Low Level Aggression First Steps On The Ladder To Violence:

Low-level Aggression Arnold P. Goldstein, 1999 Focuses on the often ignored problem of low level aggression in schools and other settings The book provides useful strategies to help reduce and control behaviors such as teasing cursing bullying and vandalism that when left unchecked often escalate into more serious forms of aggression It discusses thought processes that promote aggression misperceptions rationalizations and other thinking errors **Youth Aggression and Violence**

Thomas G. Moeller, 2001-06-01 The rash of school shootings in the late 1990s has generated a tremendous amount of public concern about youth aggression and violence But students trainees and professionals who work with children and adolescents have had no concise or systematic survey of our current knowledge about causes and effective approaches to intervention and prevention on which to draw *Youth Aggression and Violence* has filled the void Comprehensive and readable it utilizes theory and research from the developmental psychology of normal children and adolescents as well as material on abnormal forms of development such as disruptive behavior disorders and juvenile delinquency situates youthful aggression and violence within the overall framework of children's moral development integrates quantitative research with carefully considered qualitative research and case studies discusses the genetic and biological underpinnings of youthful aggression as well as family and social factors related to antisocial behavior emphasizes cognitive motivational and emotional processes involved in youth aggression and violence provides in depth coverage of juvenile killers and school violence examines female aggression and violence in a variety of contexts and critically examines a number of questions frequently discussed in conjunction with youth violence such as media violence firearm accessibility and the relationship between self esteem and aggression *New Perspectives on Aggression Replacement Training* Arnold P. Goldstein, Rune Nensén, Bengt

Daleflod, Mikael Kalt, 2005-01-28 *Aggression Replacement Training* ART is a cognitive behavioural intervention targeted to aggressive adolescents and children which is being increasingly adopted worldwide The outcome of the first major conference on the growing status of ART and its future directions this book's coverage includes the cognitive behavioural context of ART the component procedures various training approaches and program applications research evaluations and extensions and elaborations *School Violence Intervention* Jane Close Conoley, Arnold P. Goldstein, 2004-07-26 This work

offers effective intervention strategies for managing school violence Opening with a range of perspectives on student aggression it provides a comprehensive view on practical interventions at the student school and systems levels Practitioners present empirically grounded strategies for an array of school settings and situations seeking to help readers make informed decisions about the approaches that would be most effective in their own environments The first part of the text presents information on the nature and prevalence of youth violence today and outlines strategies geared toward making the school physically safer establishing clear behaviour standards providing adequate adult presence enforcing rules fairly and sanctioning offenders and creating partnerships with outside agencies The chapters that follow describe a range of

interventions directed toward aggressive students themselves which have proved highly effective in outcome evaluation research. These approaches include behavioural classroom management crises and gang orientated interventions and preventative pre school programmes. In addition it details school orientated strategies such as academic and curriculum interventions, vandalism control and effective security policy. Exploring the complex relationship among school behaviour, family life and community, chapters also consider avenues toward effecting change in the larger context of the students' lives. A hands on manual for dealing with some of the most intractable problems education professionals face, this book offers extensive information for school psychologists and researchers.

Arts Therapies in Schools Vassiliki Karkou, 2010. Classroom Killers? Hallway Hostages? Kenneth S. Trump, 2000-06-23. Tragic school violence rocked the United States in the late 1990s and sent Americans scurrying to understand why these incidents occurred, how to prevent future incidents and how to prepare to better manage those incidents which cannot be prevented. If there is anything positive that came out of these tragedies it is unquestionably the placement of school safety at the top of the educational agenda and discussion list for school and community leaders nationwide. This book attempts to help sort out the political, administrative and other dynamics so that readers can get to the bottom line of what really has been learned from these violent incidents. This book, following Trump's successful first book, guides schools in being proactive in school security and in handling the crisis and the media when events that cannot be anticipated do occur. These steps include being aware of early warning signs, educating the staff about the best responses, working with emergency personnel, handling the injured, handling with family members of the injured and proactive strategies for the media spotlight.

Bullying and Teasing Gayle L. Macklem, 2012-12-06 Current research demonstrates that bullying affects all children in schools not simply the several students who may be most visibly involved in an individual incident. In order to prevent escalation or to stop the action something different must happen. The victim or bully must change but this may not be easy. Importantly the classmates or the adults who witness the interaction have the power to change the interaction as well. Bullying and Teasing Social Power in Children's Groups frames bullying and teasing as part of the critical foundations of elementary and middle school planning that will allow children to experience the sense of personal safety needed to learn and grow. Bullying and Teasing is designed for school psychologists and other school mental health workers including school counselors social workers and school nurses who want to address the ways bullying and teasing impact both individual students and the school as a whole. The book will also be of interest to school administrators health coordinators special educators and school board members.
