selective list of publications for the period offering some 25 200 entries no annotations arranged by nationality and linguistic groups Most entries concern literary currents in drama since the last third of the 19th century playwrights who lived at least part of their lives in the 20th century noted directors and performance theory For students and scholars of modern dramatic literature While annual supplements of recent publications appear in the journal *Modern Drama* new compilers took a publication date of 1991 as their starting point for listings leaving some 2 000 items collected after 1992 appearing only in this volume Annotation copyrighted by Book News Inc Portland OR *Irish Drama and the Other Revolutions* Susan Cannon Harris, 2017-06-23 The first modern Irish playwrights emerged in London in the 1890s at the intersection of a rising international socialist movement and a new campaign for gender equality and sexual freedom *Irish Drama and the Other Revolutions* shows how Irish playwrights mediated between the sexual and the socialist revolutions and traces their impact on left theatre in Europe and America from the 1890s to the 1960s Drawing on original archival research the study reconstructs the engagement of Yeats Shaw Wilde Synge O Casey and Beckett with socialists and sexual radicals like Percy Bysshe Shelley William Morris Edward Carpenter Florence Farr Bertolt Brecht and Lorraine Hansberry ***Irish Identity and the Literary Revival*** George Watson, 2023-02-28 First published in 1979 *Irish Identity and the Literary Revival* through the works of W B Yeats James Joyce J M Synge and Sean O Casey documents the complex spectrum of political social and other pressures that helped fashion modern Ireland At least three sets of cultural assumptions coexisted in Ireland during the years between 1890 and 1930 English Irish and Anglo Irish each united by a common language but divided by considerable tensions and strain The question of Irish identity forms the central theme of the study and illustrates how it was a major even obsessive concern for these writers Subsidiary and interwoven themes constantly recur Themes such as the concepts of the peasant and the hero political nationalism the meaning of Ireland s history and the validity of her cultural traditions Rather than use the literature concerned as merely endorsing evidence for a sociological or political thesis this study allows its major themes and issues to emerge and develop from direct and close study of the work of the writers This book will be of interest to students of literature and history
