

A silhouette of a person stands on a dark, rocky outcrop or cliff edge, looking out over a vast, hazy landscape under a dramatic, orange and yellow sunset sky. The person is positioned on the right side of the frame, facing left. The sky is filled with wispy clouds, and the horizon is visible in the distance. The overall mood is contemplative and serene.

Search for Truth Ernest J. Honigmann, 2016-08-03 The genesis of this book was in 1957 when the author was rejected from a loving courtship because he did not believe in the existence of God To quell the pain and to understand what had happened to him he researched the evidence as to why people believe that God exists The result was this book a predominance of evidence in favor of atheism Further the author found that truth should always be held provisionally not permanently pending discovery of new evidence and insights For example the author's atheism is provisional His search also brought a tough new world If God does not exist we need new concepts for the meaning of life the basis of morality and our unalienable Rights to Life Liberty and the pursuit of Happiness This book offers his solutions to those problems And one more thing The author's recommendation in his final chapter for a new way to search for religious truth forms the most exciting part of this book and possibly the most prophetic Now in 2016 50 years after it had been offered to the world and rejected by the publishers as a threat to their own interests our society has come of age And this book with its eye opening freshness still intact is finally yours to learn from and to enjoy **Seeking Truth** Crae F. Hancock, 2005-12-19 Seeking Truth motivates a person to find truth Most of us exist within a psychological illusion of the truth This illusion of truth exists in a holographic sense We literally exist within our thoughts While covered within an analogous shell one filters any new ideas and thoughts through preconceived parameters In this sense you could hear see or experience bonafide truth but be unable to accept it as the truth for this reason the scientific method for establishing truth necessitates that an experiment must be performed time and time again with the same results In common law the truth shall be established by two or more witnesses May your shell illusion vaporize May you see hear understand and intuit truth Seeking the Truth From Facts Nelson Cheng PhD (H.C)

Myra Jehlen,2008-08-11 Fiction far from being the opposite of truth is wholly bent on finding it out and writing novels is a way to know the real world as objectively as possible In Five Fictions in Search of Truth Myra Jehlen develops this idea through readings of works by Flaubert James and Nabokov She invokes Proust's famous search for lost memory as the exemplary literary process which strives whatever its materials for a true knowledge In Salammb Flaubert digs up Carthage in The Ambassadors James plumbs the examined life and touches at its limits while in Lolita Nabokov traces a search for truth that becomes a trespass In these readings form and style emerge as fiction's means for taking hold of reality which is to say that they are as epistemological as they are aesthetic each one emerging by way of the other The aesthetic aspects of a literary work are just so many instruments for exploring a subject and the beauty and pleasure of a work confirm the validity of its account of the world For Flaubert famously a beautiful sentence was proven true by its beauty James and Nabokov wrote on the same assumption that form and style were at once the origin and the confirmation of a work's truth In Five Fictions in Search of Truth Jehlen shows moreover that fiction's findings are not only about the world but immanent within it Literature works concretely through this form that style this image that word seeking a truth that is equally concrete Writers write and readers read to discover an incarnate secular knowledge and in doing so they enact a basic concurrence between literature and science Some images inside the book are unavailable due to digital copyright restrictions *Time*

Truth in Our World Today Bing Goodman,2025-03-18 Truth in Our World Today addresses the need to find truth which is becoming more obscured and diluted in woke circles that are widening and influencing adults teens and even unsuspecting children today This book

addresses how to find and recognize truth from error It reveals and outlines tactics used by those who oppose truth as they promote destructive agendas This book puts side by side the agendas and dogmas opposing truth contrasting them with unchangeable truths in a way that clear choices can easily be seen These comparisons made without emotional conflict show points on both sides directly and clearly Truth is not often given voice or stage and is often shouted down today Here truth is given voice and perspective which is so hard to find It is my hope that truth becomes easier to discern so it can be readily chosen and can bring true joy into the life of the reader Acting upon unchanging eternal truths taught by Jesus Christ is the way to find happiness and true joy in life
