This is how a Chinese proverb goes It takes a long way to tell how strong a horse is it takes a long time to know a person well Yet the Chinese also developed a set of rules to know a person simply by observation read first his face and palm then his gesture and demeanour for his intelligence and his luck If you're interested in knowing a person by just looking this book is an indispensable read Is she/he the perfect wife or husband Is he pretending to be rich but is actually a less privileged working class Is he a sex fiend or a shameless con man They are giving it away on their face and with their gestures What is your boss thinking How do you tell if a subordinate is loyal Which of the workers is the most competent Simply take a look and you'd know Read both the face and the palm to tell his/her love luck and if his/her marriage is good or bad A mole a zit the voice the hair and the way a person walks are all essential clues to tell his/her luck This book comes with remedies to dissipate your bad luck and boost your good luck Dye your hair Grow a beard Or even wear a pair of spectacles for better luck This book is great fun to read encompassing a broad base of knowledge in face and palm reading It also puts theories in contexts so that you'd get to know those around you in everyday situations This book lets you take a peek at a person's heart by reading his/her tiniest feature or trait Not to be missed
