Religious Inquiry Participation And Detachment:

Religious Inquiry--participation and Detachment Holmes Rolston,1985 **Introducing Theologies of Religion** Knitter, Paul F.,2014-04-10 An up to date accessible and comprehensive study of every major position taken by Christian churches and theologians on world religions and religious pluralism This volume shares insights into the positions of writers concerned with understanding Christianity among the worlds great religious traditions Avoiding tired labels of past debates Exclusivism Pluralism and Inclusivism Knitter suggest four different models Replacement Fulfillment Mutuality and Acceptance that more adequately link together thirteen ways of approaching and understanding the variety of the worlds religious expressions *John Hick's Religious Pluralism in Global Perspective* Sharada Sugirtharajah,2023-01-01 This volume contains fresh scholarly contributions to mark the birth centenary of John Hick the internationally well known philosopher of religion whose works continue to have significant global relevance in today s religiously diverse and conflict ridden world His writings have reset the parameters of religious pluralism Up till now Hick s religious pluralism has been mainly seen in relation to the Western context where Christianity is the predominant religion This volume includes both Western and non Western engagement with his thinking in contexts such as Japan China Korea Nigeria and India where Christianity is a minority religion with little political power Its distinctiveness lies in widening the debate on religious pluralism by bringing Hick s pluralistic hypothesis into a constructive cross cultural and interreligious conversation with scholars of Hinduism Jainism Daoism Judaism Christianity Islam and African traditional religions In doing so this collection examines how Hick s philosophy of religious pluralism has been received appropriated and appraised by these scholars It has been appreciated and critiqued in equal measure and continues to impact on current thinking on religious pluralism This volume makes a significant contribution to the debate initiated by Hick **SCM Core Text: Christian Approaches to Other Faiths** Paul Hedges,2013-02-11 The textbook begins with a chapter on exclusivism inclusivism particularity and pluralism and one on interfaith Each chapter explains the history rationale and workings of the various approaches Moreover each is divided into sub sections dealing with various forms of each approach so that each may be appreciated in its individuality i e the chapter on Inclusivism will include sections on fulfilment theology anonymous Christians etc The second part of this textbook deals with attitudes towards different faiths considering the problems and relations that exist with Christian approaches to each It will deal with the world s major faiths as well as primal religions and new religious movements The introduction and conclusion will deal with some central themes that run throughout in particular the questions of the Trinity and concepts of salvation In each section reference will be made to the key texts discussed in the Reader which accompanies this 9780334041155 however the work may be read as a stand alone text *Christian Approaches to Other Faiths* Paul Hedges,Alan Race,2008 A textbook that explains the history rationale and workings of the various approaches It deals with attitudes towards different faiths considering the problems and relations that exist with

Christian approaches Dictionary of Mission Karl Muller, Theo Sundermeier, Stephen B. Bevans, Richard H. Bliese, 2006-01-30 Conceived and developed by two of Europe's most eminent missiologists in the country where the scientific and sustained study of mission first took shape the Dictionary of Mission represents the finest of the chorus of voices that comprise contemporary missiology The choice of topics and the authors to address them reflects what Christian mission has become a genuinely worldwide and ecumenical phenomenon That there would be entries on regional theological developments is indicative of how the world church is developing A host of other topics here explored show too how the landscape of mission is changing Taken as a whole then the Dictionary of Mission is a road map through this exciting and challenging terrain from the Foreword **Buddhism and Language** Jose Ignacio Cabezón, José Ignacio Cabezón, 1994-01-01 Taking language as its general theme this book explores how the tradition of Indo Tibetan Buddhist philosophical speculation exemplifies the character of scholasticism Scholasticism as an abstract and general category is developed as a valuable theoretical tool for understanding a variety of intellectual movements in the history of philosophy of religion The book investigates the Buddhist Scholastic theory and use of scripture the nature of doctrine and its transcendence in experience Mahayana Buddhist hermeneutics the theory and practice of exegesis and questions concerning the authority of sacred texts It also deals with the Buddhist Scholastic theory of conceptual thought as the mirror of language the Scholastic defense of logic and rationality as a method as well as the role of language in the idealist and nominalist ontologies of the Mahayana Finally the author treats the question of ineffability and the silence of the Buddha from a new perspective The Mormon Culture of Salvation Douglas J. Davies, 2018-12-07 The Mormon Culture of Salvation presents a comprehensive study of Mormon cultural and religious life offering important new theories of Mormonism one of the fastest growing movements and thought by many to be the next world religion Bringing social scientific and theological perspectives to bear on the Church of Jesus Christ of Latter day Saints Douglas Davies draws from theology history of religions anthropology sociology and psychology to present a unique example of a truly interdisciplinary analysis in religious studies Examining the many aspects of Mormon belief ritual family life and history this book presents a new interpretation of the origin of Mormonism arguing that Mormonism is rooted in the bereavement experience of Joseph Smith which influenced the development of temple ritual for the dead and the genealogical work of many Mormon families Davies shows how the Mormon commitment to work for salvation relates to current Mormon belief in conversion and to traditional Christian ideas of grace The Mormon Culture of Salvation is an important work for Mormons and non Mormons alike offering fresh insights into how Mormons see the world and work for their future glory in heavenly realms Written by a non Mormon with over 30 years research experience into Mormonism this book is essential reading for those seeking insights into new interdisciplinary forms of analysis in religion as well as all those studying or interested in Mormonism and world religions Douglas J Davies is Professor in the Study of Religion in the Department of Theology Durham University UK He is the author of many books

including *Death Ritual and Belief* Cassell 1997 *Mormon Identities in Transition* Cassell 1994 *Mormon Spirituality* 1987 and *Meaning and Salvation in Religious Studies* Brill 1984 **Augustine and World Religions** Brian Brown, John Doody, Kim Paffenroth, 2008-01-01 *Augustine and World Religions* examines Augustine's thought for how it can inform modern inter religious dialogue Despite Augustine's reputation as the father of Christian intolerance one finds in his thought the surprising claim that within non Christian writings there are some truths in regard even to the worship of the One God This it seems hints at a deeper level of respect and dialogue between religions because one engages in such dialogue in order to better understand and worship God The essays here uncover provocative points of comparison and similarity between Christianity and other religions to further such an Augustinian dialogue *Feminist Interpretations of Augustine* Judith Chelius Stark, 2010-11-01 Joseph Smith, Jesus, and Satanic Opposition Professor Douglas J. Davies, 2013-06-28 This book explores Mormon theology in new ways from a scholarly non Mormon perspective Bringing Jesus and Satan into relationship with Joseph Smith the founding prophet Douglas Davies shows how the Mormon Plan of Salvation can be equated with mainstream Christianity's doctrine of the Trinity as a driving force of the faith Exploring how Jesus has been understood by Mormons his many Mormon identities are described in this book he is the Jehovah of the Bible our Elder Brother and Father probably also a husband he visited the dead and is also the antagonist of Satan Lucifer This book offers a way into the Mormon problem of evil understood as apostasy from pre mortal times to today Three images reveal the wider problem of evil in Mormonism Jesus pre mortal encounter with Lucifer in a heavenly council deciding on the Plan of Salvation Jesus Christ's great suffering engagement with evil in Gethsemane and Joseph Smith's First Vision of the divine when he was almost destroyed by an evil force Douglas Davies well known for his previous accounts of Mormon life and thought shows how renewed Mormon interest in theological questions of belief can be understood against the background of Mormon church organization and its growing presence on the world stage of Christianity *One Earth, Many Religions* Paul F. Knitter, 1995 One of the world's foremost exponents of the pluralist position as the most adequate Christian theological account of religious diversity turns to a new and urgent issue facing the community of world religions For Paul Knitter the spectre of environmental and social injustice looms over any serious discussion of humankind's future As urgent as it is to have peace among the world's believers to achieve peace among nations it is urgent that these communities unite in understanding and defending of the earth In *One Earth Many Religions* Knitter looks back at his own dialogical odyssey and forward to the way that interfaith encounters and dialogue must focus attention on new challenges Nothing less than enlisting the commitment of the world's religions on the task of saving our common home will do In making that case Knitter makes clear the complex structures political economic and social as well as religious that face those who approach this task While articulating a this worldly soteriology necessary to overcome our eco human plight Knitter offers practical considerations on actions and projects that have and should have been undertaken to stem the tide of environmental and

human suffering The global crisis is both at the center of One Earth Many Religions and a test case for Knitter and others engaged in the dialogue of religions Can religious differences concerning the nature of the transcendent themselves be transcended in order to promote eco human well being The issue seems basic and clear if interreligious dialogue cannot effect such a change then one must question whether religion is of any use whatsoever The Alchemy of Happiness Abu Hamid Muhammad al-Ghazzali, Elton D. Daniel, Claud Field, 2015-03-04 Abu Hamid Muhammad al Ghazzali 1058 1111 is one of the most important religious figures in Islamic history He is particularly noted for his brilliant synthesis of mysticism and traditional Sunni Islam Ghazzali's *The Alchemy of Happiness* written toward the end of his life provides a succinct introduction to both the theory and practice of Sufism Islamic mysticism It thus offers many insights into traditional Muslim society This translation is fully annotated for readers unfamiliar with Ghazzali and includes an introduction to his life and historical milieu

God Beyond Boundaries Perry Schmidt-Leukel, 2017 Fruitful relationships and constructive interaction between religions have become more important than ever But what about the issues of truth and conflicting truth claims Is it a betrayal of one's own faith to acknowledge the truth of other religions The current work is the first English translation of *Gott ohne Grenzen* published in 2005 In this much acclaimed study Perry Schmidt Leukel defends religious pluralism showing under which presuppositions Christians can accept other religions as equally valid without denying their differences He discusses in detail how the pluralist position opens up new perspectives in Christianity's dialogue with Jews Muslim Hindus and Buddhists Schmidt Leukel Perry Prof Dr ist Professor für Religionswissenschaft und interkulturelle Theologie an der Universität Münster Er ist am Exzellenzcluster Religion und Politik der Universität Münster beteiligt Er ist Mitglied im international advisory board des Forschungsprojektes Religion und Dialog in modernen Gesellschaften an der Akademie der Weltreligionen der Universität Hamburg Seine Schwerpunkte sind unter anderem Theologie der Religionen interreligiöse Beziehungen christlich buddhistischer Dialog und Pluralismus **Key Thinkers on the Environment** Joy A.
