Rudyard Kipling Hell And Heroism:

Rudyard Kipling W. Dillingham, 2016-01-28 VictorianStudies on theWebCritics Choice Rudyard Kipling Hell and Heroism is an exploration of two fundamental yet greatly neglected aspects of the author's life and writings his deep seated pessimism and his complex creed of heroism The method of the book is both biographical and critical Biographically it traces the roots of Kipling's dark worldview and his search for something to believe in a way of thinking and acting in defiance of life's hellishness There matters were more basic to him than any of his social or political opinions but this the first full length study devoted to them Critically the book takes a fresh and close look at some of Kipling's most important works The result challenges long established assumptions and amounts to a major reconsideration of novels like Kim and stories like Mary Postgate and The Gardener Central in these discussions of individual writings is Kipling's concern with the heroic life but of equal importance is the analysis and evaluation of them as works of art Avoiding the tangled and special language of some recent literary theory this will appeal to a wide audience of those interested in Kipling's mind and art **Rudyard Kipling**

1830-1900 Martin Middeke, Monika Pietrzak-Franger, 2020-05-05 Part I of this authoritative handbook offers systematic essays which deal with major historical social philosophical political cultural and aesthetic contexts of the English novel between 1830 and 1900 The essays offer a wide scope of aspects such as the Industrial Revolution religion and secularisation science technology medicine evolution or the increasing mediatisation of the lifeworld Part II then leads through the work of more than 25 eminent Victorian novelists Each of these chapters provides both historical and biographical contextualisation overview close reading and analysis They also encourage further research as they look upon the work of the respective authors at issue from the perspectives of cultural and literary theory **Heroes and Heroism in British Fiction Since**

1800 Barbara Korte, Stefanie Lethbridge, 2016-11-09 This book is about the manifestations and explorations of the heroic in narrative literature since around 1800 It traces the most important stages of this representation but also includes strands

that have been marginalised or silenced in a dominant masculine and higher class framework the studies include explorations of female versions of the heroic and they consider working class and ethnic perspectives The chapters in this volume each focus on a prominent conjuncture of texts histories and approaches to the heroic Taken together they present an overview of the literary heroic in fiction since the late eighteenth century

In Our Own Image: Fictional Representations of

William Shakespeare David Livingstone,2020 This publication looks at fictional portrayals of William Shakespeare with a focus on novels short stories plays occasional poems films television series and even comics In terms of time span the analysis covers the entire twentieth century and ends in the present day The authors included range from well known figures G B Shaw Kipling Joyce to more obscure writers The depictions of Shakespeare are varied to say the least with even interpretations giving credence to the Oxfordian theory and feminist readings involving a Shakespearian sister of sorts The main argument is that readings of Shakespeare almost always inform us more about the particular author writing the specific work than about the historical personage

Imperial Pharmakon Sandhya Shetty,2025-09-26 In Imperial Pharmakon

Sandhya Shetty tells a story of western medicine in colonial India that is multi sided full of surprises and unexpected detours Highlighting side effects and complications she nuances the conventional narrative that medicine in colonial places was consistently oppressive and evenly commanding or unrelievedly prosaic in its articulations Bringing into focus its official and informal entanglement in projects of colonial poesis the book explicates medicine s grand rhetoric sluggish humors and often violent administrative argot on one hand and its seductive address its creation of new desires and proximities and its allyship with endeavors beyond its remit on the other This examination of medicine s reversible moods is anchored in British India a colony that had the longest exposure to imperial rule and administration India offers a unique set of historical materials that permits Shetty s long and wide view of her subject While a transimperial lens articulates colonial and metropolitan medical history making the networked relationality of medicine newly visible and meaningful the book s longue dur e approach illumines broad shifts that develop and disclose themselves over time The singularity of the British Indian case also prompts this study s reimagination of geographies actors and issues deemed relevant in established scholarship on colonial medicine and studies of literature and medicine Imperial Pharmakon de provincializes the latter and deepens the former by rendering the colonial medical past in a different key Insisting on the analytic salience of literary and post colonial forms of knowing this book also brings a fresh ecological perspective to its reading Moving across individual and collective scales and human nonhuman divides Shetty offers granular readings of historical events and figures simultaneously keeping an eye on perimedical figures the animal unacknowledged connections America and structuring concepts friend enemy that take us beyond colonial medicine proper yet reveal themselves to be elements of its ecological unconscious its thanatopolitical grammar or its primordial capacity for hospitality

Being Kipling W. Dillingham,2016-04-30 Being Kipling exposes

Rudyard Kipling s identity as he himself perceived it through the lens of a collection of works composed over a period of

years and brought together in the volume *Land and Sea Tales for Scouts and Guides* Dillingham uses this extraordinary collection ostensibly put together for the inspiration of Boy Scouts and Girl Guides and frequently ignored by critics and biographers to offer rare insight into formative events from Kipling's youth that shaped his personality and made him the man and writer that he became The eight stories eight poems and three essays of *Land and Sea Tales for Scouts and Guides* are all examined closely both for what they reveal about Kipling's life and worldview and for their rarely perceived but considerable literary merit *Kipling's Art of Fiction 1884-1901* David Sergeant, 2013-10 David Sergeant grew up in west Cornwall and studied English at Oxford where he is now a Junior Research Fellow He is a published poet and has also written on Robert Burns and Ted Hughes **Kipling and Beyond** C. Rooney, K. Nagai, 2010-10-13 Featuring an internationally distinguished list of contributors *Kipling and Beyond* reassesses Kipling's texts and their reception in order to explore new approaches in postcolonial studies The collection asks why Kipling continues to be a significant cultural icon and what this legacy means in the context of today's Anglo American globalization *How the Few Became the Proud* Heather Venable, 2019-11-15 For more than half of its existence members of the Marine Corps largely self identified as soldiers It did not yet mean something distinct to be a Marine either to themselves or to the public at large As neither a land based organization like the Army nor an entirely sea based one like the Navy the Corps missions overlapped with both institutions This work argues that the Marine Corps could not and would not settle on a mission and therefore it turned to an image to ensure its institutional survival The process by which a maligned group of nineteenth century naval policemen began to consider themselves to be elite warriors benefited from the active engagement of Marine officers with the Corps historical record as justification for its very being Rather than look forward and actively seek out a mission that could secure their existence late nineteenth century Marines looked backward and embraced the past They began to justify their existence by invoking their institutional traditions their many martial engagements and their claim to be the nation's oldest and proudest military institution This led them to celebrate themselves as superior to soldiers and sailors Although there are countless works on this hallowed fighting force *How the Few Became the Proud* is the first to explore how the Marine Corps crafted such powerful myths *The British Short Story* Emma Liggins, Andrew Maunders, Ruth Robbins, 2017-09-16 The short story remains a crucial if neglected part of British literary heritage This accessible and up to date critical overview maps out the main strands and figures that shaped the British short story and novella from the 1850s to the present It offers new readings of both classic and forgotten texts in a clear jargon free way **Burma, Kipling and Western Music** Andrew Selth, 2016-11-03 For decades scholars have been trying to answer the question how was colonial Burma perceived in and by the Western world and how did people in countries like the United Kingdom and United States form their views This book explores how Western perceptions of Burma were influenced by the popular music of the day From the First Anglo Burmese War of 1824-6 until Burma regained its independence in 1948 more than 180 musical works with Burma related themes were

written in English speaking countries in addition to the many hymns composed in and about Burma by Christian missionaries Servicemen posted to Burma added to the lexicon with marches and ditties and after 1913 most movies about Burma had their own distinctive scores Taking Rudyard Kipling s 1890 ballad Mandalay as a critical turning point this book surveys all these works with emphasis on popular songs and show tunes also looking at classical works ballet scores hymns soldiers songs sea shanties and film soundtracks It examines how they influenced Western perceptions of Burma and in turn reflected those views back to Western audiences The book sheds new light not only on the West s historical relationship with Burma and the colonial music scene but also Burma s place in the development of popular music and the rise of the global music industry In doing so it makes an original contribution to the fields of musicology and Asian Studies *Pariah in the Desert* Todd S. Garth, 2016-08-29 This is the first book in English on Horacio Quiroga Uruguay 1878 Argentina 1937 a canonical author whose works are read by all advanced students of Spanish in the US and many other countries The study examines Quiroga s work through the theoretical lens of the heroic a lens elaborated in part by means of Quiroga s own disquisitions on the subject and the complementary phenomenon of the monstrous This lens serves to elucidate many evidently obscure and self contradictory aspects of Quiroga s work and its relation to the context in which he lived That context included the neo colonial social and economic milieu of Argentina s fast changing immigrant charged increasingly materialistic society the growing influence of foreign cultural discourses particularly Hollywood film the conflict between the genders in a society that embraced modernity but resisted changes in gender roles the weight of new scientific discourses especially Darwinian evolution in social and political thought and the impact on pedagogical theory and practice of these multiple changing discourses This study discloses the extraordinary range of Quiroga s work which includes erotic romance science fiction and fantasy psychological occult social satire a great variety of juvenile literature outdoor adventure and most familiar to readers in the United States gothic and naturalist horror The book concludes that Quiroga s consistent imperative of the heroic is essential to reconciling these various evidently incompatible aspects of Quiroga s poetics revealing its theoretical and ethical coherence [A Partial Enlightenment](#) Avram Alpert, 2021-04-06 In many ways Buddhism has become the global religion of the modern world For its contemporary followers the ideal of enlightenment promises inner peace and worldly harmony And whereas other philosophies feel abstract and disembodied Buddhism offers meditation as a means to realize this ideal If we could all be as enlightened as Buddhists some imagine we could live in a much better world For some time now however this beatific image of Buddhism has been under attack Scholars and practitioners have criticized it as a Western fantasy that has nothing to do with the actual experiences of Buddhists Avram Alpert combines personal experience and readings of modern novels to offer another way to understand modern Buddhism He argues that it represents a rich resource not for attaining perfection but rather for finding meaning and purpose in a chaotic world Finding unexpected affinities across world literature Rudyard Kipling in colonial India Yukio Mishima in postwar Japan Bessie Head escaping apartheid South Africa as

well as in his own experiences living with Tibetan exiles Alpert shows how these stories illuminate a world in which suffering is inevitable and total enlightenment is impossible Yet they also give us access to partial enlightenments powerful insights that become available when we come to terms with imperfection and stop looking for wholeness A Partial Enlightenment reveals the moments of personal and social transformation that the inventions of modern Buddhism help make possible

African American Fraternities and Sororities Tamara L. Brown, Gregory S. Parks, Clarendia M. Phillips, 2012-01-01

This second edition includes new chapters that address issues such as the role of Christian values in black Greek letter organizations and the persistence of hazing Offering an overview of the historical cultural political and social circumstances that have shaped these groups African American Fraternities and Sororities explores the profound contributions that black Greek letter organizations and their members have made to America At Home and under Fire Susan R.

Grayzel, 2012-01-09 Although the Blitz has come to symbolize the experience of civilians under attack Germany first launched air raids on Britain at the end of 1914 and continued them during the First World War With the advent of air warfare civilians far removed from traditional battle zones became a direct target of war rather than a group shielded from its impact This is a study of how British civilians experienced and came to terms with aerial warfare during the First and Second World Wars Memories of the World War I bombings shaped British responses to the various real and imagined war threats of the 1920s and 1930s including the bombing of civilians during the Spanish Civil War and ultimately the Blitz itself The processes by which different constituent bodies of the British nation responded to the arrival of air power reveal the particular role that gender played in defining civilian participation in modern war **Time, Literature, and Cartography After the Spatial**

Turn Adam Barrows, 2016-06-01 Time Literature and Cartography after the Spatial Turn argues that the spatial turn in literary studies has the unexplored potential to reinvigorate the ways in which we understand time in literature Drawing on new readings of time in a range of literary narratives including Vladimir Nabokov's *Invitation of a Beheading* and James Joyce's *Finnegans Wake* Adam Barrows explores literature's ability to cartographically represent the dense and tangled rhythmic processes that constitute lived spaces Applying the insights of ecological resilience studies as well as Henri Lefebvre's late work on rhythm to literary representations of time this book offers a sustained examination of literature's chronometric imaginary its capacity to map the temporal relationships between the human and the non human the local and the global **Unsustainable Oil**

Jon Gordon, 2016-04-15 Sustainable development is for government and industry at least primarily a way of turning trees into lumber tar into oil and critique into consent a way to defend the status quo of growth at any cost from the Introduction In *Unsustainable Oil Facts Counterfactuals and Fictions* Jon Gordon makes the case for re-evaluating the theoretical political and environmental issues around petroleum extraction Doing so he argues will reinvigorate our understanding of the culture and the ethics of energy production in Canada Rather than looking for better facts or better interpretations of the facts Gordon challenges us to embrace the future after oil Reading fiction can help us understand the cultural ecological crisis that we

inhabit In Unsustainable Oil using the lens of Alberta's bituminous sands he asks us to consider literature's potential to open space for creative alternatives

Language, Power, and Ideology in Political Writing: Emerging Research and Opportunities Çakırtaş, Önder, 2019-06-28 Politics and political literature studies have emerged as one of the most dynamic areas of scrutiny Relying on ideological as well as socio political theories politics have contributed to cultural studies in many ways especially within written texts such as literary works As few critics have investigated the intersections of politics and literature there is a tremendous need for material that does just this *Language Power and Ideology in Political Writing Emerging Research and Opportunities* is an essential reference book that focuses on the use of narrative and writing to communicate political ideologies This publication explores literature spurring from politics the disadvantages of political or highly ideological writing writers awareness of the outside world during the composition process and how they take advantage of political writing Featuring a wide range of topics such as gender politics indigenous literature and censorship this book is ideal for academicians librarians researchers and students specifically those who study politics international relations cultural studies women's studies gender studies and political and ideological studies

Literary and Cultural Readings of Goddess Spirituality Anway Mukhopadhyay, 2016-12-14 This volume explores the potentials of Goddess spirituality in the field of cultural critique and strings together innovative readings of already existing literary texts and cultural phenomena from the critical perspective of Goddess spirituality The chapters explore a colourful array of texts and authors and focus on issues as diverse as the persistence of the figure of the Magna Mater in the life writing and thought of Swami Vivekananda and Sri Aurobindo the inability of Advaita Vedanta to come out of the shadow of the Great Mother the possibility of pluralizing the Eurocentric notion of the Muse by invoking the figure of Goddess Sarasvati in the field of English Studies and a reappraisal of Kipling's Kim from the perspective of the philosophical and spiritual discourses of Prajnaparamita the Buddhist Goddess of Perfect Wisdom The book also offers a comparative study of Minoan Goddess Spirituality and tantric philosophy with reference to Aphrodite Diotima and the Indian Mother Goddesses the possibility of simultaneously tantricizing notions of modernity and modernizing tantra itself with reference to the works of Lata Mani and William Schindler and an investigation of the Mother centric spiritual sensibilities in various religious discourses and devotional literatures among other discussions In short this book investigates the possibilities of inserting the figure of the Great Mother into the critical domain of cultural pluralism thereby celebrating a multiculturalism that is not based on violence and conflict antagonism but grounded in harmony The Mother is seen by the discourse articulated here mainly as a middle ground between flesh and spirit knowledge and passion justice and compassion and in the red shadow of the Mother social epistemologies and academic discourses are radically renegotiated
