was gold that escaped But this set back was a prelude to incredible achievements on the international stage as well as in their personal businesses From the freezing temperatures of Northern Canada and the heat and humidity of Guyana's rainforest infested with sand flies snakes and roaming jaguars to the high powered corridors of the IFC the United Nations and the exclusive members clubs of New York Washington and London they tirelessly embraced the thrills and adversity which are the bed fellows of entrepreneurs Accepting the status quo would never get Keith where he wanted to be but knowing which of the rules to bend or having an iron clad sense of fairness and integrity resulted in Keith receiving letters of commendation from the head of the IFC and the appreciation of many political and noted business figures of the day Volume III culminates on a personal note with a description of their wedding that would make everyone wish they had shared in the celebrations and everyone who was there were truly blessed by the occasion This volume takes us through the intricacies of risky business undertakings across continents and into the world of high finance and political intrigue and leaves us hungry for more Keith and Claire write about their lives and work with such candour dignity and humour that no one should be left indifferent and is certain to remain curious as to what happens next Few might guess but there is still more to come since for Keith and Claire life is only just beginning *Library of Congress Subject Headings: P-Z* Library of Congress.
