Supplice T. Zachary Cotler, 2014-11-15 Published by the Center for Literary Publishing at Colorado State University Winner of the 2014 Colorado Prize for Poetry *Supplice* is the second installment in T Zachary Cotler's sonnet sequence that began with *Sonnets to the Humans* These are amatory sonnets but with love and rhyme tortured into broken and boneset textures *Supplice* herself the dark lady of these poems is difficult to pin down with an epithet Is she the angel of reality banality popular culture pornography uncertainty or economic and environmental crisis She has something to do with the history of cruelty and pain with the devaluation of traditional ideas of beauty and with the silence and science that have replaced divinity *Scared Text* Eric Baus, 2011-11-01 Marvelously sustained and densely rhythmic this tightly constructed

whole is built of parts that at each level all the way down to the phrase constitute poems in themselves Baus manages to keep a cast of words in constant replay until many of them take on the presence of character and some emerge as characters themselves Minus and Iris for instance keeping the whole on the verge of a narrative project that remains always just barely out of reach just barely in another world in which language and animal endlessly interleave Baus has opened a new literary field the linguistic bestiary a new zoo where words pace like fauves behind ever thinning bars Cole Swensen contest judge and author of *Greensward Ours* and *The Glass Age* **Goldbeater's Skin** George Calvin Waldrep, 2003 Winner of the 2003 Colorado Prize for Poetry Published by the Center for Literary Publishing at Colorado State University Instead of Dying Lauren Haldeman, 2017-11-01 Invoking spiders and senators physicists and aliens Lauren Haldeman's second book *Instead of Dying* decodes the world of death with a powerful mix of humor epiphany and agonizing grief In the spirit of Calvino's *Invisible Cities* these poems compulsively imagine alternate realities for a lost sibling *Instead of dying* they inject you with sunlight you live or *Instead of dying* you join a dog sledding team in Quebec relentlessly recording the un-lived possibilities that blossom from the purgative magical thinking of mourning Whether she is channeling Google Maps Street View to visit a scene of murder Because a picture of this place is also a picture of you or investigating the origins of consciousness Yes alien life forms exist they are your thoughts Haldeman wrenches verse into new sublime forms attempting to both translate the human experience as well as encrypt it inviting readers into realms where we hover plunge rise again and ascend Family System Jack Christian, 2012-11-15 Winner of the 2012 Colorado Prize for Poetry selected by Elizabeth Willis *Family System* is one of the most specific and clarifying books of poetry I've ever read It is filled with choices made to be made not made handled with a poetic understanding that what seems arbitrary will be inevitable when said with the right words while singing the right songs This is a stand out first book introducing a first rate original talent doing powerful work making quintessentially lyrical choices Don't miss this book Dara Wier It seems that Jack Christian's brain is able to produce tiny lucid creatures have them run and sprinkle over a map of an unknown world with joy speed and delight Even stranger he's somehow the spiritual offspring of very different ancestors Pascal's *Esprit de Geometrie* and Scandinavian mythology I was eulogizing a squirrel in a shoebox Brilliant Toma alamun **Whethering** Rusty Morrison, 2004 Winner of the 2004 Colorado Prize for Poetry Published by the Center for Literary Publishing at Colorado State University *The Business* Stephanie Lenox, 2015-11-02 Winner of the 2015 Colorado Prize for Poetry What does it mean to work in the age of the cubicle *The Business* takes on the modern workplace with sharp witted poems that sting like a paper cut A former secretary Stephanie Lenox positions herself as a poetic note taker of the mundane Organized by the classical components of Greek tragedy these poems enact the relationships heartbreaks and small heroic efforts that make up our working lives Think there's nothing poetic about annoying coworkers endless meetings and stained coffee mugs Think again While tragedy provides the organizational structure for this collection humor plays a central role This collection transforms office politics and paper clips

into a funny and critical examination of the mortal rat race If you've ever been fired let go unemployed underemployed or overlooked these poems are for you Begun on stolen reams of printer paper this book reclaims the hours of our lives we give out of necessity to others in order to survive Our State ,1999 Intimacy Catherine Imbriglio,2013-11-12 Winner of the 2013 Colorado Prize for Poetry Intimacy is a series of experimental poems that play with resist and acknowledge complicity with received concepts of intimacy that circulate in this media centric age Undertaking an expansive understanding of the word intimacy each poem contains a word or set of words that modifies the noun uncovering the attending associative and often contradictory obligations that arise in our relations with one another Carolina Comments ,1999 **The Lesser Fields** Rob Schlegel,2011-05-18 Rob Schlegel has a mind of winter Like the painter Morandi Schlegel makes a world of absence and deprivation our world the world of human mortality feel like plenitude Imagine wanting to discover the place where you yourself have not yet happened Now imagine creating this place in a language of hard won precision a diction and syntax so elegantly austere that the smallest gesture becomes an explosion of possibility The result is a book that feels rivetingly contemporary while resembling nothing else a book that seems shockingly intimate while giving nothing away The Lesser Fields is a guide book to the world we've always known but never truly seen James Longenbach final judge In The Lesser Fields Rob Schlegel takes a lit match to the surfaces of his words in an act of poetic arson Thus the poet wanders a landscape whose commonplace markers fish sea trees birds are made disquietingly strange Before my mind Can shape its presence Finishes a thought in my fingers The natural world of language manifests with an incendiary beauty at once tender and dangerous reckless and precise This poetry burns subtly but the heat is unmistakable Elizabeth Robinson

Annulments Zach Savich,2011-05-18 Winner of the 2010 Colorado Prize for Poetry It is the poet who undistracted by the imbecile telegraphy of this moment dares to sustain a sustaining sound I most esteem and most warmly embrace Zach Savich has written a book both intimate and vast both tender and acidly candid And with his long poem The Mountains Overhead he has entered that visionary company of poets who by overturning Babel lay the heavens at our feet Donald Revell Sparse spare these lines nonetheless overflow with a sheer and brilliant imagination The crows hearing our voices through wires the horses hold themselves like torches the sun a dial tone The tension between minimalism of form and maximalism of concept and feeling gives this work a vivid oddly crystalline momentum The central long poem unfolds one small leaf at a time yet resists accumulation instead it presents us again and again with the opportunity to immerse ourselves in the slightly uncanny what would it be to sing instead of to say This book gives us an intimation Cole Swensen **Who's who in Poetry in America** ,1941
