Pan-Turkism Jacob M. Landau,1995 Pan Turkism has had varied fortunes in the 20th century It has played a continuing role at times of great significance in the internal politics of Turkey itself and it has fuelled the national struggle of the Turkic groups beyond Turkey *Eurasian Integration - The View from Within* Piotr Dutkiewicz,Richard Sakwa,2014-10-17 As Eurasia and the adjacent territories become more important to the world there is increasing interest from international powers accompanied by attempts to give institutional form to traditional economic and security links within the region This book includes a range of substantive work from scholars based in the region offering contrasting perspectives on the process of Eurasian integration and its place in the world Chapters consider economic political social and security developments with notable studies of the major countries involved in the development of the Eurasian Economic Union The work also examines the connections between the region and China greater Asia and the European Union It outlines the varying dynamics with populations growing in Central Asia while at best stagnant elsewhere The book discusses the increasing strategic significance of the region and explores how the new post Soviet states are growing in national cohesion and political self confidence Above all the book examines the concept of Eurasia outlining the debates about the concept and how various aspects of the legacy of Eurasianism contribute to contemporary plans for integration The book argues that although regional integration is very much a popular idea in our age with the potential for economic benefits and increased international influence in practice contemporary projects for Eurasian integration have been highly ambiguous and contested Nevertheless significant steps have been taken towards the creation of the Eurasian Economic Union The book analyses developments to date noting the achievements as well as the challenges **Routledge Handbook of Persian Gulf Politics** Mehran Kamrava,2020-05-31 The Routledge Handbook of Persian Gulf Politics provides a comprehensive and up to date analysis of Persian Gulf politics history economics and society The volume begins its examination of Ottoman rule in the Arabian Peninsula exploring other dimensions of the region s history up until and after independence in the 1960s and 1970s Featuring scholars from a range of disciplines the book demonstrates how the Persian Gulf s current complex politics is a product of interwoven dynamics rooted in historical developments and memories profound social cultural and economic changes underway since the 1980s and the 1990s and inter state and international relations among both regional actors and between them and the rest of the world The book comprises a total of 36 individual chapters divided into the following six sections Historical Context Society and Culture Economic Development Domestic Politics Regional Security Dynamics The Persian Gulf and the World Examining the Persian Gulf s increasing importance in regional politics diplomacy economics and security issues the volume is a valuable resource for scholars students and policy makers interested in political science history Gulf studies and the Middle East **The Transcaucasian Democratic Federative Republic of 1918** Adrian Brisku,Timothy K. Blauvelt,2021-03-30 The Transcaucasian Democratic Federative Republic TDFR was a unique bottom up

and a fleeting display of political unity and federalism among the main Armenian Azerbaijani and Georgian political factions between 22 April 1918 when it declared its independence and 26 May 1918 when it was dissolved and replaced by the three nation states of Armenia Azerbaijan and Georgia Focusing on a crucial but poorly understood moment in the modern history of the Caucasus at the end of the First World War this book offers a systematic contextually rich and multi perspectival Armenian Azerbaijani Georgian Ottoman German British American Italian Bolshevik Ukrainian and North Caucasian account of the TDFR drawing on contributions with the new material from archives in Tbilisi Grozny Yerevan Baku Istanbul Berlin London Washington D C by a new generation of historians and scholars working on the region The book argues that despite its month long existence in this geopolitically volatile region the TDFR with and its federative nature and the various discussions about federalism and federation that it provoked continued to have an appeal for Georgians Azerbaijanis Armenians as well as for the Great Powers well beyond its dissolution Moreover the experience of the TDFR reifies federalism as a key political concept in the modern history of the Caucasus The chapters in this book were originally published as a special issue of the Caucasus Survey
