Mathematics D. Coben, J. O'Donoghue, Gail E. FitzSimons, 2006-05-10 At a time when the importance of lifelong education is becoming recognised around the world this is the first book to explore an important but hitherto neglected area adult mathematics education This book is about adults learning mathematics wherever and in whatever circumstances they do so It brings together researchers in the field and aims to lay the foundations for study and further research and practice in this fast developing area It aims to situate research and practice in adults learning mathematics within the wider field of lifelong learning and lifelong education and to be accessible both to the specialist and to the general adult reader The book features a comprehensive review of the field which sets the scene for sections on Perspectives on Research on Adults Learning Mathematics Adults Mathematics Culture and Society Adults Mathematics and Work and Perspectives in Teaching Adults Mathematics Topics covered include mathematics and common sense statistical literacy and numeracy new theories on learning mathematics mathematical competences for the workplace ethnomathematics and the training of tutors

Mapping out the Research Field of Adult Education and Learning Andreas Fejes, Erik Nylander, 2019-05-22 This book discusses the current state of the art in research on the education and learning of adults and how such research has been transformed through contemporary policy and research practices Gathering contributions from leading experts in the field the book draws on previous research as well as new findings in order to provide a map of this research field and its contemporary history The chapters address a number of questions including What constitutes this research field What theories and methodologies dominate within the field What invisible colleges are active in shaping this academic field in marking out its contours and in transforming its contemporary battle zones Who is publishing in the field and who is deemed worth citing What is the relationship between the shift in state policy on adult education and the research that is conducted on the education and learning of adults How has the research field changed over time in various western countries What do these meta reflections of the field tell us about possible future research endeavours Rather than speaking from within the field this is a book about the research field The diversity of the chapters provide a fascinating resource for anyone interested in research on the education and learning of adults *International Encyclopedia of Adult Education* L. English, 2016-04-30 The Encyclopedia of Adult Education is the first comprehensive reference work in this important and fast growing field and is an invaluable resource for adult educators who research and teach in the fields of higher education work in community based settings or practise in public or private organizations Its 170 articles written by an international team of contributors from over 17 countries detail the research and practice of the field from its emergence as a separate discipline to the present day covering key concepts issues and individuals and providing a cutting edge summary of ongoing debates across a wide range of perspectives from self directed learning to human resource development Entries are arranged A Z and extensive cross

referenced with detailed bibliographies for each topic to facilitate further research *Self-direction in Adult Learning* Ralph Grover Brockett,1991 **Learning Outside the Academy** Richard Edwards,Jim Gallacher,Susan Whittaker,2006-11-22 This book weaves together different strands of research in the area of lifelong learning that concentrates particularly on learning in alternative settings and ways such experiential learning and informal and community learning Drawing upon international research the book examines how these strands of research can contribute to each other The contributions to this book are based on material presented at a conference at the Centre for Research in Lifelong Learning UK and they focus on research into key issues of policy and practice in lifelong learning Establishing a wider framework for debate about the meaning and significance of lifelong learning this timely and thought provoking book provides practitioners in the field with a relevant and current discussion on some very important ideas about non formal education *A Feast of Learning* Roger Hiemstra,Philippe Carré,2013-08-01 This book provides perspectives from authors in six countries Canada Colombia Germany France UK USA pertaining to adult learning in the 21st Century This book grew out of an exciting International Conference on Adult Learning ICAL held in Paris May 27 29 2012 Imagine listening in as these international scholars representing expertise in various areas related to adult education focus their collective attention to the topic of adult learning Their task is to concentrate their research and intellectual acumen on where adult learning is heading in the 21st Century and to bring together their varied areas of expertise to expand the field of adult education s knowledge base This book provides more than a record of their papers and meetings Instead each author has revised their paper with symposium feedback to help capture the discussion synergy and growing knowledge base we envision together Now you can read how these leading scholars understand adult learning in light on their collective work Areas of focus include Heuristics of Adult Learning Facilitating Self Directed Learning Individuals and the Learning Process Executives Self Development Distance Learning Science Self Directed Learning for All Entertainment Education Communication Strategy Positive Deviance to Transform Education Learning Through the Life Course This book will benefit teachers researchers administrators and students in the field of adult education learning and practice The synergistic result of bringing together nine scholars results in many new practical applications research streams scholarship and practice suggestions **Handbook of Research on Adult Learning in Higher Education** Okojie, Mabel C.P.O.,Boulder, Tinukwa C.,2020-02-01 In today s globalized world professional fields are continually transforming to keep pace with advancing methods of practice The theory of adult learning specifically is a subject that has seen new innovations and insights with the advancement of online and blended learning Examining new principles and characteristics in adult learning is imperative as emerging technologies are rapidly shifting the standards of higher education The Handbook of Research on Adult Learning in Higher Education is a collection of innovative research on the methods and applications of adult education in residential online and blended course delivery formats This book will focus on the impact that culture globalization and emerging technology currently has on adult

education While highlighting topics including andragogical principles professional development and artificial intelligence this book is ideally designed for teachers program developers instructional designers technologists educational practitioners deans researchers higher education faculty and students seeking current research on new methodologies in adult education

Research Handbook on Adult Learning and Education Nalita James, Kevin Orr, Sharon Clancy, 2025-03-12 This innovative Research Handbook rethinks current paradigms in adult education providing a toolkit for responding to the challenges and opportunities for adult education and lifelong learning amidst a changing world Contributing authors analyse key aspects of the field through the lenses of democracy sustainability and social justice

The Societal Unconscious Henning Salling Olesen, 2019-12-16 The Societal Unconscious presents an innovative development of theory and methodology for adult education and learning research recognizing psychodynamic dimensions of learning processes With few exceptions the unconscious has been neglected in critical adult education research The psychosocial approach in this book seeks to re-integrate the societal and the psychodynamic dimensions in analyzing adult learners and learning processes The book responds to contemporary awareness of the societal and cultural nature of subjectivity with a new material and dialectic psychosocial theory comprising conscious as well as unconscious levels Tracing interdisciplinary inspirations it sets a new broad horizon for in-depth understanding of learning in everyday life A number of empirical analyses demonstrate the entanglement of societal and psychodynamic dimensions of learning Firstly a part of the chapters deals with the complex subjective continuities and discontinuities in individual learning and career Secondly other chapters comprise analyses of leadership and the social psychology of organizational processes and the psycho-social aspects of institutional regeneration Thirdly the book presents outlooks into the social psychology dimensions of wider societal and political processes including identity politics and xenophobia A last chapter finalizes the theoretical basis of the methodology

Resources in Education, 2000-04

Adult Learning and Education Kjell Rubenson, 2011-01-07 As individuals and societies try to respond to fundamental economic and social transformation the field of adult learning and education is rapidly getting increased attention and new topics for research on adult learning have emerged This collection of articles from the International Encyclopedia of Education 3e offers practitioners and researchers in the area of adult learning and education a comprehensive summary of main developments in the field The 45 articles provide insight into the historical development of the field its conceptual controversies domains and provision perspectives on adult learning instruction and program planning outcomes relationship to economy and society and its status as a field of scholarly study and practice Saves researchers time in summarizing in one place what is otherwise an interdisciplinary field in cognitive psychology personality sociology and education Level of presentation focuses on critical research leaving out the extraneous and focusing on need to know information Contains contributions from top international researchers in the field Makes MRW content affordable to individual researchers

Learning in Adulthood Sharan B. Merriam, Lisa M. Baumgartner, 2020-01-06 The new edition of

the authoritative book in the field of adult education fully revised to reflect the latest research and practice implications For nearly three decades *Learning in Adulthood* has been the definitive guide in the field of adult education Now in its fourth edition this comprehensive volume is fully revised to reflect the latest developments in theory research and practice The authors integrate foundational research and current knowledge to present fresh original perspectives on teaching and learning in adulthood Written by internationally recognized experts this market leading guide draws from work in sociology philosophy critical social theory psychology and education to provide an inclusive overview of adult learning Designed primarily for educators of adults this book is accessible for readers new to adult education yet suitably rigorous for those more familiar with the subject Content is organized into four practical parts covering topics such as the social context of adult learning self directed and transformational learning postmodern and feminist perspectives cognitive development in adulthood and more Offering the most comprehensive single volume treatment of adult learning available this landmark text Offers a wide ranging perspective on adult learning Synthesizes the latest thinking and work in the field Includes coverage of the sociocultural perspectives of adult learning Explores the broader social implications of adult education *Learning in Adulthood A Comprehensive Guide 4th Edition* is an indispensable resource for educators and administrators involved in teaching adults as well as faculty and students in graduate programs in adult education
