Search Within A Course In Mediation:

Critical Literacy for Information Professionals Sarah McNicol, 2016-04-19 This edited collection explores critical literacy theory and provides practical guidance to how it can be taught and applied in libraries Critical literacy asks fundamental questions about our understanding of knowledge Unlike more conventional approaches to literacy and resource evaluation with critical literacy there is no single correct way to read and respond to a text or resource A commitment to equity and social justice sets critical literacy apart from many other types of literacy and links it to wider societal debates such as internationalization community cohesion and responses to disability The book provides a foundation of critical literacy theory as applied to libraries combines theory and practice to explore critical literacy in relation to different user groups and offers practical ways to introduce critical literacy approaches in libraries Contributed to by international experts from across library sectors the book covers topics including radical information literacy as an approach to critical literacy education critical literacy and mature students physical and digital disability access in libraries teaching critical literacy skills in a multicultural multilingual school community teaching media literacy developing critical literacy skills in an online environment new media and critical literacy Critical Literacy for Information Professionals also contains a series of practically focussed case studies that describe tools or approaches that librarians have used to engage users in critical literacy Drawing on examples from across library sectors including schools public libraries universities workplaces and healthcare these illustrate how critical literacy can be applied across a variety of library settings including online and new media environments Accessible to those with little knowledge of critical literacy while also introducing debates and ideas to those with more experience of the field this book will be essential reading for librarians information professionals and managers in all sectors students of library and information science school and higher education teachers and researchers

In Search of Peace Neville Chamberlain, 2022-08-16 In In Search of Peace Neville Chamberlain articulates his vision of international diplomacy and the pursuit of stability in a tumultuous pre World War II era Written in a reflective prose style the book weaves Chamberlain's personal experiences and political philosophies into a narrative exploring the delicate balance between appeasement and aggression Through a careful analysis of European politics he advocates for negotiated settlements emphasizing the dire consequences of misunderstanding and conflict The text serves as a historical document providing insights into the values that shaped 20th century diplomacy and the precarious nature of peace efforts during the rise of totalitarian regimes Neville Chamberlain the British Prime Minister from 1937 to 1940 is often remembered for his controversial policy of appeasement towards Nazi Germany His formative experiences during World War I and subsequent political career informed his belief in diplomacy's potential to prevent large scale conflict Chamberlain's dedication to peace was born out of a desire to avoid the devastating repercussions of war a sentiment that permeates his writing and decision making reflecting the historical context of growing tensions in Europe This book is essential for readers who seek to

understand the complexities of diplomatic strategies prior to World War II Chamberlain's insights offer valuable lessons on the challenges of leadership in times of crisis and the moral quandaries of a statesman *In Search of Peace* invites contemporary audiences to reflect on the necessity of dialogue in resolving disputes making it a compelling read for historians political scientists and general readers alike
