Fabrication and Parachute Specialist (AFSC 42753) Augustus P. Jones, 1985 Devils with Wings Harvey Black, 2011-09-01 A military thriller based around the adventures of two young Fallschirmjäger paratroopers during the early part of World War II. It is a fictionalised adventure based on the famous assault on the impregnable Belgian Fortress Eben Emael. Tall gangly Paul Brand is supported by his junior sergeant Unterfeldwebel Max Grun as he experiences his first action as a platoon commander in Poland September 1939. The mutual respect between the two comrades grows as they experience the sights and smells of battle at close quarters. Following their success in Poland Paul Max and the platoon are sent to a clandestine camp in the foothills of the Harz Mountains to train for a secret mission. Confined to camp for six months they undergo intensive training for their next mission: the subjugation of the Eben Emael Fortress. Two German secret weapons will assist them to complete their task: the first is the glider used for the first time to deposit troops directly onto a target and the second secret weapon is a new Hollow Charge Weapon capable of blasting through steel or concrete. On completion of their training nine gliders containing seventy-two Fallschirmjäger land on top of the fortress before the troops move in to the depths of the tunnels to finish the job. Over one thousand Belgian troops fail to stop them. This exciting fictionalised retelling of the assault on Eben Emael is written by an author with experience in army intelligence *Popular Science Monthly*, 1924
