Season With The Gaa:

All In My Head Lar Corbett, 2012-10-25 For Tipperary hurling defeat in the 2012 All Ireland semi final was heartbreaking For Lar Corbett it was devastating Then again it has never been a straight road for the three time All star and 2010 Player of the Year Deemed not good enough to play for Tipperary at minor level he was nineteen before his unique talent was identified by Nicky English who gave Lar his chance in the All Ireland winning squad of 2001 But this success was to be followed by years of despair as Tipperary hurling floundered managers came and went and a recurring hamstringing condition left his career hanging in the balance The turning point came in 2007 with the arrival of the dream team of Liam Sheedy Eamon O Shea and Michael Ryan Encouraged to play more freely and to exploit his explosive pace Lar soon became one of the most lethal forwards in the game His three goal blitz against Kilkenny in the 2010 All Ireland final is the stuff of legend Following defeat in the 2011 All Ireland final Lar stepped away from the game in February 2012 but was ultimately persuaded to return for the championship Then came the disastrous semi final where tactical changes kept Lar largely out of the game and provoked unprecedented criticism from media and fans alike In *All In My Head* Lar offers a unique insight into what happened on that day and over the turbulent year leading up to it This honest and revealing autobiography is a must read for all fans of the sport of hurling *Hot Hand* Alan Reifman, 2012 Why streaks happen and why they matter

Right on the Numbers Nino Frostino, 2004 The basic subject of the book is to justify which athlete was the Greatest to ever wear a particular number In my research I listed all of the possible uniform numbers 0 to 99 took the finest athletes from the four major sports baseball basketball football and hockey and slotted them under their appropriate uniform number For each player I created a mini biography detailing their finest exploits on the field whether it was All-Star nods championships won records held on field highlights etc Basically I created a case for that athlete to be considered the best to ever wear the number Among the possible uniform numbers I've listed nearly 850 athletes for consideration and provided the accompanying biography At the end of each section I form a debate as to the Greatest to ever wear the number and then make a selection After the selection is posted I then list some quotes made by or about the athlete for the reader to gain even more insight into the player Even if the reader is not overly concerned about the choice as to the Greatest under each uniform number the book also serves as a wonderful reference guide If the reader is interested in finding out more about any of the listed athletes it's easy to look up the player and find out who he played for and what he did between the white lines In either case Right On the Numbers serves multiple uses and is a must-have for any true sports fan
