The ability to effectively communicate with individuals from different linguistic and cultural backgrounds is an invaluable asset. Learning a second language proves useful as students navigate the culturally diverse world; however, studying a second language can be difficult for learners who are not immersed in the real and natural environment of the foreign language. Also, changes in education and advancements in information and communication technologies pose a number of challenges for implementing and maintaining sound practices within technology-enhanced language learning. TELL Cross Cultural Perspectives on Technology-Enhanced Language Learning provides information on educational technologies that enable language learners to have access to authentic and useful language resources. Readers will explore themes such as language pedagogy, how specific and universal cultural contexts influence audio-visual media used in technology-enhanced language learning, TELL, and the use of English video games to promote foreign language learning. This book is a valuable resource for academicians, education practitioners, advanced level students, and school administrators seeking to improve language learning through technology-based resources.

**In Search of Belonging** Jillian M Baez, 2018-02-21. *In Search of Belonging* explores the ways Latina audiences in general and women in particular make sense of and engage both mainstream and Spanish language media. Jillian M Baez's eye-opening ethnographic analysis draws on the experiences of a diverse group of Latinas in Chicago. In-depth interviews reveal Latinas viewing media images through a lens of citizenship. These women search for nothing less than recognition and belonging through representations of Latinas in films, advertising, telenovelas, and TV shows like *Ugly Betty* and *Modern Family*. Baez's personal interactions and research merge to create a fascinating portrait, one that privileges the perspectives of the women themselves as they consume media in complex, unpredictable ways. Innovative and informed by a wealth of new evidence, *In Search of Belonging* answers important questions about the ways Latinas perform citizenship in today's America.

**Cities and the Circulation of Culture in the Atlantic World** Leonard von Morzé, 2017-06-29. This book provides a much-needed comparative approach to the history of cities by investigating the dissemination of cultural forms between cities of the Atlantic world. The contributors attend to the various forms and norms of cultural representation in Atlantic history, examining a wealth of diverse topics such

as the Portuguese Atlantic the Spanish Empire Guy Fawkes and the conspiratorial rhetoric of slaves Albert Charles Wulffleff and the Parc Mus e of Dakar and the writings of Jane Austen Alexis de Tocqueville Benjamin Franklin and others By interpreting Atlantic urban history through sustained attention to customs and representational forms an international group of nine contributors demonstrate the power of culture in the making of Atlantic urban experience even as they acknowledge the harsh realities of economic history
