Religious Language And The Problem Of Religious Knowledge:

Religious Language and the Problem of Religious Knowledge Ronald E. Santoni, 1968 **Religious Language and the Problem of Religious Knowledge, Edited with an Introduction by Ronald E. Santoni** Ronald Ernest SANTONI, 1968

Analytic Philosophy of Religion James Franklin Harris, 2013-03-14 When Gene Long editor of Kluwer's Handbook of Contemporary Philosophy of Religion Series first invited me to write the volume on Analytic Philosophy of Religion I accepted with great enthusiasm My only explanation for that enthusiasm now is that I was younger and more naive at the time Soon after starting work on the volume my enthusiasm was dampened by the daunting magnitude of the task I began as a sprinter and quickly settled into the pace of a long distance runner Although I considered myself well read in the subject I soon discovered that I had a great deal of research to do to be confident that I had considered all of the major contributions to the various discussions issues and of religion As I read more and more problems found within analytic philosophy books and articles I realized that I had rushed into a territory already well trodden by the angels I am greatly impressed by the sophistication and subtlety of philosophical argument that characterize the different debates in contemporary analytic philosophy of religion This volume covers a vast amount of material I have endeavored to provide the fairest possible reading of different authors and in cases where I include my own critical evaluations and develop my own positions I have endeavored to provide the strongest possible interpretations of the positions I criticize **Religious Language** Peter Donovan, 1976 *The Problem of Religious Knowledge* William T. Blackstone, 1963 This book is designed for those who have this concern and puzzlement though of course it offers no guarantee of resolving such puzzlement It is not designed to be a highly specialized and technical treatise in philosophy of religion but one which can be read and appreciated by students and educated laymen It has two specific purposes that of providing a clear picture of development in contemporary philosophy and the impact of these developments in philosophy of religion and that of systematically exploring the question Is there religious knowledge Contemporary philosophy is used as a point of reference for devising a framework within which this question can be answered Space limitations have forced an all too brief treatment of some positions Such brevity tends to distort but I have made efforts to avoid such distortion Author's Preface *Religious language and the problem of religious knowledge, edited with an introduction* Ronald E. Momin,1980 **The Metaphysics of Religion** Michael S. Jones,2006 Lucian Blaga was an early twentieth century European philosopher whose work was suppressed at the height of his career by the creation of the Romanian Socialist Republic Blaga s philosophical writings are rich and creative spanning metaphysics epistemology philosophy of science philosophical anthropology aesthetics philosophy of culture philosophy of history and philosophy of religion Mircea Eliade wrote that Blaga was the most gifted and critical original thinker in the history of Romanian philosophy Because of historical circumstances Blaga s philosophy has not become known outside of his own country although within Romania it continues to be read and discussed Were it to become known outside of Romania Blaga s philosophy could provide interesting contributions to contemporary philosophical discussions The thesis of this book is that Blaga s philosophy can make valuable contributions to contemporary Anglo American philosophy In order to support this thesis Blaga s philosophical system is explained in detail so that the reader may see how it can be applied to a variety of philosophical issues philosophy of religion in order to demonstrate that it can contribute to contemporary Anglo American discussions Michael S Jones is Assistant Professor of Philosophy at Liberty University **Problems of Religious Pluralism** John Harwood Hick,1985-10-07 **Religious Language** Olli-Pekka

Vainio,2020-12-24 What does it mean to use language religiously How does religious language differ from our ordinary linguistic practices Can religious language have meaning Among others these questions are part of the so called problem of religious language which originates from the peculiar object of many religious claims that is the transcendent or more precisely God **Religious Truth** Robert Cummings Neville,2001-01-01 Explores religious truth in a range of world religions and discusses the issue and philosophical implications of comparison itself

Liberalism Versus Postliberalism John Allan Knight,2013 The book provides an original analysis of the central philosophical differences between liberal and postliberal theology Knight argues that important developments in philosophy of language reveal serious problems with the central methodological commitments of liberalism and postliberalism and suggest ways in which the divide can be bridged

The Certainty of Uncertainty Mark Schaefer,2018-08-23 The world is full of people who are very certain in politics in religion in all manner of things In addition political religious and social organizations are marketing certainty as a cure all to all life s problems But is such certainty possible Or even good The Certainty of Uncertainty explores the question of certainty by looking at the reasons human beings crave certainty and the religious responses we frequently fashion to help meet that need The book takes an in depth view of religion language our senses our science and our world to explore the inescapable uncertainties they reveal We find that the certainty we crave does not exist As we reflect on the unavoidable uncertainties in our world we come to understand that letting go of certainty is not only necessary it s beneficial For in embracing doubt and uncertainty we find a more meaningful and courageous religious faith a deeper encounter with mystery and a way to build strong relationships across religious and philosophical lines In The Certainty of Uncertainty we see that embracing our belief systems with humility and uncertainty can be transformative for ourselves and for our world **Thinking with**

Kierkegaard and Wittgenstein Richard Griffith Rollefson,2014-10-20 Paul L Holmer influenced the development of the so called Yale School and several generations of students by seeing common logical and ethico religious themes in the works of Soren Kierkegaard and Ludwig Wittgenstein Holmer is perhaps the preeminent interpreter of Kierkegaard with his analysis of the logic of Kierkegaard s truth as subjectivity and the morphology of the life of Christian belief In his polemical and constructive work The Grammar of Faith Holmer explored the significance of the later philosophy of Ludwig Wittgenstein for theology and proposed a critical alternative to contemporary academic theology In his C S Lewis The Shape of His Life and Thought Making Christian Sense and various essays now compiled in The Paul L Holmer papers Holmer s reassessment of the traditional concepts of virtues and vices his recognition of the importance of Christian praxis in providing the context for theological and ethical reflection together with his emphasis on the role of emotions and passions in the life of faith portray how the Christian faith forms character and helps one make sense with one s life WJEC/Eduqas Religious Studies for A
