Nutrition in Public Health Sari Edelstein, 2006 Community Nutrition **Nutrition in Public Health** Sari Edelstein, 2010-10-22 Health Sciences Professions **Nutrition in Promoting the Public's Health** Mildred Kaufman, 2007

Continuing advances in the science of nutrition and the study of infectious disease require that nutritionists be skilled in the behavioral sciences and social marketing in order to impact the preventable etiologies of obesity and chronic diseases. Add to that a new understanding of the social and environmental effects on health and illness that will further require nutritionists to expand their expertise and assume new roles in the generation of public policy affecting all areas of society. This important new book covers all aspects of developing and delivering nutrition related services in the community. Grounded in the science of nutrition, it offers simple practical guidance and tools for nutritionists whether working in clinical or public health venues to develop and implement effective public nutrition programs. Each chapter begins with reader objectives and ends with Points to Ponder and a listing of helpful websites.

Nutrition in Public Health Edelstein, 2017-02-25 Thoroughly revised and updated *Nutrition in Public Health* explores the complex multifaceted array of programs and services that exist in the United States today that are dedicated to bettering population health through improved nutrition. The Fourth Edition explores the subject by first considering how nutrition fits into public health and then by examining policymaking, assessment, and intervention methods, special populations, food security, and program management.
