Gill, 2007 17 syllabet Japanese poems about human foibles sans season i e not haiku were introduced a half century ago by RH Blyth in two books *Edo Satirical Verse* *Anthologies* and *Japanese Life and Character in Senryu* Blyth regretted having to introduce not the best senryu but only the best that were clean enough to pass the censors In this anthology compiled translated and essayed by Robin D Gill like Blyth a renowned translator of thousands of haiku we find 1 300 of the senryu and zappai that would once have been dangerous to publish The book is not just an anthology of dirty poems such as Legman s classic Limericks or Burford s delightful Bawdy Verse but probing essays of thirty themes representative of the eros both real and imaginary of Edo at the time the world s largest city Japanese themselves use senryu for historical documentation of social attitudes and cultural practices thousands of senryu and the related zappai including many poems we might consider obscene serve as examples in the Japanese equivalent of the OED nipponkokugodaijiten The specialized argot obscure allusions and ellipsis that make reading dirty senryu a delightful riddle for one who knows just enough to be challenged yet not defeated make them impenetrable to outsiders so this educational yet entertaining resource has not been accessible to most students of Japanese and the limited translations prove that even professors have difficulty with it This book tries to accomplish the impossible it includes all the information original poems pronunciation explanation glossary needed to help specialists improve their senryu reading skills while refraining from full citations to leave plenty of room for the curious monolingual to skip about the eclectic goodies Published simultaneously with two titles as an experiment *Trade Promotion Series*, 1927 **The Military Side of**

Japanese Life Malcolm Duncan Kennedy, 1924 **Present Day Nippon** , 1927 **The Japan Review** , 1921 The Japan Magazine , 1910 **The Columbia Anthology of Modern Japanese Literature** J. Thomas Rimer, 2011-11-15 Featuring choice selections from the core anthologies *The Columbia Anthology of Modern Japanese Literature From Restoration to Occupation 1868 1945* and *The Columbia Anthology of Modern Japanese Literature From 1945 to the Present* this collection offers a concise yet remarkably rich introduction to the fiction poetry drama and essays of Japan's modern encounter with the West Spanning a period of exceptional invention and transition this volume is not only a critical companion to courses on Japanese literary and intellectual development but also an essential reference for scholarship on Japanese history culture and interactions with the East and West The first half covers the three major styles of literary expression that informed Japanese writing and performance in the late nineteenth and early twentieth centuries classical Japanese fiction and drama Chinese poetry and Western literary representation and cultural critique Their juxtaposition brilliantly captures the social intellectual and political challenges shaping Japan during this period particularly the rise of nationalism the complex interaction between traditional and modern forces and the encroachment of Western ideas and writing The second half conveys the changes that have transformed Japan since the end of the Pacific War such as the heady transition from poverty to prosperity the friction between conflicting ideologies and political beliefs and the growing influence of popular culture on the country's artistic and intellectual traditions Featuring sensitive translations of works by Nagai Kafu Natsume Soseki Oe Kenzaburo Kawabata Yasunari Mishima Yukio and many others this anthology relates an essential portrait of Japan's dynamic modernization

Katsumata, 2013-05-13 First published in 1937 this is a collection of articles written by the author under the pseudonym Waseda Eisaku for the Japan Tourist Bureau's magazine

over twenty five years Intended to satisfy the intellectual curiosity of cultivated tourists from abroad by giving the insider s view of all things Japanese it was published as a book just before the outbreak of World War II Writing in the first person Katsumata becomes both guide and confidante writing about his own travel experiences in Japan and about Japanese customs and practices that interest him such as traditional incense ceremonies or fishing with rod and creel This personal approach results in an unusual selection of topics and itineraries including tray landscapes old Japanese clocks hot springs Japanese humour sumo wrestling pines in Japanese scenery the Japanese sun flag and Buddhist temple bells The author not only describes but draws the reader into his own experiences his joy on buying an antiquarian book he cannot really afford the monotony he feels when travelling too long through snowy landscapes the delight he takes in telling you that the best bait for carp fishing is sweet potato Katsumata s unconventional choice of subjects and his informal and individualistic writing style make this a refreshingly different guide to Japan and a valuable record of the period in which it was written **A**
