

Religion On Trial

**Phillip E. Hammond, David W.
Machacek, Eric Michael Mazur**

Religion On Trial:

God in the Courtroom Brian Bornstein, Monica Miller, 2009-10-29 The authors review legal developments and behavioural science research concerning the effects of religion on legal practice decision making processes of various actors and trial outcomes Chapters address jury selection and bias attorneys use of religion in legal movements judges religious belief and much more

Religion on Trial Phillip E. Hammond, David W. Machacek, Eric Michael Mazur, 2004 The free exercise of conscience is under threat in the United States Already the conservative bloc of the Supreme Court is reversing the progress of religious liberty that had been steadily advancing And this danger will only increase if more conservative judges are nominated to the court This is the impassioned argument of Religion on Trial Against Justices Scalia Thomas and Chief Justice Rehnquist the authors argue that what the First Amendment protects is the freedom of individual conviction not the rights of sectarian majorities to inflict their values on others Beginning with an analysis of the origins of the Constitution and then following the history of significant church state issues Religion on Trial shows that the trajectory of American history has been toward greater freedoms for more Americans freedom of religion moving gradually toward freedom of conscience regardless of religion But in the last quarter century conservatives have gained political power and they are now attempting to limit the ability of the Court to protect the rights of individual conscience Writing not just as scholars but as advocates of church state separation Hammond Machacek and Mazur make the strong case that every American needs to pay attention to what is happening on the Supreme Court or risk losing the liberties of conscience and religion that have been gained so far

Religion on Trial Craig A. Parton, 2008-07-28 In a concise and devastating style Craig Parton an experienced trial lawyer versed in the laws of legal evidence argues that religions uniformly fail the simplest tests of admissibility for their respective claims Few religions even bother to make testable assertions relying instead at best on subjective and existential appeals The stunningly few historical and thus verifiable claims of a precious few religions can be swiftly sorted out and the result is an astounding vindication of the central nonhearsay claims of the first century eyewitnesses to the life and work of Jesus Christ This work challenges the prevailing viewpoint that all religions are making the same or even similar allegations More troubling than this prevailing view is that the religions of the world remain diametrically opposed on the issues of the nature of humanity the reality of evil the nature of history and the way of salvation Sorting out the clashing claims of religions is the task of this book and a trial lawyer well schooled in the laws of admissible evidence brings insight and clarity to matters normally thought to be solely in the domain of philosophers and theologians

Religion on Trial Phillip E. Hammond, David W. Machacek, Eric Michael Mazur, 2004-03-23 The free exercise of conscience is under threat in the United States Already the conservative bloc of the Supreme Court is reversing the progress of religious liberty that had been steadily advancing And this danger will only increase if more conservative judges are nominated to the court This is the impassioned argument of Religion on Trial Against Justices Scalia Thomas and Chief Justice Rehnquist the authors argue that

what the First Amendment protects is the freedom of individual conviction not the rights of sectarian majorities to inflict their values on others Beginning with an analysis of the origins of the Constitution and then following the history of significant church state issues Religion on Trial shows that the trajectory of American history has been toward greater freedoms for more Americans freedom of religion moving gradually toward freedom of conscience regardless of religion But in the last quarter century conservatives have gained political power and they are now attempting to limit the ability of the Court to protect the rights of individual conscience Writing not just as scholars but as advocates of church state separation Hammond Machacek and Mazur make the strong case that every American needs to pay attention to what is happening on the Supreme Court or risk losing the liberties of conscience and religion that have been gained so far **Religion on Trial** Craig A Parton,2015-06-25 Craig Parton argues that religions fail the simplest tests of admissibility for their respective claims and few religions bother to make testable assertion relying instead at best on subjective and existential appeal This work challenges the prevailing viewpoint that all religions are making the same or even similar allegations More troubling than this prevailing view is that the religions of the world remain diametrically opposed on the issues of the nature of humanity the reality of evil the nature of history and the way of salvation The author succeeds in sorting out the clashing claims of religions and in bringing insight and clarity to matters normally thought to be solely in the domain of philosophers and theologians **Religion on Trial** James John Jurinski,2003-12-02 From colonial times to the present an insightful examination of how courts have determined the extent to which religion is accommodated in American public life From the internationally renowned Scopes Monkey Trial of 1925 which pitted a public school teacher arrested for teaching evolution against the state of Tennessee Religion on Trial chronicles key court cases that have shaped the tumultuous relationship between church and state throughout U S history This volume chronicles such groundbreaking cases as the 1991 decision ordering blood transfusions for children of Christian Scientists in Norwood Hospital v Munoz and the infamous case Engel v Vitale that banned prayer in schools and ignited calls for Chief Justice Earl Warren s impeachment The work addresses such inflammatory contemporary disputes as prayer in schools allegiance to the flag and the display of religious symbols on public property and the impact they have had on American society Religion on Trial: An Essay on Deliberalism Astrid von Busekist,2025-09-30 The book deals with three specific encounters between the law and religious commandments separationism composition and cooperation homeschooling circumcision the Get laws and how legal practitioners handle hard cases on a pragmatic basis Its distinctiveness might be summarized as follows The book is based on 3 empirical real life scenarios see Introduction involving confrontations between religious commandments and secular law conflicts between fundamental principles of different normative orders Instead of asking how the liberal constitutionalism should normatively handle these cases as the books and articles of my competitors listed below do I suggest that the threshold between permissible compatible religious practices is moving and should be treated contextually and pragmatically My main claim is

that there is not one single version of secularism or la cit in the French context but a multiplicity of possible dialogues between representatives of faith communities and representatives of the legal political community My scenarios show that decisions are guided by a context specific balance between democratic values foremost equality and freedom Sometimes these cardinal values conflict and judges must rank them The articulation between religion and politics is not stable not written in advance not subsumable under a clear rule legal principles are not hierarchically ordered a priori as all my cases show even first order principles freedom equality must sometimes be weighed against each other I try to theorize each of these pragmatic interactions under the umbrella concept of deliberism and show that my scenarios display three different types of interaction between orders that range from a strong separation to outright cooperation The counterintuitive dimension of my book is to say that even in a very well documented field Church and state relations secularism is not a thick concept not a theory but a practice

Faith on Trial Mark J. T. Caggiano,2021 Geared toward religious progressives and liberals and complete with historical context legal analysis and examples of specific legal cases and statutes Faith on Trial is an invitation to the religious Left and religious moderates to re enter the societal debate about morals and ethics with social progress and inclusion at the center of a national conversation about religion and the law

Encyclopedia of Religion in the South Samuel S. Hill,Charles H. Lippy,Charles Reagan Wilson,2005 The publication of the Encyclopedia of Religion in the South in 1984 signaled the rise in the scholarly interest in the study of Religion in the South Religion has always been part of the cultural heritage of that region but scholarly investigation had been sporadic Since the original publication of the ERS however the South has changed significantly in that Christianity is no longer the primary religion observed Other religions like Judaism Buddhism and Hinduism have begun to have very important voices in Southern life This one volume reference the only one of its kind takes this expansion into consideration by updating older relevant articles and by adding new ones After more than 20 years the only reference book in the field of the Religion in the South has been totally revised and updated Each article has been updated and bibliography has been expanded The ERS has also been expanded to include more than sixty new articles on Religion in the South New articles have been added on such topics as Elvis Presley Appalachian Music Buddhism Bill Clinton Jerry Falwell Fannie Lou Hamer Zora Neale Hurston Stonewall Jackson Popular Religion Pat Robertson the PTL Sports and Religion in the South theme parks and much more This is an indispensable resource for anyone interested in the South religion or cultural history

Religion and Literature Robert Detweiler,David Jasper,2000-01-01 Featuring a selection from over 80 key texts this anthology aims to help the reader to understand the common origins of religious expression and of literature The texts included cover classical literature the Bible English and European classics and contemporary works

Religion on Trial Chester Dolan,2002-01-01

Gods on Trial: the Absurdities of Religion Richard T. Halfpenny,2011-04-29 The Saga of a gambler who dreams he died in a car crash and faces judgment day in a poker tournament with Vishnu Moses Jesus Buddha and Mohammed It is a satirical eclectic expose of the absurdities

that separate common sense and religion No sacred cows are spared It emphasizes the wars fought in the name of religions and Gods Funism is juxtaposed with the five major organized religions The fiery debate encompasses theology philosophy ethics history psychology economics gambling and politics **Religion on Trial** Chester Dolan,2002 The book HOLY DAZE aims to return to us our sanity our right to think our freedom to express our thoughts if we choose to call public attention to them HOLY DAZE is based on the premise that we can develop a genuinely religious society guided by reason kindness morality a true love of our fellowman It challenges everyone to be discriminating shoppers in a free all inclusive marketplace of ideas Order from Mopah Publications P O Box 576 Lakewood CA 90714 *The Trial of the Unitarians for a Libel on the Christian Religion* ,1830 **The Analogy of Religion, to the Constitution and Course of Nature** Joseph Butler,1872
