religious asceticism

Religious Asceticism

Lutz F. Kaelber

Religious Asceticism:

Asceticism and Its Critics Oliver Freiburger, 2006-10-19 Scholars of religion have always been fascinated by asceticism. Some have even regarded this radical way of life, the withdrawal from the world combined with practices that seriously affect basic bodily needs up to extreme forms of self-mortification as the ultimate form of a true religious quest. This view is rooted in hagiographic descriptions of prominent ascetics and in other literary accounts that praise the ascetic life style. Scholars have often overlooked, however, that in the history of religions ascetic beliefs and practices have also been strongly criticized by followers of the same religious tradition as well as by outsiders. The respective sources provide sufficient evidence of such critical strands but surprisingly as yet no attempt has been made to analyze this criticism of asceticism systematically. This book is a first attempt of filling this gap. Ten studies present cases from both Asian and European traditions: classical and medieval Hinduism, early and contemporary Buddhism in South and East Asia, European antiquity, early and medieval Christianity, and 19th-20th century Aryan religion. Focusing on the critics of asceticism, their motives, their arguments, and the targets of their critique, these studies provide a broad range of issues for comparison. They suggest that the critique of asceticism is based on a worldview differing from and competing with the ascetic worldview, often in one and the same historical context. The book demonstrates that examining the critics of asceticism helps understand better the complexity of religious traditions and their cultural contexts. The comparative analysis moreover shows that the criticism of asceticism reflects a religious worldview as significant and widespread in the history of religions as asceticism itself is. **Religious**

Asceticism G. B. Gupta, 2003 The present title Religious Asceticism is an in-depth study of different asceticism in psycho-spiritual perspective. It is commonly practiced by different religions all over the world. It examines in depth the facets of asceticism in different religions and is dealt specially with Oriental and Western asceticism. The first part of this book deals with Oriental asceticism while the second part deals with Western asceticism. The popular conception of asceticism has grown up in connection with the experience of it linked with a distinct attitude towards life. In this thought, the material body is inherently evil and the spiritual element is alone good. The object of ascetic exercise is not the training of the body but its ultimate extinction so that the soul may be free. **The Hellenic Origins of Christian Asceticism**

Joseph Ward Swain, 1916 *Reading Renunciation* Elizabeth A. Clark, 1999-07-19 A study of how asceticism was promoted through Biblical interpretation. *Reading Renunciation* uses contemporary literary theory to unravel the writing strategies of the early Christian authors. Not a general discussion of early Christian teachings on celibacy and marriage, the book is a close examination in the author's words of how the Fathers' axiology of abstinence informed their interpretation of Scriptural texts and incited the production of ascetic meaning. Elizabeth Clark begins with a survey of scholarship concerning early Christian asceticism that is designed to orient the nonspecialist. Section Two is organized around potentially troubling issues posed by Old Testament texts that demanded skillful handling by ascetically inclined Christian exegetes. The third section, *Reading Paul*

focuses on the hermeneutical problems raised by I Corinthians 7 and the Deutero Pauline and Pastoral Epistles Elizabeth Clark's remarkable work will be of interest to scholars of late antiquity religion literary theory and history An Introductory Dictionary of Theology and Religious Studies Orlando O. Espín, James B. Nickoloff, 2007 Spanning the gamut from Aaron to Zwingli this dictionary includes nearly 3 000 entries written by about sixty authors all of whom are specialists in their various theological and religious disciplines The editors have designed the dictionary especially to aid the introductory level student with instant access to definitions of terms likely to be encountered in but not to substitute for classroom presentations or reading assignments Publisher The Hellenic Origins of Christian Asceticism Joseph Ward Swain, 1916 **Schools of Asceticism** Lutz F. Kaelber, 2010-11-01 Explores the Weberian theme of religious asceticism in the context of medieval religion concentrating on the Cathars and Waldensians in southern France Analyzes how the ideology and social organization of religious groups shaped rational ascetic conduct of their members and how the different forms of asceticism affected cultural and economic life combining a sociological approach to the analysis of medieval history with an original analysis of primary sources For scholars of comparative historical and theoretical sociology medieval history and religious studies Paper edition unseen 19 95 Annotation copyrighted by Book News Inc Portland OR Asceticism Vincent L. Wimbush, Richard Valantasis, 2002 The only comprehensive reference work on asceticism with a multicultural multireligious and multidisciplinary perspective Asceticism offers a sweeping view of an elusive and controversial aspect of religious life and culture Providing a broad historical and comparative perspective contributions by more than forty preeminent scholars in a wide range of fields and disciplines explore asceticism from antiquity to the present in European Near Eastern African Asian and North American settings An incomparable reference Asceticism offers a model for an understanding of a most important dimension of religious life *The Ideals of Asceticism* Oscar Hardman, 1924 *The Max Weber Dictionary* Richard Swedberg, Ola Agevall, 2016-09-07 Max Weber is one of the world's most important social scientists but he is also one of the most notoriously difficult to understand This revised updated and expanded edition of The Max Weber Dictionary reflects up to the moment threads of inquiry and introduces the most recent translations and references Additionally the authors include new entries designed to help researchers use Weber's ideas in their own work they illuminate how Weber himself thought theorizing should occur and how he went about constructing a theory More than an elementary dictionary however this work makes a contribution to the general culture and legacy of Weber's work In addition to entries on broad topics like religion law and the West the completed German definitive edition of Weber's work Max Weber Gesamtausgabe necessitated a wealth of new entries and added information on topics like pragmatism and race and racism Every entry in the dictionary delves into Weber scholarship and acts as a point of departure for discussion and research As such this book will be an invaluable resource to general readers students and scholars alike *Ascetic Practices in Japanese Religion* Tullio Federico Lobetti, 2013-09-11 Ascetic practices are a common feature of religion in Japan practiced

by different religious traditions This book looks at these ascetic practices in an inter sectarian and inter doctrinal fashion in order to highlight the underlying themes common to all forms of asceticism It does so by employing a multidisciplinary methodology which integrates participant fieldwork the author himself engaged extensively in ascetic practices with a hermeneutical interpretation of the body as the primary locus of transmission of the ascetic embodied tradition By unlocking this bodily data the book unveils the human body as the main tool and text of ascetic practice This book includes discussion of the many extraordinary rituals practiced by Japanese ascetics *The Religion of Existence* Noreen Khawaja, 2016-12-02

What was existentialism At its heart Noreen Khawaja argues existentialism was an effort to translate Protestant piety into a secular philosophy While there have been many attempts to define existentialism from within as a coherent philosophical program and even as a movement Khawaja's book is the first study of existentialism from the standpoint of intellectual history and the first to look systematically at the role that Christianity played in the development of existential thought Focusing on Soren Kierkegaard Martin Heidegger and Jean Paul Sartre Khawaja illuminates the key moments in existentialism's reconstruction of Protestant piety within the confines of secular philosophy Heidegger once described his work as an exercise in the piety of thinking Khawaja's book shows the historical and systematic truth behind this metaphor Notwithstanding Heidegger thinking has not always been a pious act But for a certain group of European intellectuals in the late nineteenth and twentieth centuries it became so The Religion of Existence will appeal to scholars of modern Christianity philosophers and historians of European philosophy as well as those engaged with the theoretical and historical problems of secular and post secular modernity **Beyond Pleasure** Evert Peeters, Leen Van Molle, Kaat Wils, 2011-04-01

Asceticism so it is argued in this volume is a modern category The ubiquitous cult of the body of fitness and diet equally evokes the ongoing success of ascetic practices and beliefs Nostalgic memories of hardship and discipline in the army youth movements or boarding schools remain as present as the fashionable irritation with the presumed modern day laziness In the very texture of contemporary culture age old asceticism proves to be remarkably alive Old ascetic forms were remoulded to serve modern desires for personal authenticity an authenticity that disconnected asceticism in the course of the nineteenth century from two traditions that had underpinned it since classical antiquity the public republican austerity of antiquity and the private religious asceticism of Christianity Exploring various aspects such as the history of the body of aesthetics science and social thought in several European countries Great Britain France Germany Austria and Belgium the authors show that modern asceticism remains a deeply ambivalent category Apart from self realisation classical and religious examples continue to haunt the ascetic mind Anabaptism and Asceticism Kenneth R. Davis, 1998-10-17

Dr Davis explores the Anabaptist emphasis on penitence personal holiness and active discipleship to Christ He examines their view that discipleship involves the rejection of a life of affluence the civil oath and participation in the military and the magistracy *Asceticism in the Graeco-Roman World* Richard Finn, 2009-07-02

Asceticism deploys abstention self control and self denial to order oneself or a

community in relation to the divine Both its practices and the cultural ideals they expressed were important to pagans Jews Christians of different kinds and Manichees Richard Finn presents for the first time a combined study of the major ascetic traditions which have been previously misunderstood by being studied separately He examines how people abstained from food drink sexual relations sleep and wealth what they meant by their behaviour and how they influenced others in the Graeco Roman world Against this background the book charts the rise of monasticism in Egypt Asia Minor Syria and North Africa assessing the crucial role played by the third century exegete Origen and asks why monasticism developed so variously in different regions

Subversive Virtue James A. Francis, 1995 Much attention has been devoted in recent years to Christian asceticism in Late Antiquity But Christianity did not introduce asceticism to the ancient world An underlying theme of this fascinating study of pagan asceticism is that much of the work on Christian holy men has ignored earlier manifestations of asceticism in Antiquity and the way Roman society confronted it Accordingly James Francis turns to the second century the balmy late afternoon of Rome's classical empire when the conflict between asceticism and authority reached a turning point Francis begins with the emperor Marcus Aurelius 121-180 who warned in his *Meditations* against displaying oneself as a man keen to impress others with a reputation for asceticism or beneficence The Stoic Aurelius saw ascetic self-discipline as a virtue but one to be exercised in moderation Like other Roman aristocrats of his day he perceived practitioners of ostentatious physical asceticism as a threat to prevailing norms and the established order Prophecy sorcery miracle working charismatic leadership expressions of social discontent and advocacy of alternative values regarding wealth property marriage and sexuality were the issues provoking the controversy If Aurelius defined the acceptable limits of ascetical practice then the poet Lucian depicted the threat ascetics were perceived to pose to the social status quo through his biting satire In an eye-opening analysis of Philostratus's *Life of Apollonius of Tyana* Francis shows how Roman society reined in its deviant ascetics by rehabilitating them into pillars of traditional values Celsus's *True Doctrine* shows how the views pagans held of their own ascetics influenced their negative view of Christianity Finally Francis points out striking parallels between the conflict over pagan asceticism and its Christian counterpart By treating pagan asceticism seriously in its own right Francis establishes the context necessary for understanding the great flowering of asceticism in Late Antiquity

Asceticism in the Graeco-Roman World Richard Damian Finn, 2009-07-02 Pagan asceticism cultic and contemplative purity Asceticism in Hellenistic and Rabbinic Judaism Christian asceticism before Origen Origen and his ascetic legacy Cavemen cenobites and clerics

Christian Asceticism J. A. Ziesler, 1974

The Revolutionary Ascetic Bruce Mazlish, 2017-07-05 Why have the great revolutionary leaders of modern times from Robespierre to Lenin and Mao Tse-tung so often been ascetics austere puritans with few emotional ties What functions political as well as personal do these ascetic traits perform for the modern revolutionary leader and for his followers Noted historian and author Bruce Mazlish is convinced that beginning in the nineteenth century the needs of modernizing revolutions have produced a distinct new type

of political leader the revolutionary ascetic This individual s denial of personal pleasures and commitments both enables him to perform politically necessary if personally repulsive revolutionary acts and to command the allegiance of his more worldly followers Starting with Cromwell and the religious ascetics of the Puritan Revolution Mazlish shows in a series of fascinating personality sketches how this asceticism first became secularized with the French Revolution and then in the nineteenth and twentieth centuries was put to the service of a new kind of total modernizing revolution in Russia China and elsewhere In two remarkably vivid portraits of Lenin and Mao Tse tung Mazlish shows us precisely how two of the century s best known revolutionaries consciously and unconsciously used their personal asceticism to induce revolutionary change Asceticism in Early Taoist Religion Stephen Eskildsen, 1998-01-01 Using a wide variety of original sources this book examines how and why early Taoists carried out such ascetic practices as fasting celibacy sleep deprivation and wilderness seclusion
