrete The work as a whole may be considered to be a long essay of progressive approximations which means that the thoughts that are presented have to be corrected and complemented by further approximations in a truly academic and scientific spirit Such an effort opens a new way for a better understanding and appreciation of the Vedic and the post Vedic literature and culture

Auspicious Wisdom Douglas Renfrew Brooks, 1992-01-01 Rooting itself in Kashmir Shaivism rividy became a force in South India no later than the seventh century and eventually supplanted the Trika as the dominant Tantric tradition in Kashmir This is the first comprehensive study of the texts and traditions of this influential school of goddess centered kta Tantrism Centering on the

goddess's three manifestations the beneficent deity Lalita Tripurasundari her mantra and the visually striking sricakra rividly creates a systematic esoteric discipline that combines elements of the yogas of knowledge of devotion and of ritual Utilizing canonical works historical commentaries and the interpretive insights of living practitioners this book explores the theological and ritual theories that form the basis for rividly practice and offers new methods for critical and comparative studies of esoteric Hinduism

African Americans and the Bible Vincent L. Wimbush, 2012-09-01 Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans From literature and the arts to popular culture and everyday life the Bible courses through black society and culture like blood through veins Despite the enormous recent interest in African American religion relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible African Americans and the Bible is the fruit of a four year collaborative research project directed by Vincent L Wimbush and funded by the Lilly Endowment It brings together scholars and experts sixty eight in all from a wide range of academic and artistic fields and disciplines including ethnography cultural history and biblical studies as well as art music film dance drama and literature The focus is on the interaction between the people known as African Americans and that complex of visions rhetorics and ideologies known as the Bible As such the book is less about the meaning's of the Bible than about the Bible and meaning's less about the world's of the Bible than about how worlds and the Bible interact in short about how a text constructs a people and a people constructs a text It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general Thus African Americans and the Bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed

Jewish Blood Mitchell Hart, 2009-06-02 This book provides a multidisciplinary examination of the age old issue of Jewish blood in all its various manifestations both real and imagined It provides historical religious and cultural examples ranging from the Blood Libel through to the poetry of Uri Zvi Greenberg

The Artful Universe William K. Mahony, 1998-01-01 Provides an accessible introduction to the Vedic religious world by focusing on the role of divine and human imagination in sacred texts

The Sense of Adharma Ariel Glucklich, 1994 Addressing one of the most difficult conceptual topics in the study of classical Hinduism Ariel Glucklich presents a rigorous phenomenology of dharma or order The work moves away from the usual emphasis on symbols and theoretical formulations of dharma as a religious and moral norm Instead it focuses on images that emerge from the basic experiential interaction of the body in its spatial and temporal contexts such as the sensation of water on the skin during the morning purification or the physical manipulation of the bride during the marriage ritual Images of dharma are examined in myths rituals art and even the physical landscape of the Hindu world The varied and contingent experiences of dharma infuse it with a meaning that transcends a false analytical distinction from adharma or chaos Glucklich shows that when dharma is experienced by means of living images it becomes inescapably temporal and therefore inseparable from adharma

Studying Religion Russell T. McCutcheon, 2014-12-05 Widely used as a primer a text and a provocation to critical thinking Studying Religion aims to develop students skills The book clearly explains the methods and theories employed in the study of religion Essays are offered on a range of topics from the history and functions of religion to public discourse on religion and the classification of religions The works of key scholars from Karl Marx Ludwig Wittgenstein and Rudolf Otto to Mircea Eliade James G Frazer and Sigmund Freud are analysed and explored Studying Religion represents a shift away from the traditional focus of describing the exotic or curious religious Other to an examination of how religious behaviours and institutions are studied The book will be invaluable to students of religious studies

Thank you categorically much for downloading **Reflections On Resemblance Ritual And Religion**. Maybe you have knowledge that, people have see numerous time for their favorite books in imitation of this Reflections On Resemblance Ritual And Religion, but end stirring in harmful downloads.

Rather than enjoying a good book subsequent to a mug of coffee in the afternoon, on the other hand they juggled taking into consideration some harmful virus inside their computer. **Reflections On Resemblance Ritual And Religion** is straightforward in our digital library an online admission to it is set as public appropriately you can download it instantly. Our digital library saves in multiple countries, allowing you to get the most less latency period to download any of our books similar to this one. Merely said, the Reflections On Resemblance Ritual And Religion is universally compatible like any devices to read.
