Paper Fish:

How the Paper Fish Learned to Swim Jonathon A. Flaum, 2007 Reluctantly Daishinji sets her creation free even though she is sure that the paper fish will be destroyed and that imaginary things must stay in imaginary places But amazingly to the origami master's surprise the fish becomes real and a part of something much bigger than Daishinji could ever have imagined proving that great ideas outgrow their creators and take on lives of their own

47 Easy-to-Do Classic Science Experiments Eugene F. Provenzo, Asterie Baker Provenzo, 2012-07-31 Here is a highly motivating book for grade school students that will introduce them to many of the world's most popular and historically significant scientific experiments They'll learn about gravity simply by following the acrobatic antics of an ordinary coin By trying to blow an egg out of a cup they'll discover the principles of air pressure Dancing soap bubbles will help them understand the effects of static electricity and by dropping quarters into a full glass of water without causing it to overflow they'll study the effects of surface tension These and over 40 other experiments have been carefully selected by noted educators Eugene and Asterie Baker Provenzo to familiarize children with classic science experiments involving optics inertia air pressure magnetism sound topology light density vibration prisms elasticity gases vacuum perspective geometry centrifugal force buoyancy color and much more Some experiments such as the optical Newton's Rings are hundreds of years old Still others like the straw lever test are based on Greek experiments with leverage and the center of gravity first carried out thousands of years ago Easy to follow instructions and illustrations show youngsters how to perform each experiment most of which are prefaced with historical background a list of necessary materials and an explanation of key terms Almost all experiments can be carried out with common household items tissue paper scissors tapes rubber balloons pens pencils etc and can be worked at home or in the classroom to demonstrate specific scientific principles or to supplement a science curriculum unit Sources for all historical illustrations given in the text are listed at the end of the book

Report of the Chief of Engineers, U.S. Army United States. Army. Corps of Engineers, 1933

American Woman, Italian Style Carol Bonomo Albright, Christine Palamidessi Moore, 2011 With writings that span more than thirty five years American Woman Italian Style is a rich collection of essays that fleshes out the realities of today s Italian American women and explores the myriad ways they continue to add to the American experience The status of modern Italian American women in the United States is noteworthy their quiet and continued growth into respected positions in the professional worlds of law and medicine surpasses the success achieved in that of the general population so too does their educational attainment and income Contributions include Donna Gabaccia on the oral to written history of cookbooks Carol Helstosky on the Tradition of Invention an interview with Sandra Gilbert Paul Levitt s look at Lucy Mancini as a metaphor for the modern world William Egelman s survey of women s work patterns and Edvige Giunta on the importance of a selfconscious understanding of memory There are explorations of Jewish Italian intermarriages and interpretations of entrepreneurship in Milwaukee Readers will find challenges to common assumptions

and stereotypes departures from normal samplings and springboards to further research American Woman Italian Style Italian Americana s Best Writings on Women offers unique insights into issues of gender and ethnicity and is a voice for the less heard and less seen side of the Italian American experience from immigrant times to the present Instead of seeking consensus or ideological orthodoxy this collection brings together writers with a wide range of backgrounds outlooks ideas and experiences It is an impressive postmodern collection for interdisciplinary studies a book and a look about being and becoming an American

Writing With An Accent Edvige Giunta,2016-04-30 Mary Cappello Louise DeSalvo Sandra M Gilbert Maria Mazziotti Gillan Carole Maso Agnes Rossi These are some of the best known Italian American writers today They are part of a literary tradition with mid twentieth century roots that began to develop in earnest in the late 1970s and early 1980s During those decades a number of Italian American women such as Helen Barolini began to publish books that depicted their perspectives on life through the critical lenses of gender class and ethnicity At the end of the twentieth century this literature finally blossomed into a fully fledged cultural movement that also took into account issues of sexuality age illness and familial and societal abuse Writing with an Accent takes a look at this vibrant literary movement by discussing those first writers of the 1970s and 1980s as well as later authors At the center of Edvige Giunta s Writing with an Accent is the literal notion of accent the marker of linguistic and cultural difference that separates and identifies recent immigrants to the United States In this study an accent symbolically embodies the differences and creative strategies through which contemporary Italian American women writers engage Italian American culture in works of fiction poetry and memoir Giunta also looks at the links between the literature and art music film and video produced by contemporary Italian American women The literature of the Italian American women in Writing with an Accent is shaped by the complicated connections these authors maintain with their cultural origins but also and perhaps more importantly by their feminist consciousness and politicized sense of ethnic identity Writing with an Accent celebrates and explores a group of authors who characteristically mix the joy and pain of Italian American life to paint a multifaceted picture of Italian American women and their complex place in U S culture
