extensive treatment of this pivotal Reformation event in its historical and theological context The Leipzig Debate not only revealed growing differences between Luther and his opponents but also resulted in further splintering among the Reformation parties which continues to the present day The essays in this volume provide an essential background to the complex theological political ecclesiastical and intellectual issues precipitating the debate They also sketch out the relevance of the Leipzig Debate for the course of the Reformation the interpretation and development of Luther and the ongoing divisions between Protestantism and Roman Catholicism

The Emergence of Pastoral Authority in the French Reformed Church (c.1555-c.1572) Gianmarco Braghi,2021-07-19 In The Emergence of Pastoral Authority in the French Reformed Church c 1555 c 1572 Gianmarco Braghi offers a broad overview of the issues and ambiguities connected to the implementation of the authority of the first generation of Geneva trained French Reformed pastors and of their implications for the character and identity of the early French Reformed movement at large using them as a prism for historical analysis of the transition from loose evangelicalism to a nascent synodal consistorial network of Reformed congregations scattered across the kingdom of France

Inside the Vatican Thomas J. Reese S.J.,1998-02-19 There are one billion Catholics in the world today spread over every continent speaking almost every conceivable language and all answering to a single authority The Vatican is a unique international organization both in terms of its extraordinary power and influence and in terms of its endurance Popes come and go but the elaborate and complex bureaucracy called the Vatican lives on For centuries it has served and sometimes undermined popes it has been praised and blamed for the actions of the pope and for the state of the church Yet an objective examination of the workings of the Vatican has been unavailable until now Drawing on more than a hundred interviews with Vatican officials this book affords a firsthand look at the people the politics and the organization behind the institution Reese brings remarkable clarity to the almost Byzantine bureaucracy of congregations agencies secretariats tribunals nunciature and offices showing how they serve the pope and through him the universal church He gives a lively account of how popes are elected and bishops appointed how dissident theologians are disciplined and civil authorities dealt with Throughout revealing and colorful anecdotes from church history and the present day bring the unique culture of the Vatican to life The Vatican is a fascinating institution a model of continuity and adaptation which remains constant while functioning powerfully in a changing world As never before this book provides a clear objective perspective on how the enormously complex institution surrounding the papacy operates on a day to day level how it has adapted and endured for close to two thousand years and how it is likely to face the challenges of the next millennium

Humanism and Renaissance Civilization Charles G. Nauert,2023-04-21 The essays collected in this volume represent many years of Professor Nauert s research and teaching on the history of Renaissance humanism and more particularly on humanism north of the Alps Much of the early work involved the significant but often overlooked history of humanism at the University of Cologne notoriously the most anti humanist of the German universities Later essays deal with the most famous humanist of

the early sixteenth century Erasmus of Rotterdam and natural philosophy a broad term covering many subjects now associated with natural science is the topic of three of the pieces published here Taken as a whole the book presents a detailed study of intellectual development among European elites

King James VI and I and the Reunion of Christendom W. B. Patterson, 2000-09-14 This book shows King James VI and I king of Scotland and England in an unaccustomed light Long regarded as inept pedantic and whimsical James is shown here as an astute and far sighted statesman whose reign was focused on achieving a permanent union between his two kingdoms and a peaceful and stable community of nations throughout Europe

The Church's Worship Thaddaeus A. Schnitker, 2009-11-01 Readers, Texts and Compilers in the Earlier Middle Ages Martin Brett, Kathleen G. Cushing, 2017-05-15 Reflecting the focus but also range of their honorand s work in medieval canon law in the era before Gratian the essays in this volume explore the creation and transmission of canonical texts and the motives of their compilers but also address the issues of how the law was interpreted and used by diverse audiences in the earlier middle ages with especial focus on the eleventh and early twelfth centuries These issues have lain at the heart of Linda Fowler Magerl s distinguished body of scholarly work on judicial ordines and procedural literature on the transmission of canonical texts and their formal sources before Gratian and perhaps most especially her pioneering role in the creation of a database of canon law manuscripts before Gratian now published as *Clavis canonum* Linda Fowler Magerl s work has fundamentally transformed our understanding of canonistic activity in the era before Gratian and its reception across the Church throughout Europe Individually the scholars whose studies are included in this volume offer new viewpoints on several key issues and questions relating to the creation of canonical texts the concerns of their compilers and the transmission of their work as well as the use of such texts by readers with the most various interests in the period As a whole the volume contributes to an understanding of the increasing importance of the written law for a far wider circle than Roman reformers and local advocates These issues are especially highlighted by the editors introduction

Jean Gerson and Gender N. McLoughlin, 2016-01-12 Jean Gerson and Gender examines the deployment of gendered rhetoric by the influential late medieval politically active theologian Jean Gerson 1363 1429 as a means of understanding his reputation for political neutrality the role played by royal women in the French royal court and the rise of the European witch hunts

The Discernment of Spirits Wendy Love Anderson, 2011 Anderson succeeds in neatly fitting together selected pieces of the history of discernment of spirits to provide a valuable readable description of the contours of its evolution in the late Middle Ages Debra L Stoudt Virginia Polytechnic Institute and State University The Medieval Review Late medieval Christians lived in a world of visions but they knew that not all visions came from God angels demons illness nature or passion could also inspire an apparent divine visitation During the thirteenth and fourteenth centuries the involvement of visionaries in everything from reform movements to military campaigns to papal schisms raised the political and spiritual stakes of determining whether or not a vision was truly from God In response a diverse group of

medieval thinkers including men and women clergy and laity visionaries and theologians gradually began to transform the loose patristic readings of Pauline *discretio spirituum* into a system with the potential to distinguish between true and false visions and between genuine and delusional visionaries Wendy Love Anderson chronicles the historical political and spiritual struggles behind the flowering of late medieval mysticism and what came to be seen as the Christian doctrine of discernment of spirits

Heresy and Authority in Medieval Europe Edward Peters, 1980 Throughout the Middle Ages and early modern Europe theological uniformity was synonymous with social cohesion in societies that regarded themselves as bound together at their most fundamental levels by a religion To maintain a belief in opposition to the orthodoxy was to set oneself in opposition not merely to church and state but to a whole culture in all of its manifestations From the eleventh century to the fifteenth however dissenting movements appeared with greater frequency attracted more followers acquired philosophical as well as theological dimensions and occupied more and more the time and the minds of religious and civil authorities In the perception of dissent and in the steps taken to deal with it lies the history of medieval heresy and the force it exerted on religious social and political communities long after the Middle Ages In this volume Edward Peters makes available the most compact and wide ranging collection of source materials in translation on medieval orthodoxy and heterodoxy in social context Index of Conference Proceedings Received British Library. Lending Division, 1983

Renaissance Et Réforme, 1983 Martin Luther Heinz Schilling, 2017 A comprehensive and balanced biography of Martin Luther from one of Germany's leading social and political historians It paints Luther not as a lone hero but as a soldier in a mighty struggle for religion and its role in the world a difficult contradictory character who changed the world by virtue of his immense will Bishops and Power in Early Modern England Marcus K. Harmes, 2013-10-24 Armed with pistols and wearing jackboots Bishop Henry Compton rode out in 1688 against his King but in defence of the Church of England and its bishops His actions are a dramatic but telling indication of what was at stake for bishops in early modern England and Compton's action at the height of the Restoration was the culmination of more than a century and a half of religious controversy that engulfed bishops Bishops were among the most important instruments of royal religious national and local authority in seventeenth century England While their actions and ideas trickled down to the lower strata of the population poor opinions of bishops filtered back up finding expression in public forums printed pamphlets and more subversive forms including scurrilous verse and mocking illustrations Bishops and Power in Early Modern England explores the role and involvement of bishops at the centre of both government and belief in early modern England It probes the controversial actions and ideas which sparked parliamentary agitation against them demands for religious reform and even war Bishops and Power in Early Modern England examines arguments challenging episcopal authority and the counter arguments which stressed the necessity of bishops in England and their status as useful and godly ministers The book argues that episcopal writers constructed an identity as reformed agents of church authority Charting the development of this identity over a

hundred and fifty years from the Reformation to the Restoration this book traces the history of early modern England from an original and highly significant perspective This book engages with many aspects of the social political and religious history of early modern England and will therefore be key reading for undergraduates and postgraduates and researchers working in the early modern field and anyone who has an interest in this period of history

The Ends Of Science Harry Redner, 2019-07-11 In this path breaking and controversial book Harry Redner provides a systematic study of how the epistemologically interesting features of contemporary science are to be understood Taking science to include knowledge from the social sciences and humanities as well as the physical sciences Redner shows how the history of science philosophical theory and current scientific research reveal connections between scientific developments and features of the social organization of science Redner argues that the shift from Classical science to a more complex and less orderly World science after World War II has changed the way scientific research is done and how its knowledge is organized His aim however is not merely to interpret science but to change it Thus this examination is more than a survey and critique it is a positive program for the development of future science Remarkable for its breadth and insight the book is especially valuable for its discussions of authority and social organization with the accompanying themes of academic politics competition power and corruption and for its catalog of the various contemporary critiques of science Some of these are European in origin and will be new to many U S readers A tour de force on several levels this book is essential reading for scientists philosophers sociologists of science historians of ideas critics of contemporary culture and indeed for anyone who takes a serious interest in scientific research and higher learning
